Authorizing agreements for Evaluation Services for 1115 Waiver Teen Pregnancy Prevention & Baby Café Programs

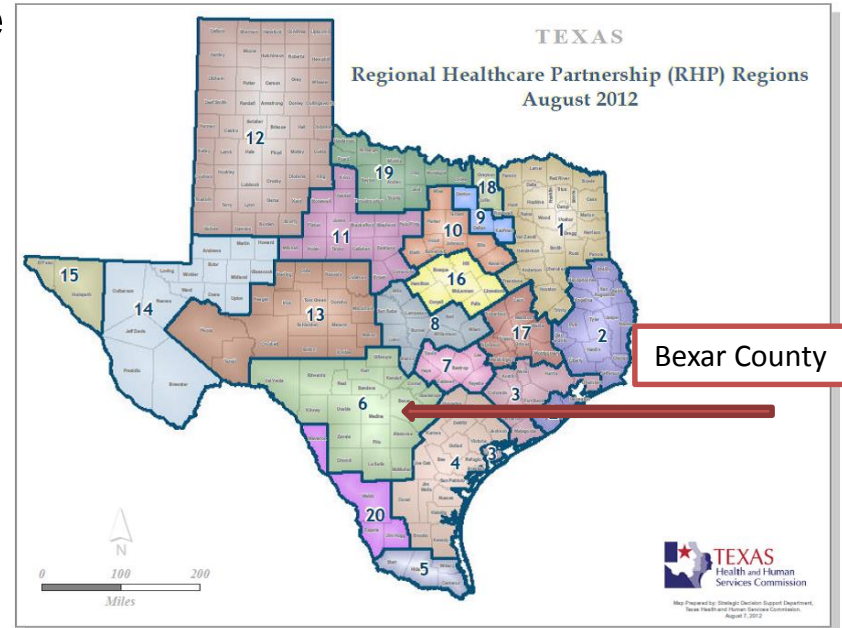

Presented by: Dr. Colleen M. Bridger, Director
Agenda Item #
June 1, 2017

CITY OF SAN ANTONIO
METROPOLITAN HEALTH DISTRICT

Background

- **May 1, 2016** – Centers for Medicare & Medicaid Services (CMS) approves a 15-month extension of Texas' Medicaid 1115 Waiver
- **January 30, 2017** – Texas Health & Human Services Commission (HHSC) requests additional 21-month extension

CITY OF SAN ANTONIO
METROPOLITAN HEALTH DISTRICT

Background

Texas Health & Human Services Commission (HHSC) is requiring providers to complete program evaluations to assess the impact of our interventions.

CITY OF SAN ANTONIO
METROPOLITAN HEALTH DISTRICT

Teen Pregnancy Prevention Program

Report will focus on assessing the benefits of the program associated with the goal of reducing the teen pregnancy rate among females ages 15-19 within the SAISD and Edgewood ISD school districts.

CITY OF SAN ANTONIO
METROPOLITAN HEALTH DISTRICT

Baby Café Program

Report will focus on assessing the benefits directly and indirectly associated with the program to increase the breastfeeding initiation and duration rates of women accessing Baby Café services.

CITY OF SAN ANTONIO

METROPOLITAN HEALTH DISTRICT

Fiscal Impact

After soliciting informal bids from local evaluators, the department identified two qualified vendors:

- Teen Pregnancy Prevention - UTSA Department of Kinesiology, Health & Nutrition (\$45,450.00)
- Baby Café - Erica T. Sosa, PhD, MCHES (\$30,105.00)

Funds for the agreements are budgeted within Metro Health's 1115 Medicaid Waiver fund. There will be no impact to the City's general fund.

Recommendation

Staff recommends approval of the Ordinance authorizing the following agreements for program evaluation services as follows:

- UTSA Department of Kinesiology, Health & Nutrition for Metro Health's Teen Pregnancy Prevention Program; and
- Erica T. Sosa, PhD, MCHES for Metro Health's Baby Café Program
