San Antonio Safest Driver Contest

Art Reinhardt, PE, CFM Assistant Director | Transportation & Capital Improvements

SAN ANTONIO

Enforcement

Evaluation

Boston's Safest Driver

- 90 day contest
- Goal to make roads & drivers safer
- Reduce unsafe behaviors through feedback & tips
- Nudge drivers through incentives & competition
- Provide valuable feedback to city on road conditions

Inspiration

Allstate "DriveWise"

Progressive "SnapShot"

Liberty Mutual "RightTrack"

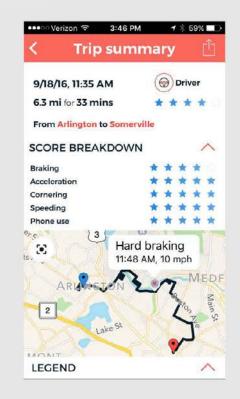

Mayor Martin J. Walsh

Safe Driving App

Results

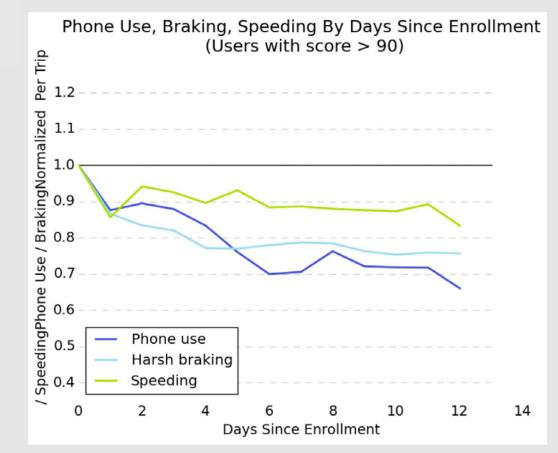

Total miles: 3,030,793

- 274,428 driving trips
- 36,446 non-driving trips
- 5,588 biking trips
- 19,143 miles biking

For the most active users (top 25%), there were significant reductions in unsafe behaviors:

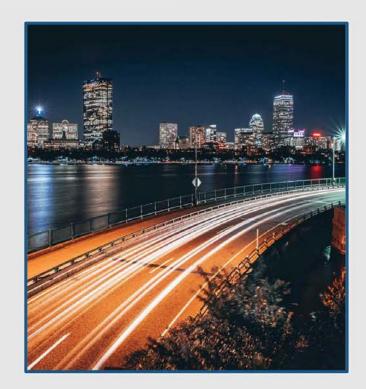

- 47% in phone use
- 37% in harsh braking
- 35% in speeding

 $\ensuremath{\textcircled{\sc c}}$ 2017 Cambridge Mobile Telematics. All Rights Reserved.

Key Learnings

- Events: where are people slamming on brakes / speeding / using their phone
- **Trips**: where do trips start and end
- **Trip mode:** car vs passenger vs bike vs bus vs train
- Paths: what roads do people use

Feedback

"This app finally allows me to prove to my husband I'm a better driver. We LOVE IT!!" Carrie, Charlestown

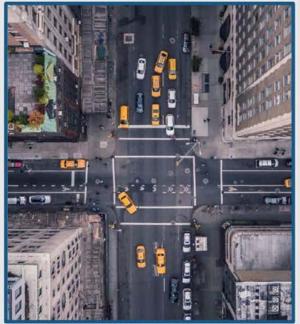

Mayor Martin J. Walsh

Risky intersections

Path use (bicycle use case)

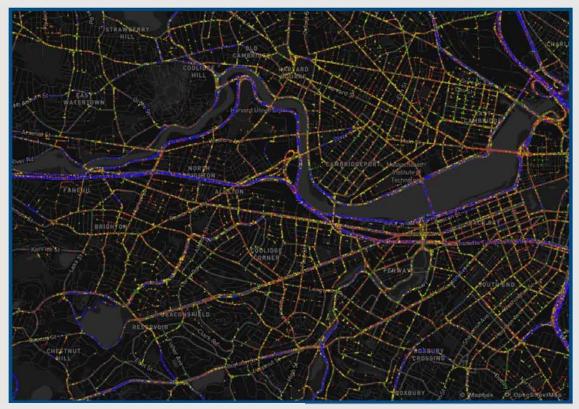

O/D pair & travel-time analysis

Bikers aren't using new bike path

Events in Boston Area

Blue = Speeding Red = Phone distraction Yellow = Braking Green = Accel Orange = Cornering

- Drivers on Longfellow bridge are on their phones a lot!
- 2. Lots of harsh braking along Memorial Drive
- 3. Speeding on the Pike, but also some other specific roads
