3.13 Payment of Reimbursement Request. City shall, within thirty (30) calendar days after receipt of Developer's reimbursement request, either pay the reimbursement request is such amount as City determines properly is due or notify Developer in writing of City's reasons for withholding payment in whole or in part, as provided in **Section 3.08** herein.

3.14 Verification of Work by City for Payment. The payment of each reimbursement request will constitute City's understanding, based on City's evaluation of the Work and the data comprising the reimbursement request, the Work or portion thereof has been completed and, to the best of City's knowledge, information and belief, the quality of the work is in accordance with the Construction Documents. The foregoing representations are subject to:

- 3.14.1 an evaluation of the Work for conformance with the Construction Documents;
- 3.14.2 results of subsequent tests and inspections;
- 3.14.3 correction of minor deviations from the Construction Documents prior to completion; and
- 3.14.4 any specific qualifications herein.

The payment of each reimbursement request further will constitute a representation that Developer is entitled to payment in the amount paid. However, the issuance of a payment will not be a representation that City has:

- 3.14.5 made exhaustive or continuous on-site inspections to check the quality or quantity of the Work covered by the reimbursement request;
- 3.14.6 reviewed construction means, methods, techniques, sequences or procedures;
or
- 3.14.7 reviewed copies of requisitions received from subcontractors and material suppliers and other data requested by the City to substantiate the Developer's right to payment.

If City is unable to make payment in the amount of the reimbursement request, City shall notify Developer, as provided in **Section 3.13** herein. If Developer and City cannot agree on a revised amount, City promptly shall issue Payment to Developer for the amount for which City agrees. City also may withhold Payment in whole or in part because of subsequently discovered evidence, may modify the whole or a part of a Payment to such extent as may be necessary, in City's opinion, to protect City from loss for which Developer is responsible, including loss resulting from acts and omissions because of Developer's default. City shall pay the undisputed portions of such request for reimbursement within the time frames established in this **Article III**.

3.16 If the above reasons for withholding payment are resolved to the benefit of Developer, payment by City shall be made for amounts previously withheld. City shall not be deemed in default by reason of withholding payment as provided for in **Section 3.15** herein.

3.17 Payment of Contractor, Subcontractors and Vendors. Developer shall require Developer's Contractor to pay all bills for labor and materials performed and furnished by others, in connection with the Project's design and Developer's portion of the construction, furnishing and equipping of the improvements and the performance of the Work related to the Project and shall, if requested, provide City with evidence of such payment. Developer's failure to require such payments by its Contractor within such time shall constitute a material breach of this Agreement, unless the Developer is able to demonstrate to City bona fide disputes associated with the unpaid Subcontractor and/or Supplier and its/their work. Developer's Contractor shall include a provision in each of its subcontracts imposing the same payment obligations on its Subcontractors as are applicable to Developer's Contractor hereunder and, if City so requests, Contractor shall provide copies of such Subcontractor payments to City. If Developer's Contractor has failed to make payment promptly to its Consultant(s), Contractor(s) and/or for materials or labor used in the Work, said non-payment shall be deemed a material breach of this Agreement and City shall be entitled to withhold subsequent payment(s) to Developer to the extent necessary to protect City against claims or liens on the Project.

- 3.17.01 City shall, on request, furnish to Developer's Contractor or Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by Developer and action taken thereon by City on account of portions of the Work done by such Contractor or Subcontractor.
- 3.17.02 City shall not have an obligation to pay or to see to the payment of money to Developer's Consultant(s) and/or Contractor(s), except as may otherwise be required by law, if any.

- 3.17.04 A progress payment, the use or occupancy of the Project or portion thereof by the City shall not constitute acceptance of Work that was not performed or furnished in accordance with the Construction Documents.

