2. An exemption according to Section 252.022 of the Local Government Code exists. More specifically, the following event has occurred:

San Antonio Fire Department Rescue Team has conducted test trials on extrication tools. After testing, SAFD Rescue Team along with the Tool and Equipment Committee, The Hurst Hydraulic tools clearly outperformed the TNT tools in every category. The tests were conducted on the tools strength, speed, durability, and battery life. Many of the participants remarked about the Hurst tools superiority to the Electric TNT and to the Hydraulic tools that we are currently carrying on our ladder trucks. Therefore, SAFD Rescue have chosen Hurst Tools to be the primary choice.
