Note: In accordance with the process for designation of a historic landmark, as outlined in Section 35-607 of the UDC, properties must meet three of sixteen criteria. Each of the gas station properties meets three or more of the Criteria for Evaluation.

*UDC Section 35-607 – Designation Criteria for Historic Districts and Landmarks:*

a. Process for Considering Designation of Historic Districts and Landmarks. Historic districts and landmarks shall be evaluated for designation using the criteria listed in subsection (b) and the criteria applied to evaluate properties for inclusion in the National Register. b. Criteria for Evaluation.

1. Its value as a visible or archaeological reminder of the cultural heritage of the community, or a national event;
6. Its historical, architectural or cultural character as a particularly fine or unique example of a utilitarian structure, including but not limited to, bridges, acequias, gas stations, transportation shelters, or other commercial structures;

7. Its unique location or singular physical characteristics that make it an established or familiar visual feature;
8. Its historical, architectural, or cultural integrity of location, design, materials, and workmanship;
11. It is distinctive in character, interest or value; strongly exemplifies the cultural, economic, social, ethnic or historical heritage of San Antonio, Texas or the United States;

**Findings:**

- a. These eligible properties were identified through a comprehensive survey of historic gas stations undertaken in 1983 by the San Antonio Conservation Society that was updated and expanded beginning in 2012. In addition to producing documentation about hundreds of historic gas stations located in San Antonio, the organization published an online portal allowing public access to the survey results. Volunteers reviewed the properties to identify those potentially eligible for landmark designation.
- b. On May 3, 2016, the Office of Historic Preservation and San Antonio Conservation Society co-hosted an event called “San Antonio or Bust: Historic Landscapes of the American Road Trip” at Deco Pizzeria, a historic gas station and local landmark on Fredericksburg Road. The Preservation Month event celebrated the rich collection of local roadside architecture by asking guests to share their thoughts and stories about the properties.

- e. Consistent with the UDC sec. 35-607(b)(7), the locations and physical characteristics of these gas stations are significant. Placed strategically along popular thoroughfares into downtown San Antonio, these properties trace the history of transportation in the early twentieth century prior to the arrival of the interstate system. Their physical characteristics reflect the brands of oil companies, many of which were first established in Texas.
- f. Consistent with the UDC sec. 35-607(b)(8), the properties maintain a high level of historical, architectural, and cultural integrity related to their locations along historic roadways, original designs reflecting oil company brands, and authentic materials and decorative features including brick, wood, tile, and stucco.
- g. Consistent with the UDC sec. 35-607(b)(11), gas stations exemplify the economic heritage of the oil industry that played an important role in the economic growth of the state in the early twentieth century. They also represent a societal shift from older transportation methods to a reliance on personal automobiles. Finally, these properties document San Antonio’s role as a destination city included on several historic cross-country routes.
- h. Historic landmarks possess cultural and historical value and contribute to the overall quality and character of the City. The City offers a tax incentive for the substantial rehabilitation of historic properties. If historic designation is approved, rehabilitation and restoration work may be eligible for this incentive.
