

Easement Relocation Agreement

This Easement Relocation Agreement (“Agreement”) is entered into between The City of San Antonio, Texas (“City”) and the San Antonio Food Bank (“Food Bank”) as of the date and year set forth at the end of this agreement.

Background:

Contemporaneously with the execution and delivery of this agreement, City is conveying to Food Bank the property described at **Exhibit A** (“Property”).

In the conveyance of the Property, City reserved a drainage easement (“Drainage Easement”) over the land described on **Exhibit B** and an ingress-egress easement (“Access Easement”) over the land described at **Exhibit C**.

The parties acknowledge the Food Bank’s concern that the location of the Drainage Easement may impede future activity or development on the Property.

This agreement memorializes the parties’ agreement regarding possible relocation of the Drainage Easement and the associated extension or relocation of the Access Easement.

Rights and Obligations:

Now Therefore, as partial consideration for the conveyance of the Property by the City to the Food Bank, and in the further consideration of the premises and the mutual covenants and promises in this agreement, the parties agree as follows:

1. Relocation of Drainage Easement.

Food Bank may at any time give written notice to City of its desire to move the Drainage Easement. City will agree to the Drainage Easement being moved on the following conditions:

- a. The Food Bank must own or provide the written consent of the owner of the property to which the easement is to be moved.
- b. The Food Bank must provide the City with a title policy insuring the new location of the Drainage Easement, and the title-insurance policy must contain no exceptions reasonably objectionable to City.
- c. The proposed new location of the Drainage Easement must be at least as effective for drainage purposes, including detention ponds, as the Drainage Easement. Effectiveness is determined in the City’s sole discretion. Nothing in this agreement prevents the Food Bank from making offsite or other provisions for drainage in the future according to then-existing city rules and procedures.

d. Food Bank must provide City with an extended or, if necessary, relocated Access Easement to the new drainage easement. The path of travel must not be impeded by terrain features or otherwise, and Food Bank must provide a title policy as for the new drainage area. If the City has improved the Access Easement, Food Bank must improve the new ingress-egress area in the same way.

e. The Food Bank must pay all costs related to the relocation, including any associated surety or warranty bonds. Food Bank's obligation to pay also includes construction of a new detention pond, unless detention needs are otherwise met by Food Bank according to then-existing rules and procedures. The City need not do any dirt-moving or other work in connection with the relocation, but the relocation is not complete and Food Bank's payment obligation is not complete until City's engineers have inspected the new easement and stated in writing that it is accepted by the City.

f. The Food Bank and any other owner of associated property must agree that the City shall not be held liable for any damages resulting from the construction, reconstruction, demolition, or maintenance of the old and new Drainage Easements or any other associated improvements.

2. Release of Old Easements.

When the Food Bank has met all conditions to easement relocation, the City will ask City Council to accept the new replacement easements and to release the old Drainage Easement and so much of the old Access Easement as will no longer be used.

3. Limitations on City's Obligations.

Nothing in this Agreement obligates the City to take any particular action(s) or make any particular decision(s) regarding approval of a new Drainage Easement, except as stated in this Agreement, whether such action(s) or decision(s) would customarily be made by the City Council, the Planning Commission, or any department of the City. Nor shall this Agreement be deemed to constitute any prejudgment or predetermination of any matters related to the construction of the new Drainage Easement, including any related discretionary action(s), waiver of any permit requirements, reduced fees or abbreviation of any city procedures. City will cooperate with the Food Bank in such matters to the extent allowed by law and as directed by its governing body

4. Indemnity.

4.01. These definitions apply to the indemnity provisions of this Agreement:

4.01.01 "Indemnified Claims" mean all loss, cost, liability, or expense arising, in whole or in part, out of this Agreement. A claim is an Indemnified Claim even if the Indemnatee alleged to be at fault is not a

party to this agreement. Indemnified Claims include attorneys' fees and court costs and include claims arising from property damage and from personal or bodily injury, including death. Indemnified Claims also include claims in which an Indemnatee shares liability with the Indemnitor but not claims in which Indemnitees are solely negligent.

