

HISTORIC AND DESIGN REVIEW COMMISSION

September 07, 2016

Agenda Item No: 6

HDRC CASE NO: 2016-347
ADDRESS: 233 FLORIDA ST
LEGAL DESCRIPTION: NCB 3006 BLK 4 LOT 18
ZONING: RM4 H
CITY COUNCIL DIST.: 1
DISTRICT: Lavaca Historic District
APPLICANT: Roland C Mower Charlotte Yochem
OWNER: Roland C Mower Charlotte Yochem
TYPE OF WORK: Tax Certification
REQUEST:

The applicant is requesting Historic Tax Certification for the property at 233 Florida.

APPLICABLE CITATIONS:

UDC Section 35-618. Tax Exemption Qualifications:

- (a) Assessed Valuation. In accordance with the provisions of this article, a building, site, or structure which meets the definition of a historically significant site in need of tax relief to encourage preservation and which is substantially rehabilitated and/or restored as certified by the historic and design review commission and approved by the city tax assessor-collector, shall have an assessed value for ad valorem taxation as follows regardless of ownership during the granted time period:
- (1) A residential property shall have the assessed value for ad valorem taxation for a period of ten (10) tax years equal to the assessed value prior to preservation.
- (b) Applicability. This exemption shall begin on the first day of the first tax year after verification of completion of the preservation required for certification; provided the building shall comply with the applicable zoning regulations for its use and location.
- (c) Application. Application for a historic structure preservation tax exemption pursuant to this division is to be filed with the office of historic preservation. The historic preservation officer shall be the agent of the city for the purposes of administering this division provided that the historic preservation officer request a recommendation from the historic and design review commission. Each application shall be signed and sworn to by the owner of the property and shall:
- (1) State the legal description of the property proposed for certification;
 - (2) Include an affidavit by the owner describing the historic significance of the structure in need of tax relief;
 - (3) Include a final complete set of plans for the historic structure's restoration or rehabilitation;
 - (4) Include a statement of costs for the restoration or rehabilitation work;
 - (5) Include a projection of the estimated construction, time and predicted completion date of the historic restoration or rehabilitation;
 - (6) Authorize the members of the historic and design review commission, the city tax assessor-collector and city officials to visit and inspect the property proposed for certification and the records and books of the owners as necessary to certify that the property in question is in substantial need of restoration or rehabilitation;
 - (7) Include a detailed statement of the proposed use for the property; and
 - (8) Provide any additional information to the historic and design review commission which the owner deems relevant or useful such as the history of the structure or access to the structure by the public.

Each application shall contain sufficient documentation confirming or supporting the information submitted therein.

(d) Certification.

- (1) Historic and Design Review Commission Certification. Upon receipt of the owner's sworn application the historic and design review commission shall make an investigation of the property and shall certify the facts to the city tax assessor-collector within thirty (30) days along with the historic and design review commission's documentation for recommendation of either approval or disapproval of the application for exemption.
- (2) Tax Assessor-Collector Approval. Upon receipt of the certified application for tax exemption as well as the recommendation of the historic and design review commission, the city's tax assessor-collector shall within thirty (30) days approve or disapprove eligibility of the property for tax relief pursuant to this division. In determining eligibility, the tax assessor-collector shall first determine that all the requirements of this division have been complied with and that only the historic structure and the land reasonably necessary for access and use thereof is to be provided favorable tax relief.

(g) Eligibility.

- (1) The tax exemption options outlined in subsection (f), above, will remain in effect unless terminated by designation status being removed pursuant to subsection 35-606(g) of this article.

FINDINGS:

- a. The applicant is requesting Tax Certification for the property located at 233 Florida.
- b. The scope of work consists of administratively approved items consisting of foundation and skirting repair, landscaping, rain gutter repairs, insulation, the restoration of a bay window, tree removal in coordination with drainage improvements, plumbing upgrades, site drainage improvements and roof replacement.
- c. The requirements for Tax Certification outline in UDC Section 35-618 have been met and the applicant has provided evidence to that effect to the Historic Preservation Officer including photographs and an itemized list of costs.
- d. Staff performed a site visit on August 30, 2016.

RECOMMENDATION:

Staff recommends approval as submitted based on findings a through d.

Proposed Landscape Design & Consultation:

Blue Heron Designs, Inc. proposes to furnish landscape design and consultation services for your beautiful historical residence at 233 Florida, San Antonio, Texas per the following acceptable guideline. The landscape plan will be completed in three phases.