3.18 Inspections. The Project shall be accessible at all reasonable times to City's Representative or his/her designee for inspection. Developer acknowledges any inspections performed by City during the course of the Project, for purposes of this Agreement (as opposed to routine building and construction inspections performed by City for permitting and acceptance purposes common to all similar construction projects), are for the benefit of City only and may not be relied upon by others, be claimed by Developer as an approval by City, a permit granted by City, a waiver by City or used for any purpose by Developer, its contractor or any third party. Developer further acknowledges Developer and its Contractor are required to perform their own inspections and inspections conducted by City do not relieve any obligations of Developer or others. Subject to the foregoing, City promptly shall notify Developer of any defects or non-conformances discovered

during any City inspection.

3.19 Construction Documents. As-Built Plans. Prior to the commencement of Developer's construction of the Project, Developer shall provide City's Development Services Department with a complete set of Construction Documents meeting the requirements of this Agreement and in conformance with all applicable local, state and federal codes and regulations and customary engineering practices. The Construction Documents shall be prepared by and bear the seal of the individual Engineer working for Developer on the Project (hereafter referred to as the "Project Engineer"). Construction of any part of the Project shall in no event commence prior to City approval of the Construction Documents for that part of the Project (hereafter referred to as the "City Plan Approval"). Developer shall cause the Project Engineer to commence preparation of the Construction Documents promptly upon completion of engineering and design and to diligently continue same to completion. Developer shall provide City with copies of the Project Engineer's invoices for the Project as such invoices are received by Developer, and City shall pay City's Share thereof. City shall own the Construction Documents upon payment by City of City's Share of the total Project Engineer charges and Developer shall thereupon obtain and provide Project Engineer's assignment of its interest to City. By execution of this Agreement, Developer hereby assigns its interest in the Construction Documents to City, to become effective upon receipt by Developer of the total City Share of the Project Engineer's fees. City shall own the Construction Documents for all purposes and may duplicate them, license them, use them and re-use them for any and all purposes. Notwithstanding the foregoing, Developer shall be authorized to use the Construction Documents and modify the Construction Documents (subject to the requirements under this Agreement) to allow Developer's contractor and subcontractors to complete the Project. Record drawings/As-Built Plans of the completed Project shall be provided to TCI by Developer no later than sixty (60) calendar days after completion of the Project, as jointly certified by the Project Engineer and City's Representative.

3.20 Construction Warranty. If the Project's Work is found to be defective, either wholly or in part, and/or found to be non-conforming with the Construction Documents during the twelve (12) month period following completion and written acceptance of the Project or portion thereof as defined in the Contract, City immediately shall give Developer written notice thereof; specifying the defect and/or non-conforming Work with particularity. (For purposes of this Agreement, "completion" shall mean written acceptance of the Project by City.) Developer shall cause the correction of such defective or nonconforming Work within thirty (30) calendar days of written notice thereof given by City, or within such longer time as may be reasonably necessary, provided Developer is working diligently and continuously towards a cure. If Developer fails to correct the specified defective or non-conforming Work, then City may, at its own expense, correct such defective or non-conforming Work by City's own crews or by outside contractor, at City's option, and the reasonable cost of such correction shall be deemed to be sums due City by Developer, and may be offset against any outstanding amounts due by City to Developer under this Agreement. If no amounts are due by City to Developer, Developer shall reimburse City in full for the costs incurred by City in correcting such defective or non-conforming Work within thirty (30) calendar days of receipt of City's itemized cost breakdown. The cost of City crews shall be determined by prevailing market rates for correcting such specified defects and/or nonconforming work. At the end of said 12-month period, all available product and workmanship material warranties, including all warranties given by Developer, shall be assigned to City, to the extent assignable. This provision

shall survive termination of this Agreement.

3.21 Representations and Warranties. Developer and City represent, warrant, certify and agree neither this Agreement nor the Contract Documents, nor any part of the relationship between the parties hereto, shall be construed in any way or operate as creating a joint venture, partnership or other business entity between Developer and City.