4.01.02. "Indemnitees" means the City of San Antonio and its elected officials, officers, employees, agents, and other representatives, collectively, against whom an Indemnified Claim has been asserted.

4.01.03. "Indemnitor" means the Food Bank.

4.02. Indemnitor must indemnify Indemnitees, individually and collectively, from all Indemnified Claims.

4.03. If one or more Indemnitees are finally adjudged to bear fault outside the scope of this indemnity, Indemnitor need not further indemnify the so-adjudged Indemnitees from liability arising from the Indemnitees' adjudicated share of liability. But despite allegations that one or more Indemnitees bear such fault, Indemnitor must nevertheless defend all Indemnitees until final adjudication and all appeals have been exhausted. An Indemnatee may but need not waive appeals. Indemnitor may not recover sums previously spent defending or otherwise indemnifying Indemnitees finally adjudged to bear fault outside the scope of this indemnity and must continue to indemnify other Indemnitees if claims are still asserted against them.

4.04. There are no third-party beneficiaries of this indemnity other than the category of people and entities included within the definition of Indemnitees.

4.05. Indemnitor must promptly advise the City of San Antonio in writing of any Indemnified Claim and must, at its own cost, investigate and defend the Indemnified Claim. Whether or not the City of San Antonio is an Indemnatee as to a particular Indemnified Claim, the City of San Antonio may require Indemnitor to replace the counsel Indemnitor has hired to defend Indemnitees. The City may also require Indemnitor to hire specific-named counsel for so long as the named counsel's hourly rates do not exceed the usual and customary charges for counsel handling sophisticated and complex litigation in the locale where the suit is pending. No such actions release or impair Indemnitor's obligations under this indemnity paragraph, including its obligation to pay for the counsel selected by City. Regardless of who selects the counsel, the counsel's clients are Indemnitees, not Indemnitor.

4.06. In addition to the indemnity required under this Agreement, each Indemnatee may, at its own expense, participate in its defense by counsel of its choosing without relieving or impairing Indemnitor's obligations under this indemnity paragraph.

4.07. Any settlement purporting to bind the City must first be approved by City Council.

4.08. Nothing in this Agreement waives governmental immunity or other defenses of Indemnitees under applicable law.

4.09. If, for whatever reason, a court refuses to enforce this indemnity as written, and only in that case, the parties must contribute to any Indemnified Claim 5% by the Indemnitees, collectively, and 95% by the Indemnitor. Indemnitor need look only to the City of San Antonio for Indemnitees' 5% if the City of San Antonio is an Indemnified Party as to a particular Indemnified Claim.

5. Miscellaneous Provisions.

5.01. *Applicable Law.* This Agreement is entered into in San Antonio, Bexar County, state of Texas. **THE CONSTRUCTION OF THIS AGREEMENT AND THE RIGHTS, REMEDIES, AND OBLIGATIONS ARISING THEREUNDER ARE GOVERNED BY THE LAWS OF THE STATE OF TEXAS.** But the Texas conflicts of law rules must not be used to apply the laws of a jurisdiction other than Texas. The obligations performable hereunder by both parties are performable in San Antonio, Bexar County, Texas.

5.02. *Integration.* **This Written Agreement, Together With the Contemporaneous Easement Relocation Agreement, Represents The Final Agreement Between The Parties And May Not Be Contradicted By Evidence Of Prior, Contemporaneous, Or Subsequent Oral Agreements Of The Parties. There Are No Oral Agreements Between The Parties.**

5.03. *Counterparts.* This Agreement may be executed in multiple counterparts, each of which is an original, whether or not all parties sign the same document. Regardless of the number of counterparts, they constitute only one agreement. In making proof of this agreement, one need not produce or account for more counterparts than necessary to show execution by or on behalf of all parties.

5.04. *Incorporation by Reference.* All exhibits to this Agreement are incorporated into it by reference for all purposes as if fully set forth.

5. Public Information.

Buyer acknowledges that this instrument is public information within the meaning of Chapter 552 of the Texas Government Code and accordingly may be disclosed to the public. Nothing in this agreement waives an otherwise applicable exception to disclosure.

In Witness Whereof, the parties have caused their representatives to set their hands.