Landscape Goals:

- To provide a master landscape design for the improvement to the drainage and the landscape of 233 Florida Street in Lavaca Historic District

Phase One: Creation of Master Landscape Base Plan:

Utilizing the Site Survey, field measurements and field grade shots, create a site plan with elevations and existing viable tree locations (field measured). Known utility locations will be provided on the plan. Door and window locations will be provided on the plan for the first floor rooms.

Phase One: Proposed Cost & Basis.....\$ 1,100.00

- Based on receipt of CAD Survey of the property

3 Hours Randy Rodgers Consultation and Oversight	\$ 100.	\$ No Fee
6 Hours Field Measurements, Assessment and Site Survey	\$ 75.	\$ 450.00
8 Hours Creation of Master Site Document with Notes	\$ 75.	\$ 600.00
Reproduction/Site Level Fee		\$ 50.00

Note: Tree Locations will be field measured so they may not be exact

Mr. Roland C. Mower
Mrs. Charlotte Yochem
Blue Heron Designs, Inc.
Landscape Design Proposal
November 13, 2014 Page 2

Phase Two: Create Conceptual Master Landscape Plan:

Front Landscape~

- Create a new pedestrian walkway to the front door
- Design and Specify material for front porch, walk and steps
- Create drainage assessment and provide options
- Create concept for location and basic design of new perimeter fence with gates
- Provide paving materials options for walkway to back landscape
- Create Landscape Illumination concept for exterior lighting and coordinate the selection of exterior lighting fixtures on the residence *+ speaker in back*
- Create green screening where possible *see fence @ PSA back patio*
- Provide new tree plan

Back Landscape~

- Assess the existing back deck, relationship to the residence (elevations, materials and access to main landscape and existing upstairs balcony). Provide a new conceptual patio plan and provide material recommendations – Provide for larger entertainment patio
- Provide options for location of an outdoor kitchen with proximity to the kitchen area ~ extension of the new patio
- Provide concepts for parking and future possible garage or carport location
- Provide for dog run
- Assess all fencing and gates and make recommendations for replacement

<u>Proposed Cost: Phase Two Conceptual Master Plan and Budget.....</u>			\$ 3,350.00
10 Hours Randy Rodgers Landscape Design	\$ 100.	\$	1,000.00
30 Hours CAD Work/Landscape Design/Document Preparation	\$ 75.	\$	2,250.00
Reproduction		\$	100.00

Create documents with necessary supporting information to present to the Lavaca Historic Preservation Committee for approval of proposed Phase Two Landscape Concepts.

TOTAL PHASE ONE AND PHASE TWO LANDSCAPE DESIGN & CONSULTATION.....\$ 4,450.00

Mr. Roland Mower
Mrs. Charlotte Yochem
Blue Heron Designs, Inc.
Landscape Design Proposal
November 13, 2014 Page 3

Phase Three: Final Landscape Design

NOTE: Phase Three Final Landscape Design will be completed from the accepted Conceptual Design/Budgets as each area is developed at the rates above:

- Paving and Hardscape Details for Drives, Walkways, Patios and Steps
- Details for Fences and Gates
- Drainage Plan
- Outdoor Kitchen Design
- Sleeving & Electrical Plans
- Electrical / Landscape Illumination Plans
- Planting Plans
- Written Irrigation Directive (Irrigation Contractor will provide written guideline and "as built" drawings completed to add to permanent file as each portion is constructed)

Proposed Cost Phase Three Final Landscape Design.....\$

Phase Three will be completed as it is constructed at the rates lined out above.

Not Included

- Requirements or expenses for a structural engineer when needed or requested
- Presentations to the Lavaca Historic Preservation Committee if required

Terms:

\$1,500.00 deposit with draws as the work is presented. BHD fees for the services described above are based on the time required to do the work performed plus reproduction. BHD will submit our bill for services provided on a monthly basis. Payment is due upon the presentation of our billing and is payable in San Antonio, Texas. Unpaid balances will incur a 1.5% monthly fee from date of invoice. Phase One and Two may be accepted independently of Phase Three.

If circumstances arise which require additional fees, supplemental billings will be submitted to you for payment. We will endeavor to provide our services within the budgets provided. Payment for supplemental billings will be due upon presentation, payable in San Antonio, Texas.

Blue Heron Designs, Inc. is a design/build firm, so all budgets provided will be based on the costs for our firm to act as a general contractor for the installation of the landscape project *if desired by the Owner.*

Re: Residence at 233 Florida St.

Project Number 15607018

Dear Ms. Yochem:

At your request I met with you at your residence referenced above to review certain conditions with which you were concerned.

As I understand, the residence was reconditioned about five months ago having a new foundation and upgraded exterior and interior finishes. Presently your concern pertains to the surface water drainage around the foundation. During the visit you gave me a drawing indicating the elevations of the grade around the perimeter of your property and around the residence.

OBSERVATIONS

The residence is a two-story wood framed building supported on a pier and beam foundation. It sets on the northwest quadrant of the intersection of Florida Street, at the South, and Staffel Street, at the East. There is a concrete porch at the front and east side and a wood porch at the rear of the house. There is a concrete retaining wall along the front of the property, extending back 19 feet along the west property line and 76 feet along the east property line. There are under-floor vents in the skirting material on the west and east perimeter of the foundation and two under-floor access panels on the east side of the house. The skirting material seemed to be a cement coated board with cement plaster applied to metal lath. Some of the vents are below the adjoining grade as are the two access panels. There are two large trees at the front of the property, one medium tree on the east side and one large tree at the back of the house.

DISCUSSION

The drawing and visual observations made indicates that surface water does not properly drain away from the house and in several locations actually flows under the building passing through some of the lower vents and both access panels.

CALVETTI & ASSOCIATES

Ms. Charlotte Yochem
233 Florida Street

March 3, 2014

OBSERVATION AND REPORT LIMITS

The opinions expressed in this report are based on visual observations of the site, foundation and submitted document, and made solely to help determine the apparent drainage conditions around the perimeter of the designated project and possible correction measures. This office cannot at any time assume responsibility for any latent defects that are not apparent to visual observation. Neither the observations made nor this report is intended to cover mechanical, electrical or architectural features, except those noted.

We appreciate the opportunity of working with you on this project. If you have any questions regarding this report, or if we may be of further service to you, please contact our office.

Respectfully,

Lawrence Calvetti, P.E., SECB

CITY OF SAN ANTONIO OFFICE OF HISTORIC PRESERVATION

ADMINISTRATIVE CERTIFICATE OF APPROPRIATENESS

June 1, 2015

ADDRESS: 233 FLORIDA ST
LEGAL DESCRIPTION: NCB 3006 BLK 4 LOT 17
HISTORIC DISTRICT: Lavaca
PUBLIC PROPERTY: No
RIVER IMPROVEMENT OVERLAY: No
APPLICANT: Charlotte Yochem - 233 Florida
OWNER: Charlotte Yochem - 233 Florida
TYPE OF WORK: Driveway/sidewalk, Fencing, Landscaping/hardscaping/irrigation, Tree removal

REQUEST:

The applicant is requesting a Certificate of Appropriateness for approval to: re-grade the landscape around the house to produce positive drainage away from the foundation, remove the existing concrete and brick walkways leading from the back wood patio to the parking area, remove the existing chain link fence and the existing stumps and small trees growing within it, remove and haul away the left over concrete/stone previously dumped at the north side of the property, install a 3' wide stepping stone walkway leaving from the back deck to the decomposed granite parking area, install St. Augustine Sod in all area that have been graded, install fencing and gate for the north and west sides of the property and provide and install pavers on the side of the residence between the house and neighbor's driveway.

CITY OF SAN ANTONIO OFFICE OF HISTORIC PRESERVATION

DATE: 6/1/2015 4:03:48 PM

ADMINISTRATIVE APPROVAL TO: Re-grade the landscape around the house to produce positive drainage away from the structure's foundation, remove the existing concrete and brick walkways leading from the back wood patio to the existing parking area, remove the existing chain link fence and the existing stumps and small trees growing with in it (this has been previously approved), remove and haul away the left over concrete/stone previously dumped at the north side of the property, install a 3' wide stepping stone walkway leading from the back deck to the decomposed granite parking area, install St. Augustine Sod in all areas that have been graded, install fencing and a gate for the north and west sides of the property and install pavers on the side of the residence between the house and neighbor's driveway. The replacement chain link fence is to match the location and height of the existing per the side plan. No portion of the fence is to exceed 6 (six) feet in height. No portion of the fence in the front yard is to exceed more than 4 (four) feet in height at any location.

