**FUNDING CONTRACT
WITH
SAN ANTONIO FOOD BANK**

This Contract is entered into by and between the City of San Antonio (hereinafter referred to as "City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services pursuant to Ordinance No. _____, dated May 4, 2017, and the San Antonio Food Bank, (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, the Department of Human Services is designated as the managing City department (hereinafter referred to as "Managing City Department") for the City; and

WHEREAS, the City has provided certain funds from the City of San Antonio General or Grant Fund Operating Budget (hereinafter referred to as "General Fund" or "Grant Fund," as applicable) for community food assistance services; and

WHEREAS, the City has adopted a budget for the expenditure of such funds, and included therein is an allocation of \$250,000.00 for a project entitled "Community Food Assistance Program" (hereinafter referred to as the "Project"); and

WHEREAS, the City wishes to engage the Contractor to carry out the Project; NOW THEREFORE:

The parties hereto agree as follows:

I. SCOPE OF WORK

- 1.1 The Contractor will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to the City and in compliance with the **Scope of Work** and **Scorecard** attached hereto and incorporated herein for all purposes as Attachment I.

II. TERM

- 2.1 Except as otherwise provided for pursuant to the provisions hereof, this Contract shall begin on July 1, 2017 and shall terminate on June 30, 2018.

III. CONSIDERATION

- 3.1 In consideration, the City will reimburse Contractor for costs incurred in accordance with the budget approved by City Council of San Antonio in the above referenced Ordinance, and all subsequently authorized amendments to that budget. Said budget is attached hereto and incorporated herein for all purposes as Attachment II. It is specifically agreed that reimbursement hereunder shall not exceed the total amount of **\$250,000.00**.
- 3.2 The funding level of this Contract is based on an allocation from the following funding sources:

\$250,000.00 General Fund

- 3.3 It is expressly understood and agreed by the City and Contractor that the City's obligations under this Contract are contingent upon the actual receipt of adequate General or Grant Fund revenue, as applicable, to meet City's liabilities hereunder. Should City not receive sufficient funds to make payments pursuant to this Contract or should awarded Grant Funds be reduced, City shall notify Contractor in writing within a reasonable time after such fact has been determined and may, at its option, either terminate this Contract or reduce the Scope of Work and Consideration accordingly.

IV. PAYMENT

- 4.1 Contractor agrees that this is a cost reimbursement contract and that the City's liability hereunder is limited to making reimbursements for allowable costs incurred as a direct result of City-funded services provided by the Contractor in accordance with the terms of this Contract. Allowable costs are defined as those costs which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Section XII hereof, for the proper administration and performance of the services to be provided under an agreement. All requested reimbursed costs must be consistent with the terms and provisions of the approved budgeted line items described in Attachment II of this Contract, unless (a) a subsequent budget revision has been approved and signed by the Director of the Managing City Department or designee in cases where the total Contract Budget remains the same, or (b) a Contract amendment has been approved and signed by the Director of the Managing City Department pursuant to Section 24.1 of this Contract in cases where there is an increase or decrease to the total Contract Budget. Approved budget revisions and Contract amendments modify the Budget attached hereto, and in such cases Contractor's requested reimbursed costs must be consistent with the last revised, approved budget. Approved budget revisions and Contract amendments supersede prior conflicting or inconsistent agreements with regard to the referenced Project Budget, and all references in the Contract to the budget shall mean the budget as revised through approved budget revisions or Contract amendments. In no event shall the City be liable for any cost of Contractor not eligible for reimbursement as defined within the Contract. Contractor shall remit to City within ten (10) business days after the City makes the request for remittance any funded amounts which were paid pursuant to this Article IV and used to cover disallowed costs. Any such amounts not remitted within ten (10) business days may, at City's option, be subject to offset against future funding obligations by City. For purposes of this Contract, the term, "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees.
- 4.2 If specific circumstances require an advance payment on this Contract, Contractor must submit to the Director of the Managing City Department a written request for such advance payment, including the specific reason for such request in the form prescribed by the City. Contractor agrees that the City shall not be obligated to pay for any advances requested. In those instances in which advance payments are authorized, the Director of the Managing City Department may, in the Director's sole discretion, approve an advance payment on this Contract. It is understood and agreed by the parties hereto that (a) each request requires submission to the Director of the Managing City Department no less than ten (10) business days prior to the actual ostensible cash need; (b) each request will be considered by the Director of the Managing City Department on a case-by-case basis, and (c) the decision by the Director of the Managing City Department whether or not to approve an advance payment is final. In those instances in which advance payments are authorized:
- (A) Contractor's payments to its vendors using funds advanced by the City shall be remitted to the vendors in a prompt and timely manner, defined as not later than ten (10) calendar days after the Contractor is notified that an advance payment check is available from the City, so long as services have been performed by the subject vendor.
 - (B) The Contractor must deposit City funds in an account in a bank insured with the Federal Deposit Insurance Corporation (FDIC). In those situations where Contractor's total deposits in said bank,

