WHEREAS, this agreement will be executed in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract in an effort to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 20% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 2% African American Business Enterprise (M/WBE) subcontracting goal. Brooks Development Authority has committed to 20% M/WBE and 2% AABE subcontractor participation; **NOW THEREFORE**,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. This ordinance authorizes an amendment to a Funding Agreement with Brooks Development Authority (BDA) for Brooks Drainage and Multi-Use Pathway Project to allow the project to be completed in its entirety and amend the completion date.

SECTION 2. The Brooks Drainage and Multi-Use Pathway Project was originally intended to be constructed in phases. However, Brooks Development Authority would like to move forward with a project that allows the scope to be completed in its entirety and with an adjusted project schedule.

SECTION 3. Funding for the Brooks Drainage and Multi-Use Pathway Project was previously approved through the City's FY 2014 Adopted Budget for which City Council authorized \$3,000,000.00 payable to Brooks Development Authority through Ordinance 2013-

09-12-0268. This Council action does not impact the project funding but rather allows the project to be completed in its entirety and with an adjusted project schedule.

SECTION 4. This Ordinance shall be effective immediately upon passage by eight or more affirmative votes; otherwise, it shall be effective on the tenth day after passage

PASSED AND APPROVED this 18th day of May, 2017.