PHASE ONE ~ LANDSCAPE GRADING & IMPROVEMENTS BUDGET

Revised – May 26, 2015

Budget Submitted to:
Mr. Roland C. Mower
Mrs. Charlotte Yochem
233 Florida
San Antonio, Texas 78210
Charlotte: 512-529-6288

Work to be Performed at:
Residence

233 Florida
San Antonio, Texas 78210
Charlotte@yochemlaw.com

Description of Proposed Budget:
Blue Heron Designs, Inc. proposes the following budget for the phase one grading and landscape around the residence, 233 Florida, San Antonio, Texas per the following guideline:

Scope of Work:

- Re-grade landscape around residence to produce positive drainage away from the foundation
Note: This will be completed by grading higher against the new installed cement board skirting around the perimeter of the residence. **NOTE: In the back, the drainage may still stand or puddle in the back area away from the residence due to existing grades ~ Remove Stumps along Staffel.**
24 Cubic Yards of Mixed Soils
Note: Please note the area to be graded – highlighted on plan
- Remove existing concrete and brick walkways leading from back wood patio to parking area
- Remove existing Chain Link Fence and Stumps/Trees growing in them (*Owner to coordinate with Neighbors*)
- Remove/Haul Away left over concrete/stone dumped at north side of property
- Provide and Install a 3' Wide Stepping Stone Walkway leading from back deck to granite parking area
- Install St. Augustine Sod in all areas that have been graded – see highlighted plan
- Provide and Install fencing and Gate for North and West Side of Property (6' Chain Link Fence)
- Provide and Install fencing and 1 Gate for Dog Run (6' Chain Link Fence)
- Provide and Install Pavers on side of residence between house and neighbor's driveway (will slope as much as possible given limited fall due to placement of vents)

BUDGET FOR PHASE ONE LANDSCAPE ~
Oversight, layout and coordination with Owner\$ 900.00
12 Hours for Darren at \$ 75.00/Hr.

Roland Mower~Charlotte Yochem
Blue Heron Designs, Inc.
Phase One Landscape Improvements
Revised - May 26, 2015 Page 2

Re-grading/Stump Removal/TreeFenceRemoval/DebrisRemoval:	\$ 7,195.00
2 Days Crew 4 Men Tools, Equipment, Insurance	\$ 3,300.00
2 Days Bobcat \$ 250.	\$ 500.00
4 Haul Aways (Brush and Soil/Grass) \$ 250.	\$ 1,000.00
12 Cubic Yards Compost and sand or 3 way mix \$95.	\$ 1,140.00
12 Cubic Yards of Sand and Soil (Topsoil) \$65.	\$ 780.00
Removal of Existing Chain Link Fence and Dog Run and disposal	\$ 475.00

West Fence Installation Budget (Approximately 94 Linear Feet) with 1 Gate:

6' Chain Link Fence Budget:.....\$ 1,950.00

- 1 5/8" Top Rail Schedule 40
- 1 7/8" Line Post Schedule 40
- 2 3/8" Terminal Post Schedule 40
- 2" – UGA Mesh – **Note:** This is designed so you can plant vines to grow on fence

North Fence Installation Budget: (Approximately 51 Linear Feet)

6' Chain Link Fence Budget:.....\$ 925.00

- Same Chain Link Fence Specifications as above

Dog Run Fence Installation Budget and 1 Gate: (Approximately 47 Linear Feet)

6' Chain Link Fence Budget:.....\$ 1,075.00

- Same Chain Link Fence Specifications as above

***Note:** New Perimeter Fence will be installed at same location as existing fence, unless we can locate A property pin, if so will then place fence on property line. Option is to have a survey company locate Two back corners so fence can be on property line.

***Note:** Includes Permit for Fence.

Installation of Beige Pavers on West Side Budget:.....\$ 3,000.00

- Install 6" of Compacted Limestone Subbase (2 Lifts)
- Install 170 SF of Pavers (BHD has used good looking pavers 5" x 5" ~ this would be labor only
- Border to be neighbor's driveway, steel edging at back corner of residence
- *Slope Grade away from residence as much as possible (limited by placement of vents)*
Blue Heron recommends that 2 vents on North West side of residence be eliminated as they
Are below the elevation of existing driveway

Stepping Stone Walkway from Back Porch to Granite Parking Area Budget:.....\$ 1,000.00

- Approximately 75 Square Feet Walkway (based on a 3' wide walk)
- Large Stepping Stones to be set at stride length apart and have grass grow in between
- Includes Labor, Materials, Oversight

11-3-15 \$50 cash \$150 check