14.03.01 Cure Period for Failure to Achieve SBEDA Requirements. Notwithstanding the foregoing, upon the occurrence of a Default by Developer for failure to perform the SBEDA Requirements, pursuant to **Section 6.02.03** herein, and the failure of Developer to cure such Default within fifteen (15) calendar days following receipt of written Notice of Default from City (or such reasonable time period required to cure such Default), City may terminate this Agreement as its sole remedy for such Default.

14.04 Suspension of Payments to Developer. In the event of an uncured Default by Developer (following Construction Commencement) and written Notice to Developer thereof, City may deem Developer in Default and invoke the terms of Default herein described. The declaration of Default may occur to protect City from loss for which Developer is responsible, including losses resulting from acts and omission because of:

- 14.04.02 third party claims filed or reasonable evidence indicating probable filing of such claims for which Developer is responsible hereunder unless security acceptable to City is provided by Developer;
- 14.04.03 failure of Developer to make payments properly to Contractors, Subcontractors, Consultants and/or Sub-Consultants or for labor, materials or equipment under **Section 3.17** herein;

- 14.04.05 damage to City property or a City contractor.

When the above reasons for withholding payment are remedied, payment shall be made by City for amounts previously withheld. Developer acknowledges and accepts City shall not be deemed in default by reason of withholding payment as provided for herein.

14.05 Completion of Project Following Termination by City.

- 14.05.01 In the event this Agreement is terminated by City following Construction Commencement and only if City elects to enforce the performance bond for the Project and/or construct the Project (or portion(s) thereof), Developer

hereby grants City a twenty-five (25) foot wide construction easement on each side of the ROW to complete the construction of the Project. This Agreement shall operate as an agreement by Developer to allow City access to the Property as necessary to complete the Project in accordance with the Construction Documents.

14.05.02 In the event this Agreement is terminated by City following Construction Commencement and only if City elects to enforce the performance bond for the Project and/or construct the Project, Developer shall, as of the date specified by City, discontinue the Work or portion of the Work as City shall designate, whereupon the entity issuing Developer's performance bond (hereafter referred to as the "Surety") shall, within fifteen (15) calendar days after the receipt of written notice of termination has been served upon Developer and Surety or its authorized agents, assume the obligations of Developer for the Work or that portion of the Work which City has ordered Developer to discontinue and Surety may:

14.05.02.01 perform the Work with forces employed by Surety;

14.05.02.02 at City's sole option and with the written approval consent of City, tender a Replacement Contractor to take over and perform the Work, in which event Surety shall be responsible for and pay the amount of any costs required to be incurred for the completion of the Work in excess of the amount of City's Share remaining under the Contract as of the time of the termination; or

14.05.02.03 at City's sole option and with the written approval and consent of City, tender and pay to City in settlement the amount of money necessary to finish the balance of uncompleted Work under the Contract, correct existing defective or nonconforming work, and compensate the City for any other loss sustained as a result of Developer's Default, less City's Share remaining under the Contract at the time of termination.

14.05.03 In the event of termination of this Agreement following Construction Commencement, Surety shall assume Developer's obligations in all respects, and the amount of funds remaining unpaid to Developer under the Agreement shall be paid by City to Surety for all Work performed by Surety or the Replacement Contractor in accordance with the terms of the Construction Documents, subject to any rights of City to deduct any costs, damages or actual damages City may have incurred including, but not limited to, additional fees, expenses and attorneys fees, as a result of such termination.

14.05.04 Any balance of City's Share remaining at the time of the Agreement termination shall become due and payable to Surety as the Work progresses, subject to all of the terms, covenants and conditions of the Contract

Documents. If Surety does not, within the time specified, exercise its obligation to assume the performance obligations of Developer under the Contract (or that portion of the Work which City has ordered Developer to discontinue) then City shall have the power to complete the Work in accordance with the Construction Documents, by contract or otherwise, as it may deem necessary. Developer accepts and agrees City shall have the right to take possession of or use any or all of the materials, plants, tools, equipment, supplies and property of every kind provided by Developer for the purpose of the Work (or to procure other tools, equipment, labor and materials for the completion of the Work) and to charge to the account of Developer the expenses of completion and labor, materials, tools, equipment and incidental expenses, up to an amount not to exceed the Contract Price. The expenses incurred by City to complete the Work shall be deducted by City out of any balance of City's Share remaining unpaid to or unearned by Developer. Developer and Surety shall be liable to City for any costs incurred in excess of the balance of City's Share available for the completion and correction of the Work and for any other costs, damages, expenses (including but not limited to additional fees and attorney's fees), and actual damages, as the case may be, incurred as a result of the termination, up to an amount not to exceed the Contract Price.

14.06 Upon Surety's assumption of Developer's obligations, City shall not be required to obtain the lowest bid for the Work of completing the Project in accordance with the Construction Documents, but the expenses to be deducted from City's Share shall be the actual cost of such Work and the other damages and City shall use its best efforts to minimize the cost of completing the Work. Notwithstanding the foregoing, City agrees it shall not enter into contracts or incur unreasonable charges to complete the Work and agrees to look first to Surety in all cases to complete the Work, prior to engaging in self-help to remedy any default by Developer hereunder. In case City's costs and damages are less than City's Share, which would have been payable under the Contract if the same had been completed by Developer, then City may pay to Developer or Surety, as appropriate, the difference, provided Developer (or Surety) shall not be entitled to any claim for damages or for loss of anticipated profits. In the event the actual cost for completion and damages exceeds the amount which would have been payable to Developer under the Contract, if the same had been completed by Developer, then Developer or its Surety shall pay the amount of the excess costs to City following receipt of notice from City for the excess amount owed, up to an amount equal to the Contract Price, less City's Share. When only a particular portion of the Work is being completed by City under the provisions of this **Article XIV**, Developer shall continue the remainder of the Work in conformity with the terms of the Agreement and in such manner as not to hinder or interfere with the performance of workmen employed and provided by City.

14.07 Limited Remedies of Both Parties. Except for the express remedies set forth above, the Parties agree no other remedies are available in the event of a Default. It expressly is agreed neither Party shall have the right to seek consequential, special or punitive damages against the other for any default under this Agreement.

IN THE EVENT DEVELOPER AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS; WITHOUT, HOWEVER, CITY WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.**

15.02 The provisions of this Indemnity provision solely are for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. Developer shall promptly advise City in writing within three (3) business days of any claim or demand against City or Developer known to Developer and related to or arising out of Developer's negligent activities or omissions under this Agreement, and shall see to the investigation and defense of such claim or demand at Developer's cost. Notwithstanding any condition imposed by a policy of insurance to which Developer and City are named, City shall retain the right, at its option and at its own expense, to participate in such defense provided by any insurance or self-insurance of Developer under this **Article XV** without relieving Developer of any of its obligations under this **Article XV**.

16.02 City reserves the right to review the insurance requirements of this **Article XVI** during the effective period of this Agreement and any extension or renewal hereof and to modify insurance coverages and their limits when deemed necessary and prudent by City's Risk Manager, based upon changes in statutory law, court decisions, or circumstances surrounding this Agreement. In no instance will City allow modification whereupon City may incur increased risk.

16.03 Developer's financial integrity is of interest to City. Therefore, subject to Developer's right to maintain reasonable deductibles in such amounts as are approved by City, Developer shall obtain and maintain in full force and effect for the duration of this Agreement, and any extension hereof, at Developer's sole expense, insurance coverage written on an occurrence basis, by companies authorized and admitted to do business in the State of Texas and with an A.M. 16.07 Within five (5) calendar days of a suspension, cancellation or non-renewal of coverage, Developer shall provide a replacement Certificate of Insurance and applicable

endorsements to City. City shall have the option to stop construction of the Project should there be a lapse in coverage at any time during this Agreement. Failure to provide and to maintain the required insurance shall constitute a material breach of this Agreement.

16.08 Nothing herein contained shall be construed as limiting in any way the extent to which Developer may be held responsible for payments of damages to persons or property resulting from Developer's or its Contractors' performance of the work covered under this Agreement.

16.09 It is agreed Developer's insurance shall be deemed primary and noncontributory with respect to any insurance or self-insurance carried by the City of San Antonio for liability arising out of operations under this Agreement.

16.10 It is understood and agreed the insurance requirement of City upon Developer is in addition to and separate from any other obligation contained in this Agreement.

XVII. WARRANTIES

17.01 Developer guarantees the design and construction of the Project shall meet or exceed the requirements of City's Unified Development Code (including plat variances permitted by the City's Planning Commission) and be constructed in strict compliance with the Construction Documents, subject to change orders and modifications permitted by the Director.

17.02 Representations and Warranties. Developer and City represent, warrant, certify and agree this Agreement, the Contract Documents and/or any part of the relationship between the Parties hereto shall be construed in any way or operate as creating a joint venture, partnership or other business entity between Developer and City.

XVIII. NONDISCRIMINATION

As a party to an Agreement with City, Developer understands and agrees to comply with the *Non-Discrimination Policy* of the City of San Antonio contained in Chapter 2, Article X of the City Code and further, shall not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, unless exempted by state or federal law, or as otherwise established herein. Developer represents and warrants it has complied with City's *Non-Discrimination Policy* throughout the course of this solicitation and Agreement award process and shall continue to comply with said *Non-Discrimination Policy*. As part of said compliance, Developer shall adhere to City's *Non-Discrimination Policy* in the solicitation, selection, hiring or commercial treatment of Consultants, Sub-Consultants, Contractors, Subcontractors, vendors, suppliers or commercial customers, nor shall Developer retaliate against any person for reporting instances of such discrimination. Developer shall provide equal opportunity for Consultants, Sub-Consultants, Contractors, Subcontractors, vendors and suppliers to participate in all of its public sector and private sector sub-consulting and supply opportunities, provided nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy

the effects of marketplace discrimination which have occurred or are occurring in City's Relevant Marketplace. Developer acknowledges it understands and agrees a material violation of this **Article XVIII** shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Developer from participating in City contracts or other sanctions. This **Article XVIII** is not enforceable by or for the benefit of, nor creates any obligation to, any third party. Developer's certification of its compliance with this *Non-Discrimination Policy*, as submitted to City pursuant to the solicitation for this Agreement, is hereby incorporated into the material terms of this Agreement. Developer shall incorporate this clause into each of its Consultant, Sub-Consultant, Contractor, Subcontractor and supplier agreements entered into, pursuant to City agreements/contracts.

XIX. CONFLICT OF INTEREST

19.01 Developer covenants neither it nor any member of its governing body or of its staff presently has any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Developer further covenants in the performance of this Agreement, no persons having such interest shall be employed or appointed as a member of its governing body or of its staff.

19.02 City further covenants no member of its governing body or of its staff shall possess any interest in, or use their position for a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with which they have family, business, or other ties.

19.03 No member of City's governing body or of its staff who exercises any function or responsibility in the review or approval of the undertaking or carrying out of this Agreement shall:

- 19.03.01 Participate in any decision relating to this Agreement which may affect his or her personal interest or the interest of any corporation, partnership, or association in which he or she has a direct or indirect interest;
- 19.03.02 Have any direct or indirect interest in this Agreement or the proceeds thereof.

XX. POLITICAL ACTIVITY

None of the activities performed hereunder shall involve, and no portion of the funds received hereunder shall be used, either directly or indirectly, for any political activity including, but not limited to, an activity to further the election or defeat of any candidate for public office or for any activity undertaken to influence the passage, defeat or final content of local, state or federal legislation.

XXI. RIGHTS TO PROPOSAL AND CONTRACTUAL MATERIAL

All finished or unfinished reports, documents, data, studies, surveys, charts, drawings, maps, models, photographs, designs, plans, schedules, or other appended documentation to any proposal or contract, and any responses, inquiries, correspondence and related material submitted by Developer pertaining to the Project (but excluding information marked as proprietary or confidential information of Developer, to the extent permitted by law), shall, upon receipt, become the property of City.

