XIV. SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY (SBEDA)

- 14.1 SBEDA Program. The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on the City's Economic Development Department (EDD) website page and is also available in hard copy format upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

14.2 Definitions.

- 14.2.1 **Affirmative Procurement Initiatives (API)** – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.

- 14.2.2 **Annual Aspirational Goal** – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This

Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City's 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

- 14.2.3 **Award** – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).
- 14.2.4 **Best Value Contracting** – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent's previous experience and quality of product or services procured, and other factors identified in the applicable statute.
- 14.2.5 **Centralized Vendor Registration System (CVR)** – a mandatory electronic system of hardware and software programs by which the City recommends all prospective respondents and subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.
- 14.2.6 **Certification** – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.
- 14.2.7 **City** – refers to the City of San Antonio, TX.
- 14.2.8 **Commercially Useful Function** – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for

negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

- 14.2.9 **Control** – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.
- 14.2.10 **Economic Inclusion** – efforts to promote and maximize commercial transactions within, between and among all segments of the business population, regardless of race or gender, within the Relevant Marketplace.

- 14.2.13 **Evaluation Preference** – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.
- 14.2.14 **Formal Solicitation** – an invitation for bids, request for proposals, request for qualifications or other solicitation document issued by a City department for a contract that requires City Council approval, in accordance with the procurement rules adopted by the City Manager or designee through a memorandum issued by the City Manager or designee, an Administrative Directive or a procurement manual issued under the authority of the City Manager or designee, and/or pursuant to statutory requirements.

City Council who are eligible to vote during the goal setting committee on contracts valued at \$3,000,000 and above. The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals, Contract-by-Contract Subcontracting Goals, and determining which M/WBE segments are eligible for Segmented Subcontracting Goals annually) based upon Industry Categories, vendor availability, project-specific characteristics, and M/WBE utilization. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

- 14.2.17 **HUBZone Firm** – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. To qualify as a HUBZone firm, a small business must meet the following criteria: (1) it must be owned and Controlled by U.S. citizens; (2) at least 35 percent of its employees must reside in a HUBZone; and (3) its Principal Place of Business must be located in a HUBZone within the San Antonio Metropolitan Statistical Area. [See 13 C.F.R. 126.200 (1999).]
- 14.2.18 **Independently Owned and Operated** – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.
- 14.2.19 **Individual** – an adult person that is of legal majority age.
- 14.2.20 **Industry Categories** – procurement groupings for the City of San Antonio inclusive of Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). This term may sometimes be referred to as “business categories.”
- 14.2.21 **Joint Venture Incentives** – an API that provides inducements for non-SBE and non-M/WBE firms to collaborate with SBE or M/WBE partners in responses to solicitations and performing a Prime Contract to supply goods to, or to perform non-Construction services on behalf of, the City. Joint ventures are manifested by written agreements

between two or more Independently Owned and Controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses of the joint venture enterprise commensurately with its contribution to the venture. Incentives under this API may include Evaluation Preferences that are tied to the percentage of SBE or M/WBE participation in the joint venture, expedited issuance of building permits and extra contract option years in certain Other Services and Goods & Supplies contracts.

- 14.2.22 **Minority/Women Business Enterprise (M/WBE)** – firm that is certified as either a Minority Business Enterprise or as a Women Business Enterprise, and which is at least fifty-one percent (51%) owned, managed and Controlled by one or more Minority Group Members and/or women, and that is ready, willing and able to sell goods or services that are purchased by the City of San Antonio.

- 14.2.24 **M/WBE Subcontracting Program** – an API in which Prime Contractors or vendors are required to make Good Faith Efforts to subcontract a specified percentage of the value of prime contract dollars to certified M/WBE firms. Such subcontracting goals may be set and applied by the GSC on a contract-by-contract basis to those types of contracts that provide subcontract opportunities for performing Commercially Useful Functions wherein:

(1) There have been ongoing disparities in the utilization of available M/WBE Subcontractors; or

(2) Race-Neutral efforts have failed to eliminate persistent and significant disparities in the award of prime contracts to M/WBEs in a particular Industry Category or industry segment (e.g., Construction contracts, Professional Services contracts, and Architectural and Engineering contracts), and subcontract opportunities are limited outside of City contracts.

When specified by the GSC, the M/WBE Subcontracting Program may also be required to reflect Good Faith Efforts that a Prime Contractor or vendor has taken (or commits to taking in the case of solicitations that do not include a detailed scope of work or those in which price cannot be considered a factor in evaluation), toward attainment of subcontracting goals for M/WBE firms.

- 14.2.25 **M/WBE Evaluation Preference** – an API that the City may apply to requests for proposals or qualifications (RFPs or RFQs) on City Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contracts that are issued pursuant to a Best Value Contracting method or other methods of procurement wherein criteria other than lowest price are factored into the selection process. M/WBEs that submit responses for these kinds of solicitations are awarded additional Points in the scoring of their responses when evaluating and ranking their responses against those submitted by non-minority firms. 003 – INTRODUCTION

The City of San Antonio City's Center City Development and Operations Department (CCDO) is soliciting responses from qualified consultants with experience in implementing United States Environmental Protection Agency (EPA) Brownfields Assessment Grants. The consultant(s) will be expected to coordinate, direct and oversee brownfields assessment activities as described below. This work should meet all applicable Federal requirements for work funded by the grants in compliance with 2 CFR Part 200.317 – 200.326. The selected environmental consultant(s) should be experienced and qualified to perform Phase I, Phase II and Phase III environmental assessments and remediation planning at various sites throughout San Antonio's inner city.

004 - BACKGROUND

On October 1, 2015, the City of San Antonio (City) was awarded 2 (two) three-year Community-Wide Assessment Grants from the U.S. Environmental Protection Agency (EPA), each in the amount of \$200,000 for a total of \$400,000 to be spent by September 30, 2018. One grant provides environmental site assessments for properties with hazardous substances concerns, and the other for petroleum concerns. The City's Center City Development and Operations Department administers the Brownfield Redevelopment Program and is seeking Request for Qualifications (RFQ) from experienced and qualified consulting firms for on-call professional environmental consulting services including, but not limited to, conducting environmental site assessments, preparing Quality Assurance Project Plans (QAPPs), conducting lead and asbestos surveys, developing all required reports, performing independent third-party review of environmental reports, assisting with preparation of future grant proposals, and assisting with program strategy, and development.

Two or more contracts are anticipated to be awarded in response to this RFQ retained through on-call contracts. As projects are identified, work to be performed by the selected Consultant(s) shall be authorized. The contract term is anticipated to commence in 2017 and shall be for a one (1) year term. The City has the exclusive option to extend the contract(s) for up to one (1) additional one-year period under the same terms and conditions. The estimated fee per project will vary, with a maximum contract capacity of \$500,000 per year.

For purposes of satisfying requirements of the Texas Professional Services Procurement Act (hereafter referred to as "the Act"), this RFQ is designed to anticipate responses from professional consultants who may be Geologists, Geoscientists, Environmental Scientists, Engineers or others who may be covered by the Act. Where environmental professionals are concerned, City's review of qualifications shall consider highest competency as the primary criterion.

The enabling City Ordinance shall identify the total amount of money that may be expended under the contract(s) anticipated to be awarded in connection with this RFQ. The City neither guarantees that the entire contract capacity amount will be spent under the on-call contracts nor that any minimum amount of work shall be authorized. Unless the specific project requirements are determined to preclude a specific consultant from consideration, if more than one contract is awarded pursuant to this solicitation, CCDO shall attempt to allocate the work evenly.

The Respondent's Waiver request must fully document Subcontractor unavailability despite the Respondent's good faith efforts to comply with the goal. Such documentation shall include all good faith efforts made by Respondent including, but not limited to, which Subcontractors were contacted (with phone numbers, e-mail addresses and mailing addresses, as applicable) and the method of contact. **Late Waiver requests will not be considered.** More information on the good faith effort criteria is available within the Subcontracting Goal – Waiver Request Evaluation Criteria at <http://www.sanantonio.gov/SBO/Forms.aspx>.

The Respondent's Exception request must fully document why: (1) the value of the contract is below the \$50,000 threshold for application of the SBEDA Program; or (2) no commercially-useful subcontracting opportunities exist within the contract scope of work; or (3) the type of contract is outside of the scope of the SBEDA Ordinance. **Late Exception Requests will not be considered.**

B. SBEDA Program

The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on the City's Economic Development Department (EDD) website page and is also available in hard copy format upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

C. Definitions

Affirmative Procurement Initiatives (API) – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.

Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City's 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the

Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

Award – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).

Best Value Contracting – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent's previous experience and quality of product or services procured, and other factors identified in the applicable statute.

Centralized Vendor Registration System (CVR) – a mandatory electronic system of hardware and software programs by which the City recommends all prospective Respondents and Subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.

City – refers to the City of San Antonio, TX.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.

Economic Inclusion – efforts to promote and maximize commercial transactions within, between and among all segments of the business population, regardless of race or gender, within the Relevant Marketplace.

Emerging SBE (ESBE) – a certified SBE corporation, partnership, sole proprietorship or other legal entity for the purpose of making a profit, which is independently owned and operated by Individuals legally residing in, or that are citizens of, the United States or its territories whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Emerging M/WBE – a certified M/WBE firm whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Evaluation Preference – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.

Formal Solicitation – an invitation for bids, request for proposals, request for qualifications or other solicitation document issued by a City department for a contract that requires City Council approval, in accordance with the procurement rules adopted by the City Manager or designee through a memorandum issued by the City Manager or designee, an Administrative Directive or a procurement manual issued under the authority of the City Manager or designee, and/or pursuant to statutory requirements.

Goal Setting Committee (GSC) – a committee, or series of committees, appointed and chaired by the City Manager or designee from the Executive Team that includes, at a minimum, the EDD Director or designee, and the Director of Finance or Director of Transportation and Capital Improvements (TCI) or their designees, the Director or designee of the Originating Department (if the Originating Department is neither Finance nor TCI,) all without duplication of designees and two citizens appointed by City Council who are eligible to vote during the goal setting committee on contracts valued at \$3,000,000 and above. The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals, Contract-by-Contract Subcontracting Goals, and determining which M/WBE segments are eligible for Segmented Subcontracting Goals annually) based upon Industry Categories, vendor availability, project-specific characteristics, and M/WBE utilization. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

Good Faith Efforts – documentation of the Respondent's intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the Respondent's commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor's posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and documentation of consultations with trade associations and CONTRACTORS that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.)

HUBZone Firm – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. FROM: Denise D. Gallegos, C.P.M., CPPB

DATE: July 10, 2017

THIS NOTICE SHALL SERVE AS ADDENDUM NO. I – TO THE ABOVE REFERENCED REQUEST FOR QUALIFICATIONS

THE ABOVE MENTIONED REQUEST FOR QUALIFICATIONS IS HEREBY AMENDED AS FOLLOWS:

QUESTIONS SUBMITTED IN ACCORDANCE WITH SECTION 011, RESTRICTIONS ON COMMUNICATION:

On June 27, 2017, the City of San Antonio and the City Center Development and Operations Department (CCDO) held a pre-submittal conference to provide information and clarification for the Request for Qualifications for Environmental Consultant Services. Below is the list of questions asked during the Pre-Submittal Conference and/or received in accordance with Section 011, Restrictions on Communication. The City's official response to questions asked is as follows:

Question 1: Will our presence out of state affect any decision on project bidding without a San Antonio presence?

Response 1: The selected consultant must demonstrate knowledge of environmental regulations and practices at the federal level, in the State of Texas, and in the City of San Antonio. The selected consultant also must be able to respond quickly to requests and be present to conduct work at sites in San Antonio as authorized under the contract. Respondents should put together a team able to best address these concerns for a competitive response.

- Question 2:** Per Section 004 – Scope of Service from the RFQ, the services requested are for Phase I, Phase II and Phase III, will the City also like the Respondent to have experience working with grants, lead and asbestos. Are you looking for a Respondent that can perform all those tasks or could a joint venture also be possible?
- Response 2:** Respondents should put together a team that can respond to the RFQ in its entirety. One firm or team that can provide all services requested in the RFQ is ideal. The award(s) will be made based upon the qualifications of the submissions received.
- Question 3:** Is the City looking for programmatic support and help on ACRES Reporting, records entry and quarterly reports?
- Response 3:** The City will negotiate detailed roles and responsibilities with the selected consultant(s). It would be helpful for the selected consultant(s) to assist with more technical documents and reports, such as ACRES entries. Responsibility for the programmatic aspects of the grant, such as quarterly reporting, will be negotiated with the selected consultant(s) or team(s).
- Question 4:** Please define the certification of a veteran-owned small business and will the City accept various disabled veteran certifications?
- Response 4:** The City relies on inclusion in the database of veteran-owned small businesses maintained by the U.S. Small Business Administration to verify VOSB status; however, veteran status may also be confirmed by certification by another public or private entity that uses similar certification procedures. Please note that no preferences will be given to veteran-owned small businesses for this procurement. The City is asking for respondents to complete the form for tracking purposes only.
- Question 5:** Please elaborate on the certifications South Central Texas Regional Certification Agency (SCTRCA).
- Response 5:** The South Central Texas Regional Certification Agency is a local non-profit organization that performs certification public entities in the San Antonio Metropolitan Statistical Area. For information on specific requirement for SMWBE certification through the SCTRCA please visit the SCTRCA website at <https://sctrca.org> or contact them at 210.227.4722.
- Question 6:** Per Section 004 – Scope of Service section 4.1.2, could you clarify the license or certification from the State of Texas to perform environmental inquiries as defined in 40 CFR Part 312.21?
- Response 6:** Please see Section 004 – Scope of Service section 4.1.4. Vendors are required to perform all work under this Contract in accordance with all Local, State and Federal regulations required. Consultant must follow the Texas Commission on Environmental Quality (TCEQ) rules and regulations, as applicable. For additional information about which license or certification is required from the State of Texas, please see the following site: <https://www.tceq.texas.gov/licensing>
For additional clarification on what would be required from 40 CFR Part 312.21, please see the following site:
<https://www.gpo.gov/fdsys/granule/CFR-2011-title40-vol28/CFR-2011-title40-vol28-sec312-21>

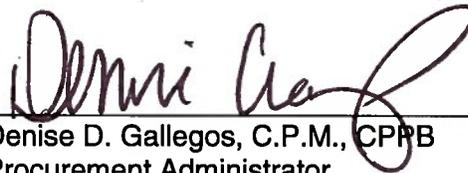

- Question 7:** Are you looking for bids with a fixed price, or time and material? Is this an on-call contract?
- Response 7:** The maximum award made under this solicitation will be no greater than \$500,000 to provide on-call, as needed services. Please see Section 004 – Background for more information.
- Question 8:** How will service requests be submitted to the vendor?
- Response 8:** Please refer to Section 004 – Scope of Service, from Process and Procedures items 4.9.1.1, 4.9.1.2 and 4.9.1.3.
- Question 9:** Is there an expected volume?
- Response 9:** The volume of work depends on the requests received in the coming year. The City has certain goals for the EPA grant; however, the volume of work ultimately depends on the applications received for environmental services through the Brownfield Redevelopment Program. This could result in several phase 1 ESAs, just a few phase 2 ESAs, or a combination thereof.
- Question 10:** Please clarify between volume expected and the grant funds.
- Response 10:** The City has a goal of 2-3 phase 1 ESAs per quarter, 3 phase 2 ESAs per year, and 2 clean-up plans for the remainder of the EPA grant. In addition to grant funds, the City also has limited municipal funds to provide additional assessments as needed. As stated in Response 9, the actual volume will depend on requests received. Several phase 1 ESAs or one complex phase 2 ESA may require the same amount of funding.
- Question 11:** Who is the grant's assigned program officer?
- Response 11:** Denise Williams, EPA Region 6.
- Question 12:** Will a copy of the sign in sheet be provided?
- Response 12:** Please see copy of the sign in sheet provided as Exhibit 8, Pre-Submittal Sign in sheet dated June 27, 2017, posted as a separate document.
- Question 13:** Who is the incumbent?
- Response 13:** Current services performed for CCDO's Brownfield Redevelopment Program are provided by the Department of Transportation and Capital Improvements (TCI) Environmental Management Division's on-call contracts.
- Question 14:** Is there a place or listing of businesses that would qualify as HUBS or MBE's that we could have access to?
- Response 14:** The City of San Antonio provides a vendor search tool online that allows vendors to search businesses registered with the City of San Antonio. You are able to search the City database by business name, commodity code, SBEDA eligibility and certification type. To access the online vendor search tool please visit <http://www.sanantonio.gov/purchasing/vendorinformation/cosavendorlisting>. Please contact the Small Business Office at 210.207.0071 with any additional questions about the use of the online vendor search tool.

- Question 15:** How could I obtain a copy of the solicitation document?
- Response 15:** To view this solicitation, go to <https://supplierservice.sanantonio.gov/iri/portal>. If you have not completed the City's SAePS Vendor Registration, you must do so in order to view the solicitation and submit a response. It is the Respondent's responsibility to review this site and ascertain whether amendments or revisions have been made prior to submission of a proposal.
- Question 16:** Are vendors allowed to electronically submit their responses?
- Response 16:** Proposals may be submitted electronically through the portal or in hard copy format. For additional information, please see Section 010- Submission of Proposal of the RFQ document.
- Question 17:** When was the last time that a City of San Antonio environmental consultant contract for Brownfields was awarded?
- Response 17:** The Brownfield Redevelopment Program administered through CCDO has never had any environmental consultant contracts. Please also refer to the response to Question 13.
- Question 18:** Which contractors received the previous awards?
- Response 18:** Please refer to the response to Question 17.
- Question 19:** The FY13 proposed budget was \$200,000.00 for Brownfield Environmental Assessments. Do you foresee the same amount budgeted for this RFQ?
- Response 19:** The City of San Antonio's Brownfield Redevelopment Program was established in 2012. In the FY2013 City budget process, \$200,000 was provided as seed funding to get the program started until grant funds could be secured. In FY2016, the City of San Antonio was awarded \$400,000 through the EPA Community-Wide Assessment Grants. With this level of grant funding, \$200,000 is not anticipated to be allocated through municipal funds in the coming fiscal year.
- Question 20:** SBEDA Program, page 12 of 42: The RFQ states "no evaluation criteria points will be awarded to non-SBE or non-M/WBE prime contractors through subcontracting to certified SBE and M/WBE firms." Please confirm that this statement is accurate and a firm priming this solicitation, who is not SBEDA certified, will receive no points for this section even if SBEDA certified subcontractors are included on the team.
- Response 20:** Evaluation criteria points are awarded based on certification and SBEDA eligibility of the prime respondent. Evaluation criteria points will not be awarded to non-SBE or non-M/WBE Prime CONTRACTORS through subcontracting to certified SBE or M/WBE firms.
- Question 21:** Attachment A, Part Two on page 33 of 42: It states the experience section is limited to two (2) pages. Under the experience section it also states that we need to provide a sample Phase II ESA and QAPP. Are those considered attachments?

Response 21: The sample Phase II ESA and QAPP are considered separate attachments independent of the 2-page experience section. Neither the Phase II ESA or QAPP are restricted on length.

Question 22: Is there an overall page limit for the proposed key personnel/organization chart and resumes?

Response 22: Resumes are preferred to be no longer than 2 pages per person. The organizational chart should be clear and concise as well, but there is no required page limit for either. Brief yet clear and concise responses are appreciated.