including all City funds deposited with said bank, exceed the FDIC insurance limit, the Contractor must arrange with said bank to automatically have the excess collaterally secured. A written copy of the collateral agreement must be obtained by Contractor from the Contractor's banking institution, maintained on file and be available for City monitoring reviews and audits. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit shall be deposited in a manner consistent with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code) as amended. Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track expenditures made pursuant to this and all other City contracts.

(C) The City may, in its sole discretion, either deduct from monthly reimbursements amounts necessary to offset the amount advanced based upon the number of months remaining in the Contract term, or from a single subsequent monthly reimbursement the full amount previously advanced to Contractor. The City may consider factors such as projected allowable costs and other indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.

- 4.3 Contractor shall submit to City no later than the fifteenth (15th) of every month a monthly Request for Payment in the form prescribed by City, which details the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I herein, including supporting documentation of such costs as may be required by the Director of the Managing City Department. The Request for Payment shall also specify the Program Income (as defined herein) received or projected during the same time period. The Director of the Managing City Department may require the Contractor's submission of original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses.
- 4.4 City shall make reimbursement payments of eligible expenses to the Contractor of any undisputed amounts as determined by the Director of the Managing City Department in accordance with established procedures, so long as City receives a properly completed and documented Request for Payment. City shall make payment to Contractor within 30 calendar days of receiving a valid and approved Request for Payment.
- 4.5 The Contractor shall submit to City all final requests for payment no later than 45 days from the expiration or early termination date of this Contract, unless Contractor receives written authorization from the Director of the Managing City Department prior to such 45 day period allowing Contractor to submit a request for payment after such 45 day period.
- 4.6 Contractor agrees that the City shall not be obligated to any third parties of Contractor (including any subcontractors or third party beneficiaries of Contractor) under this Contract.
- 4.7 Contractor agrees that administrative overhead costs may not exceed twenty percent (20%) of the funding provided pursuant to this Contract. Contractor shall submit detailed administrative costs by line item with its annual program budget prior to Contract execution by the deadline established by the City.
- 4.8 Contractor shall maintain a financial management system, and acceptable accounting records that provide for:
 - (A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VIII of this Contract. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;
 - (B) identification of the source and application of funds for City-sponsored activities. Such records shall contain information pertaining to City awards, authorizations, obligations, un-obligated balances, assets, equity, outlays, and income;

(C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain an accounting system that can separate funds by funding source and project;

(D) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;

(E) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;

(F) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, including but not limited to the cost principles referenced in Section XII hereof, and the terms of the award, grant, or contract, with the City;

(G) supporting source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City); and

(H) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.

- 4.9 Contractor agrees that Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- 4.10 Contractor shall establish and utilize a cost allocation methodology and plan which ensures that the City is paying only its fair share of the costs for services, overhead, and staffing not solely devoted to the Project funded by this Contract. The Cost Allocation Plan and supportive documentation shall be included with Contractor's annual program budget prior to Contract execution by the deadline established by the City. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions. It is the means to substantiate and support how the costs of a program are charged to a particular cost category or to the program.
- 4.11 Upon expiration or early termination of this Contract, or at any time during the term of this Contract, all unused funds, rebates, or credits on-hand or collected thereafter relating to the Project, must immediately, upon receipt, be returned by Contractor to the City. Upon expiration or early termination of this Contract, all advance payments exceeding allowable costs incurred during the Contract term or for which Contractor fails to deliver services as consideration and as specified under the Contract shall be returned within twenty (20) calendar days of written notification to Contractor of the need for reimbursement.
- 4.12 Upon execution of this Contract or at any time during the term of this Contract, the City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls prior to the release of funds hereunder.
- 4.13 Contractor agrees that prior to the payment of any funds under this Contract, and throughout the term of this Contract, Contractor shall maintain financial stability and operate in a fiscally responsible and prudent manner. Contractor agrees that the City may immediately terminate this Contract if the City finds, as solely determined by the City, that Contractor is in such unsatisfactory financial condition as to endanger performance under this Contract. The City may consider evidence such as the apparent inability of Contractor to meet its financial obligations and items that reflect detrimentally on the credit worthiness of Contractor. Relevant factors include, but are not limited to, pending litigation, liens and encumbrances on the assets of Contractor, the appointment of a trustee, receiver or liquidator for all or a substantial part of Contractor's property, or institution of bankruptcy, reorganization, rearrangement of or liquidation

proceedings by or against Contractor. Contractor shall provide any records requested by City that City deems necessary to make such a determination.

V. PROGRAM INCOME

- 5.1 For purposes of this Contract, “program income” shall mean earnings of Contractor realized from activities resulting from this Contract or from Contractor’s management of funding provided or received hereunder. Such earnings shall include, but shall not be limited to, interest income; usage or rental/lease fees; income produced from contract-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Contract, and payments from clients or third parties for services rendered by Contractor pursuant to this Contract. At the sole option of the Director of the Managing City Department, Contractor will either (a) be required to return program income funds to City through the Managing City Department, or (b) upon prior written approval by the Director of the Managing City Department, Contractor may be permitted to retain such funds to be:
- (A) added to the Project and used to further eligible Project objectives, in which case proposed expenditures must first be approved by the City; or
 - (B) deducted from the total Project cost for the purpose of determining the net cost reimbursed by the City.
- 5.2 In any case where Contractor is required to return program income to the Managing City Department, Contractor must return such program income to City within the timeframe that may be specified by the Director of the Managing City Department. If the Director of the Managing City Department grants Contractor authority to retain program income, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Contract.
- 5.3 Contractor shall provide the Managing City Department with thirty (30) days written notice prior to the activity that generates program income. Such notice shall detail the type of activity, time, and place of all activities that generate program income.
- 5.4 The Contractor shall fully disclose and be accountable to the City for all program income. Contractor must submit a statement of expenditures and revenues to the Managing City Department within thirty (30) days of the activity that generates program income. The statement is subject to audit verification by Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Contract.
- 5.5 Contractor is prohibited from charging fees or soliciting donations from participants in any City-funded project without the prior written approval of the Director of the Managing City Department.
- 5.6 Contractor shall include this Article V, in its entirety, in all of its subcontracts involving income-producing services or activities.

VI. ADMINISTRATION OF CONTRACT

- 6.1 The Contractor agrees to comply with all the terms and conditions that the City must comply with within its contract with the Grantor, if this Contract is Grant funded. If applicable, a copy of said Grant contract is attached hereto and incorporated herein for all purposes as Attachment V.
- 6.2 In the event that any disagreement or dispute should arise between the parties hereto pertaining to the interpretation or meaning of any part of this Contract or its governing rules, regulations, laws, codes or ordinances, the City Manager, as representative of the City, is the party ultimately responsible for all matters of compliance with City of San Antonio rules and regulations and the Grantor’s rules or regulations, if Grant funded, and shall have the final authority to render or secure an interpretation.

- 6.5 The Contractor Board of Directors and Management shall adopt and approve an Employee Integrity Policy and shall establish and use internal project management procedures to preclude theft, embezzlement, improper inducement, obstruction of investigation or other criminal action, and to prevent fraud and program abuse. These procedures shall specify the consequences to Contractor's employees and vendors involved in such illegal activities to include but not be limited to termination and prosecution where necessary. Said procedures shall be provided to the Managing City Department upon request by the Managing City Department.
- 6.6 Contractor agrees to comply with the following check writing and handling procedures:
- (A) No blank checks are to be signed in advance.
- (B) No checks are to be made payable to cash or bearer with the exception of those for petty cash reimbursement, not to exceed a \$100.00 maximum per check. Contractor agrees that the aggregate amount of petty cash reimbursement shall not exceed \$200.00 per location for any given calendar month during the term of this Contract unless Contractor receives prior written approval from the Managing City Department to exceed such limit. Such requests for petty cash must be supported by the submission to the Managing City Department of an original receipt.
- (C) Checks issued by City to Contractor shall be deposited into the appropriate bank account immediately or by the next business day after Contractor's receipt of each such check, and shall never be cashed for purposes of receiving any of the face amount back.
- 6.7 City reserves the right to request Contractor to provide additional records for long distance calls, faxes, internet service and/or cell phone calls charged to the City.
- 6.8 The use or purchase of gift cards is not allowable and reimbursable under this Contract.

VII. AUDIT

- 7.1 If Contractor expends \$750,000.00 or more of City dollars, provided pursuant to this Contract or any other City contract, then during the term of this Contract, the Contractor shall have completed an independent audit and shall submit the required report within the earlier of thirty (30) calendar days after receipt of the auditor's report(s), or nine (9) months after the end of Contractor's fiscal year, expiration or early termination of this Contract, whichever is earlier. Contractor understands and agrees to furnish the Managing City Department a copy of the audit report, including a corrective action plan on all audit findings, a summary schedule of prior audit findings, management letter and/or conduct of audit letter within thirty (30) calendar days upon receipt of said report or upon submission of said corrective action plan to the auditor.
- Contractor agrees and understands that upon notification from federal, state, or local entities that have conducted program reviews and/or audits of the Contractor or its programs of any findings about accounting deficiencies, or violations of Contractor's financial operations, a copy of the notification, review, investigation, and audit violations report must be forwarded to the Managing City Department within a period of ten (10) calendar days upon the Contractor's receipt of the report.
- 7.2 Contractor agrees that if Contractor receives or expends more than \$750,000.00 in federal funds from the City, the audit shall be made in accordance with the Single Audit Act Amendments of 1996, the State of

Texas Single Audit Circular, and U.S. Office of Management and Budget Circular (Uniform Guidance) and Contractor shall also be required to submit copies of their annual independent audit report, and all related reports issued by the independent certified public accountant within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period, unless a longer period is agreed to in advance by the Federal cognizant or oversight agency for audit to the Federal Audit Clearinghouse in Jeffersonville, Indiana. Contractor agrees to reimburse the City or supplement any disallowed costs with eligible and allowable expenses based upon reconciled adjustments resulting from Contractor's Single Audit. Reimbursement shall be made within thirty (30) calendar days of written notification regarding the need for reimbursement.

- 7.3 If Contractor expends less than \$750,000.00 of City dollars during the term of this Contract, then the Contractor shall complete and submit an unaudited financial statement(s) within a period not to exceed nine (9) months immediately succeeding the end of Contractor's fiscal year, expiration or early termination of this Contract, whichever is earlier. Said financial statement shall include a balance sheet and income statement prepared by a bookkeeper and a cover letter signed by Contractor attesting to the correctness of said financial statement.
- 7.4 All financial statement(s) must include a schedule of receipts and disbursements by budgeted cost category for each project funded by or through the City.
- 7.5 The City reserves the right to conduct, or cause to be conducted an audit or review of all funds received under this Contract at any and all times deemed necessary by City. The City Internal Audit Staff, a Certified Public Accounting (CPA) firm, or other personnel as designated by the City, may perform such audit(s) or reviews. The City reserves the right to determine the scope of every audit. In accordance herewith, Contractor agrees to make available to City all accounting and Project records.

Contractor shall during normal business hours, and as often as deemed necessary by City and/or the applicable state or federal governing agency or any other auditing entity, make available and shall continue to make available the books, records, documents, reports, and evidence with respect to all matters covered by this Contract and shall continue to be so available for a minimum period of three (3) years or whatever period is determined necessary based on the Records Retention guidelines established by applicable law for this Contract. Said records shall be maintained for the required period beginning immediately after Contract expiration, save and except when there is litigation or if the audit report covering such Contract has not been accepted, then the Contractor shall retain the records until the resolution of such issues has satisfactorily occurred. The auditing entity shall have the authority to audit, examine and make excerpts, transcripts, and copies from all such books, records, documents and evidence, including all books and records used by Contractor in accounting for expenses incurred under this Contract, contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to matters covered by this Contract.

The City may, in its sole and absolute discretion, require the Contractor to use any and all of the City's accounting or administrative procedures used in the planning, controlling, monitoring and reporting of all fiscal matters relating to this Contract, and the Contractor shall abide by such requirements.

- 7.6 When an audit or examination determines that the Contractor has expended funds or incurred costs which are questioned by the City and/or the applicable state or federal governing agency, the Contractor shall be notified and provided an opportunity to address the questioned expenditure or costs.

Should any expense or charge that has been reimbursed be subsequently disapproved or disallowed as a result of any site review or audit, the Contractor will promptly refund such amount to the City no later than ten (10) days from the date of notification of such disapproval or disallowance by the City. At its sole option, the Managing City Department may instead deduct such claims from subsequent reimbursements; however, in the absence of prior notice by City of the exercise of such option, Contractor shall provide to City a full refund of such amount no later than ten (10) days from the date of notification of such disapproval or disallowance by the City. If Contractor is obligated under the provision hereof to refund a disapproved or disallowed cost incurred, such refund shall be required and be made to City by cashier's check or money order. Should the City, at its sole discretion, deduct such claims from subsequent reimbursements, the Contractor is forbidden from reducing Project expenditures and Contractor must use its own funds to maintain the Project.

Contractor agrees and understands that all expenses associated with the collection of delinquent debts owed by Contractor shall be the sole responsibility of the Contractor and shall not be paid from any Project funds received by the Contractor under this Contract.

- 7.7 If the City determines, in its sole discretion, that Contractor is in violation of the above requirements, the City shall have the right to dispatch auditors of its choosing to conduct the required audit and to have the Contractor pay for such audit from non-City resources.

VIII. RECORDS, REPORTING, AND COPYRIGHTS

- 8.1 The Managing City Department is assigned monitoring, fiscal control, and evaluation of projects. Therefore, at such times and in such form as may be required by the Managing City Department, the Contractor shall furnish to the Managing City Department and the Grantor of the grant funds, if applicable, such statements, records, data, all policies, procedures, and information and permit the City and Grantor of the grant funds, if applicable, to have interviews with its personnel, board members and Project participants pertaining to the matters covered by this Contract.
- 8.2 The Contractor shall submit to the Managing City Department such reports as may be required by the City, or as may be required by the Grantor, if Grant funded, including the Contract Monitoring Report, which template is attached hereto and incorporated herein as Attachment III. At the start of the Contract term, a Contract Monitoring Report containing projected monthly performance measures for the entire Contract term shall be developed and approved by designated Contract monitoring staff. Contractor shall submit a completed Contract Monitoring Report no later than the 15th day of every month which shall reflect the actual services delivered and outcomes achieved against the projected performance measures for all months preceding the submission. The Contractor ensures that all information contained in all required reports submitted to City is accurate and support documentation shall be maintained.
- 8.3 Contractor agrees to maintain in confidence all information pertaining to the Project or other information and materials prepared for, provided by, or obtained from City including, without limitation, reports, information, Project evaluation, Project designs, data, and other related information (collectively, the "Confidential Information") and to use the Confidential Information for the sole purpose of performing its obligations pursuant to this Contract. Contractor shall protect the Confidential Information and shall take all reasonable steps to prevent the unauthorized disclosure, dissemination, or publication of the Confidential Information. If disclosure is required (i) by law or (ii) by order of a governmental agency or court of competent jurisdiction, Contractor shall give the Director of the Managing City Department prior written notice that such disclosure is required with a full and complete description regarding such requirement. Contractor shall establish specific procedures designed to meet the obligations of this Article VIII, Section 8.3, including, but not limited to execution of confidential disclosure agreements, regarding the Confidential Information with Contractor's employees and subcontractors prior to any disclosure of the Confidential Information. This Article VIII, Section 8.3 shall not be construed to limit the City's or its

authorized representatives' right of access to records or other information, confidential or otherwise, under this Contract. Upon expiration or early termination of this Contract, Contractor shall return to City all copies of materials related to the Project, including the Confidential Information.

- 8.4 The Public Information Act, Government Code Section 552.021, requires the City to make public information available to the public. Under Government Code Section 552.002(a), public information means information that is written, produced, collected, assembled or maintained under a law or ordinance or in connection with the transaction of official business: 1) by a governmental body; or 2) for a governmental body and the governmental body owns the information, has a right of access to it, or has spent or contributed public money for the purpose of its writing, production, collection, assembly or maintenance. Therefore, if Contractor receives inquiries regarding documents within its possession pursuant to this Contract, Contractor shall within twenty-four (24) hours of receiving the requests forward such requests to City for disposition. If the requested information is confidential pursuant to state or federal law, the Contractor shall submit to City the list of specific statutory authority mandating confidentiality no later than three (3) business days of Contractor's receipt of such request.
- 8.5 In accordance with Texas law, Contractor acknowledges and agrees that all local government records as defined in Chapter 201, Section 201.003 (8) of the Texas Local Government Code created or received in the transaction of official business or the creation or maintenance of which were paid for with public funds are declared to be public property and subject to the provisions of Chapter 201 of the Texas Local Government Code and Subchapter J, Chapter 441 of the Texas Government Code. Thus, Contractor agrees that no such local government records produced by or on the behalf of Contractor pursuant to this Contract shall be the subject of any copyright or proprietary claim by Contractor.

Contractor acknowledges and agrees that all local government records, as described herein, produced in the course of the work required by this Contract, shall belong to and be the property of City and shall be made available to the City at any time. Contractor further agrees to turn over to City all such records upon expiration or early termination of this Contract, if requested by the City. Contractor agrees that it shall not, under any circumstances, release any records created during the course of performance of the Contract to any entity without the written permission of the Director of the Managing City Department, unless required to do so by a court of competent jurisdiction. The Managing City Department shall be notified of such request as set forth in Article VIII., section 8.3 of this Contract.

- 8.6 Ownership of Intellectual Property. Contractor and City agree that the Project shall be and remain the sole and exclusive proprietary property of City. The Project shall be deemed a "work for hire" within the meaning of the copyright laws of the United States, and ownership of the Project and all rights therein shall be solely vested in City. Contractor hereby grants, sells, assigns, and conveys to City all rights in and to the Project and the tangible and intangible property rights relating to or arising out of the Project, including, without limitation, any and all copyright, patent and trade secret rights. All intellectual property rights including, without limitation, patent, copyright, trade secret, trademark, brand names, color schemes, designs, screens, displays, user interfaces, data structures, organization, sequences of operation, trade dress, and other proprietary rights (the "Intellectual Property Rights") in the Project shall be solely vested in City. Contractor agrees to execute all documents reasonably requested by City to perfect and establish City's right to the Intellectual Property Rights. In the event City shall be unable, after reasonable effort, to secure Contractor's signature on any documents relating to Intellectual Property Rights in the Project, including without limitation, any letters patent, copyright, or other protection relating to the Project, for any reason whatsoever, Contractor hereby irrevocably designates and appoints City and its duly authorized officers and agents as Contractor's agent and attorney-in-fact, to act for and in Contractor's behalf and stead to execute and file any such application or applications and to do all other lawfully permitted acts to further the prosecution and issuance of letters patent, copyright or other analogous protection thereon with the same legal force and effect as if executed by Contractor. Provided, however, nothing herein contained is intended nor shall it be construed to require Contractor to transfer any ownership interest in Contractor's best practice and benchmarking information to the City.
- 8.7 Within a period not to exceed 90 days from the expiration or early termination date of the Contract, Contractor shall submit all final client and/or fiscal reports and all required deliverables to City. Contractor

understands and agrees that in conjunction with the submission of the final report, the Contractor shall execute and deliver to City a receipt for all sums and a release of all claims against the Project.

- 8.8 Contractor shall provide to the Managing City Department all information requested by the Managing City Department relating to the Contractor's Board functions. Information required for submission shall include but may not be limited to:

- (A) Roster of current Board Members (name, title, address, telephone number, fax number and e-mail address);

- (D) Amendments to Bylaws;
- (E) Schedule of anticipated board meetings for current Fiscal Year;
- (F) Minutes of board meetings that are approved by the Contractor's board; and
- (G) Board Agenda, to be submitted at least three (3) business days prior to each Board meeting.

- 8.9 Contractor agrees to comply with official records retention schedules in accordance with the Local Government Records Act of 1989 and any amendments thereto, referenced in section 12.3 of this Contract.

The Certificate(s) shall be completed by an agent and signed by a person authorized by that insurer to bind coverage on its behalf. The City will not accept a Memorandum of Insurance or Binder as proof of insurance. The certificate(s) must be signed by the authorized representative of the carrier, and list the agent's signature and phone number. The certificate shall be mailed, with copies of all applicable endorsements, directly from the insurer's authorized representative to the City. The City shall have no duty to pay or perform under this Contract until such certificate and endorsements have been received and approved by the Managing City Department. No officer or employee, other than the City's Risk Manager, shall have authority to waive this requirement.

(B) The City reserves the right to review the insurance requirements of this Article during the effective period of this Contract and any extension or renewal hereof and to modify insurance coverages and their limits when deemed necessary and prudent by City's Risk Manager based upon changes in statutory law, court decisions, or circumstances surrounding this Contract. In no instance will City allow modification whereby City may incur increased risk.

(C) A Contractor's financial integrity is of interest to the City; therefore, subject to Contractor's right to maintain reasonable deductibles in such amounts as are approved by the City, Contractor shall obtain and maintain in full force and effect for the duration of this Contract, and any extension hereof, at Contractor's sole expense, insurance coverage written on an occurrence basis, unless otherwise indicated, by companies authorized to do business in the State of Texas and with an A.M Best's rating of no less than A- (VII), in the following types and for an amount not less than the amount listed below:
