The historic preservation officer shall be the agent of the city for the purposes of administering this division provided that the historic preservation officer request a recommendation from the historic and design review commission. Each application shall be signed and sworn to by the owner of the property and shall:
 - (1) State the legal description of the property proposed for certification;
 - (2) Include an affidavit by the owner describing the historic significance of the structure in need of tax relief;
 - (3) Include a final complete set of plans for the historic structure's restoration or rehabilitation;

- (2) Tax Assessor-Collector Approval. Upon receipt of the certified application for tax exemption as well as the recommendation of the historic and design review commission, the city's tax assessor-collector shall within thirty (30) days approve or disapprove eligibility of the property for tax relief pursuant to this division. In determining eligibility, the tax assessor-collector shall first determine that all the requirements of this division have been complied with and that only the historic structure and the land reasonably necessary for access and use thereof is to be provided favorable tax relief.
- (e) Verification of Completion. Upon completion of the restoration and rehabilitation, together with a fee as specified in Appendix "C" of this chapter, the owner, who may not be the same as at the time of application, shall submit a sworn statement of completion acknowledging that the historically significant site in need of tax relief to encourage preservation has been substantially rehabilitated or restored as certified by the historic and design review commission. The historic and design review commission, upon receipt of the sworn statement of completion, but no later than thirty (30) days thereafter, shall make an investigation of the property and shall recommend either approval or disapproval of the fact that the property has been substantially completed as required for certification. If the historic and design review commission recommends that it has not been substantially completed as so required, then the certified applicant may be required by the historic preservation officer to complete the restoration or rehabilitation in order to secure the tax exemption provided herein. If the verification of completion is favorable, the historic and design review commission shall recommend approval and the historic preservation office may notify the tax assessor-collector in writing of compliance. Thereafter, the tax assessor-collector shall provide the property with the historic tax exemption.
- (f) Historic Preservation Tax Exemptions.
 - (1) Historic Preservation Tax Exemption for Residences in Need of Substantial Repair. In accordance with the provisions of this chapter, a historically significant residential building, which meets both the definitions of a historically significant site in need of tax relief to encourage preservation and of a residential property in Appendix "A" of this chapter, and is either individually designated or is located within the boundaries of a locally designated historic district which is substantially rehabilitated and is approved by the chief appraiser of the Bexar County Appraisal District, shall have an assessed value for ad valorem taxation as follows:
