Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	Bringing and knowing what people want and need is important as an investor in San Antonio. Not speaking monetarily, but person to person, people are the reason we develop, create and push for a better future. There is a clear long standing tradition about SATX that should be kept and recognized. That fact that people love to stay and be ambitious or be proud of their part of town is impressive. Residents should be rewarded for honoring their city and and keeping what they have theirs. I want to help in showcasing activities,

	development, and progress for what residents of SA deserve. If asked if we all contributed to a change, I want it to be a yes on my part. SA has welcomed me and allowed me to grow in many facets and plan to get others aware about topics, finances, possibilities , and influences that can keep SA a growing city. A city that deserves to grow and shown that it matters that what we are building will contribute directly to how we preserve and invest as a community.

<p>Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:</p>	<p>After the 2016 election I came to the realization that our society in general lacks a sufficient pool of true leadership and the population at large is generally ignorant of the systems that impact our everyday lives. Rather than place this responsibility in the hands of others, as a citizen I have the duty to seek involvement, become educated in governance, and share information with fellow citizens so that we do not continue to be subject to the whims of unreasonable people in power. San Antonio is on the verge of greatness and I am enthusiastic about the current cohort of leaders driving our city's potential into the future. I believe now is the time for positive change and I believe I have sound long-range ideas that can help shape that potential into actionable efforts.</p>

Through my time on the Planning Commission, I

	<p>have fought for neighborhoods, transportation, future planning, and preserving San Antonio. I firmly believe that the next few years will be transformative to San Antonio and the Planning Commission plays a vital role. I have been arguably the biggest proponent for the SA Tomorrow plan on the Commission, voicing unpopular opinions when plan amendments fit the desired outcome of SA Tomorrow. Holding the Commission accountable to the SA Tomorrow plan is crucial, and I would like to continue that effort. Thank you, Casey Whittington</p>