XXII. CONTRACTING

22.01 Any work or services subcontracted hereunder shall be subcontracted only by written contract or agreement and, unless specific waiver is granted in writing by City, shall be subject by its terms to each and every provision of this Agreement. Compliance by contractors with this Agreement shall be the responsibility of Developer. Developer is responsible to ensure all local, state and federal permits and approvals required for the activities under this Agreement are obtained.

22.02 City shall, in no event, be obligated to any third party, including any contractor, subcontractor or vendor of Developer, for performance of or payment for work or services.

XXIII. CHANGES AND AMENDMENTS

23.01 Except when the terms of this Agreement expressly provide otherwise, any alterations, additions, or deletions to the terms hereof shall only be by amendment in writing executed by both City and Developer under authority granted by formal action of the Parties' respective governing bodies.

23.02 It is understood and agreed by the Parties hereto changes in local, state and federal rules, regulations or laws applicable hereto may occur during the term of this Agreement and any such changes shall be automatically incorporated into this Agreement without written amendment hereto, and shall become a part hereof as of the effective date of the rule, regulation or law.

XXIV. ASSIGNMENTS

Developer shall not transfer, pledge or otherwise assign this Agreement, any interest in and to same, or any claim arising thereunder, without first procuring the written approval of City. Any attempt at transfer, pledge or other assignment shall be void *ab initio* and shall confer no rights upon any third person. Any such assignment, whether voluntary or involuntary, by operation of law, under legal process or proceedings, by receivership, in bankruptcy or otherwise, without the prior written consent of City shall, at City's option, be of no force and effect whatsoever. Any consent to any such assignment or transfer shall not constitute a waiver of any of the restrictions of this Section and the provisions of this Section shall apply to each successive assignment or other transfer hereunder, if any.

XXV. SEVERABILITY OF PROVISIONS

If any clause or provision of this Agreement is held invalid, illegal or unenforceable under present or future federal, state or local laws, including but not limited to the City Charter, City Code or ordinances of the City of San Antonio, Texas, then and in that event it is the intention of the Parties hereto such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and the remainder of this Agreement shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein; it also is the intention of the Parties hereto, in lieu of each clause or provision of this Agreement that is invalid, illegal, or unenforceable, there be added as a part of the Agreement a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

XXVI. NON-WAIVER OF PERFORMANCE

26.01 No waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Agreement shall be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee herein contained.

26.02 Any failure of either Party to insist in any one or more cases upon the strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall in no event be construed as a waiver or relinquishment for the future of such covenant or option. In fact, no waiver, change, modification or discharge by either Party hereto of any provision of this Agreement shall be deemed to have been made or shall be effective unless expressed in writing and signed by the Party to be charged.

26.03 No act or omission of either Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to either Party hereunder or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved hereby.

26.04 No representative or agent of City may waive the effect of the provisions of this **Article XXVI** without formal action from the San Antonio City Council.

XXVII. ENTIRE AGREEMENT

27.01 This Agreement constitutes the final and entire agreement between the Parties hereto and contains all of the terms and conditions agreed upon. No other agreements, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind the Parties hereto unless the same is in writing, dated subsequent to the date hereof and duly executed by the Parties.

27.02 The terms of this Agreement are intended to be a final expression of the Parties agreement and may not be contradicted by evidence of any prior or contemporaneous statements, representations, agreements or understandings, whether written or oral. The Parties expressly agree no such statements, representations, agreements or understandings exist. The Parties further intend this Agreement constitutes the complete and exclusive statement of the Parties' intent and no extrinsic evidence may be introduced in any proceeding involving the Contract Documents. Upon making demand on this Bond, City shall make the Contract balance (equal to the total amount payable by City to Contractor pursuant to the Contract less amounts paid by City to Contractor) available to Surety for completion of the Work.
2. **SURETY OBLIGATION.** If Contractor does not faithfully construct and complete said work, as defined in the Scope of Work under its contract with City, and City invokes its contractual rights and declares Contractor in default, Surety promptly shall remedy the default and, at City's sole option, Surety shall:

**SBEDA TERMS & CONDITIONS
SBE SUBCONTRACTING GOAL(S)**

DRAFT

SBEDA ORDINANCE COMPLIANCE PROVISIONS

A. Solicitation Response and Contract Requirements and Commitment

Developer understands and agrees the following provisions shall be requirements of this Developer Participation Agreement, if awarded, and Developer to complying with these requirements.

Waiver Request - Developer may request, for good cause, a full or partial Waiver of a **specified subcontracting goal** included in this solicitation by submitting the *Subcontracting Waiver Request* form (available at <http://www.sanantonio.gov/SBO/Forms.aspx>) with its solicitation response. The Waiver Request fully must document Sub-Consultant and Subcontractor unavailability despite Developer's good faith efforts to comply with the goal. Such documentation shall include all good faith efforts made by Developer including, but not limited to, which Sub-Consultants and Subcontractors were contacted (with phone numbers, e-mail addresses and mailing addresses, as applicable) and the method of contact. **Late Waiver requests will not be considered.**

Exception Request - Developer may, for good cause, request an Exception to the application of the SBEDA Program if Developer submits the *Exception to SBEDA Program Requirements Request* form (available at <http://www.sanantonio.gov/SBO/Forms.aspx>). Developer's Exception request fully must document why: (1) the value of the contract is below the \$50,000 threshold for application of the SBEDA Program; or (2) no commercially-useful sub-consulting and/or subcontracting opportunities exist within the contract scope of work; or (3) the type of contract is outside of the scope of the SBEDA Ordinance. **Late Exception Requests will not be considered.**

B. SBEDA Program

City has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2010-06-17-0531 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on City's Economic Development (hereafter referred to as "EDD") website page and is also available in hard copy form upon request to City. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of this Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by City, pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

C. Definitions

Affirmative Procurement Initiatives (API) – Refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise (hereafter referred to as “S/M/WBE”) Program tools and Solicitation Incentives that are used to encourage greater prime contract and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance.)

Centralized Vendor Registration System (CVR) – a mandatory electronic system wherein City requires all of Developer’s prospective Consultants and Contractors, along with their Sub-Consultants and Subcontractors ready, willing and able to sell goods or services to City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from City. The CVR-assigned identifiers also are used by City’s Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification or “Certified” – the process by which City’s Small Business Office (hereafter referred to as “SBO”) staff determines a firm to be a bona-fide small, minority-, women-owned or emerging small business enterprise. Emerging Small Business Enterprises (hereafter referred to as “ESBEs”) automatically are eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, City accepts any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Commercially Useful Function – a S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm also must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it actually is performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by Developer to perform such “pass-through” or “conduit” functions that are not commercially useful shall be

viewed by City as fraudulent if Developer attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, Developer shall not be given credit for the participation of its S/M/WBE Sub-Consultant or joint venture partner towards attainment of S/M/WBE utilization goals, and Developer and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Good Faith Efforts – documentation of Developer’s intent to comply with S/M/WBE Program Goals and procedures including, but are not limited to, the following:

(1) documentation within a solicitation response reflecting Developer’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or

(2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City of San Antonio website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Consultant’s posting of a bond covering the work of SBE or M/WBE Consultants; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Developer; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Consultants.) The appropriate form and content of Developer’s Good Faith Efforts documentation shall be in accordance with the SBEDA Ordinance as interpreted in the SBEDA Policy & Procedure Manual.

HUBZone Firm – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. To qualify as a HUBZone firm, a small business must meet the following criteria:

(1) it must be owned and Controlled by U.S. citizens;

(2) at least 35 percent of its employees must reside in a HUBZone; and

(3) its Principal Place of Business must be located in a HUBZone within the San Antonio Metropolitan Statistical Area. [See 13 C.F.R. 126.200 (1999).]

Independently Owned and Operated – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.

Individual – an adult person that is of legal majority age.

Industry Categories – procurement groupings for City inclusive of Construction, Architectural & Engineering (A&E), Professional Services, Other Services and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). This term sometimes may be referred to as “business categories.”

Minority/Women Business Enterprise (M/WBE) – firm that is certified as a Small Business Enterprise and also as either a Minority Business Enterprise or as a Women Business Enterprise, and which is at least fifty-one percent (51%) owned, managed and Controlled by one or more Minority Group Members and/or women, and is ready, willing and able to sell goods or services that are purchased by the City of San Antonio.

M/WBE Directory – a listing of minority- and women-owned businesses certified for participation in City’s M/WBE Program APIs.

Minority Business Enterprise (MBE) – any legal entity, except a joint venture, organized to engage in for-profit transactions, which is certified a Small Business Enterprise and also as being at least fifty-one percent (51%) owned, managed and controlled by one or more Minority Group Members, as defined below, and is ready, willing and able to sell goods or services that are purchased by City. To qualify as an MBE, the enterprise shall meet the Significant Business Presence requirement as defined below. Unless otherwise stated, the term “MBE”, as used in this Ordinance, is not inclusive of women-owned business enterprises (WBEs).

Minority Group Members – African-Americans, Hispanic Americans, Asian Americans and Native Americans legally residing in, or that are citizens of, the United States or its territories, as defined below:

African-Americans: Persons having origins in any of the black racial groups of Africa as well as those identified as Jamaican, Trinidadian, or West Indian.

Hispanic-Americans: Persons of Mexican, Puerto Rican, Cuban, Spanish or Central and South American origin.

EXHIBIT G

CERTIFICATE OF INTERESTED PARTIES (TEC Form 1295)

Effective January 1, 2016, the City of San Antonio is required to comply with Texas Government Code, Chapter 2252, Subchapter Z, Section 2252.908 (hereafter referred to as “the Code”). The Code states City shall not enter into a contract/agreement with a business entity unless and until the business entity has submitted a Certificate of Interested Parties (hereafter referred to as “Form 1295”) to the City for filing with Texas Ethics Commission (hereafter referred to as “TEC”). The Form 1295 requirement imposed upon City applies to **all** contracts/agreements:

- having a value greater than \$50,000;
- requiring San Antonio City Council approval; and/or
- renewals, extensions or amendments that must be approved by the San Antonio City Council.

TEC has made available on its website the new filing application required to be used by the prospective contracting party to file its Form 1295 with City. The prospective contracting party shall use TEC’s application to enter the required information on Form 1295 and print a copy of the completed form containing a unique certification number for that response/bid.

An authorized agent of the prospective contracting party then must sign the printed copy of the completed form and have the Form 1295 notarized. The notarized completed Form 1295 containing the unique certification number then must be submitted with the prospective contracting party’s submitted contract to City, to ensure City and the contracting party meet the Code requirements. Form 1295 must be completed on-line by the business entity. It is accessible at:

https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

As a result of this new requirement imposed upon City by the Code, City is requiring **all** parties contracting with the City to complete Form 1295, print a copy showing the unique Certification Number and Date Filed in the Certification of Filing box at the upper right corner of Form 1295 for that contract, sign it, have it notarized and submit it with its executed contract.

City shall review Form 1295 as part of the Minimum Requirements Review performed upon receipt of all contracts. Deficiencies in or missing Form 1295 shall not be a disqualifying error. Instead, City shall notify the prospective contracting party of the requirements necessary to cure the deficiency and/or to submit/re-submit Form 1295 within two (2) days of notice to remain eligible to be considered for a contract award by City. City shall include the prospective contracting party’s Form 1295 in its package prepared for the San Antonio City Council’s consideration of a contract award.
