1. Briefing, Discussion, and Possible Action Regarding the Habitat Compliance Form and Possible Modifications to the Form. [Roderick J. Sanchez, Assistant City Manager; Michael Shannon, Director, Development Services]

Michael Shannon stated that between 2005-2008, the Military approached the City to create Ordinances for compatible development. He reviewed the city initiatives made since that time. He stated that an Ordinance passed in 2009 required that Habitat Compliance Forms (HCFs) must be submitted with:

- Master Development Plans
- Planned Unit Developments
- Subdivision Plats
- Tree Permits

Mr. Shannon noted that the Ordinance affects properties of two or more acres. He stated that the HCF was developed in coordination with:

- Various city departments
- Bexar County
- Military
- Texas Parks and Wildlife (TPWD)
- U.S. Fish and Wildlife Service (USFWS)
- Task Force comprised of development community

He noted that the HCF with the USFWS was utilized as:

- Communication tool
- Notification of development activity within city limits

He stated that the purpose of the HCF with the USFWS was to alert the USFWS so they can enforce the Endangered Species Act (ESA). He noted that recent projects have highlighted that the HCF:

- Lacks clarity
- Does not address studies completed
- Does not address if Biologist concurs with statements made by the owner

Mr. Shannon stated that staff recommended approval of the creation of a Task Force to consider updates to the HCF.

Councilmember Pelaez moved to approve the creation of a Task Force to consider updates to the HCF. Councilmember Shaw seconded the motion. The motion carried unanimously by those present.
