## 008 - STANDARD DEFINITIONS

Whenever a term defined by the Uniform Commercial Code ("UCC"), as enacted by the State of Texas, is used in the Contract, the UCC definition shall control, unless otherwise defined in the Contract.

All-or-None Bid - an invitation to bid in which the City will award the entire contract to one bidder only.

Alternate Bid - two or more bids with substantive variations in the item or service offered from the same bidder in response to a solicitation.

Assignment - a transfer of claims, rights or interests in goods, services or property.

Bid - a complete, signed response to a solicitation. The term "bid" is synonymous with the term "offer".

Bid Opening - a public meeting during which bid responses are disclosed.

Bidder - a person, firm or entity that submits a bid in response to a solicitation. The bidder whose bid is accepted by City may also be referred to herein as Contractor, Vendor or Supplier.

Bid Bond or Bid Guarantee - security to ensure that Bidder (a) will not withdraw the bid within the period specified for acceptance, and (b) will furnish any required bonds or performance guarantees, and any necessary insurance within the time specified in the solicitation.

Change Order - a change to the plans or specifications of the contract, or an increase or decrease in the quantity of work to be performed or of materials, equipment, or supplies to be furnished, issued by the Director after the bid has been accepted by the City.

City - the City of San Antonio, a Texas home-rule municipal corporation.

Contract - the binding legal agreement between the City and Vendor.

Contractor - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Director - the Director of City's Purchasing & General Services Department, or Director's designee.

Equal or Equivalent - terms to indicate that similar products or other brands may be acceptable for purchase if specifications and functional requirements are met.

Invitation for Bid (IFB) - a solicitation requesting pricing for a specified good or a service.

Line Item - a listing of items in a bid for which a bidder is expected to provide separate pricing.

Low Bid - a bid which is lowest in price, but may not meet all requirements or specifications.

Lowest Responsible Bidder - the bidder whose bid meets all requirements of the specifications, terms and conditions of the IFB and results in the lowest cost to the City in an award based solely on price, taking into consideration the bidder's competence and qualifications to perform the contract.

Non-Responsive Bid - a bid or offer that does not comply with the terms and conditions, or specifications and/or requirements of the IFB.

Offer - a complete, signed response to an IFB that, if accepted, would bind the bidder to perform the resultant contract. The term "offer" is synonymous with the term "bid".

Payment Bond - a particular form of security provided by the contractor to protect the City against loss due to the contractor's failure to pay suppliers and subcontractors.

Performance Bond - a particular form of security provided by the contractor to protect the City against loss due to the contractor's inability or unwillingness to complete the contract as agreed.

Performance Deposit - security provided by the contractor to protect the City against loss due to the contractor's inability or unwillingness to complete the contract as agreed.

Pre-Submittal Conference - a meeting conducted by the City, held in order to allow bidders to ask questions about the proposed contract and particularly, the contract specifications.

Purchase Order - a validly issued order placed by an authorized City department for the purchase of goods or services, written on the City's standard purchase order form, and which is Vendor's authority to deliver to and invoice the City for the goods or services specified in an IFB for the price stated in Vendor's bid.

Responsible Bidder - a bidder who is known to have the necessary competence and qualifications to perform and provide all requirements of an intended contract.

Responsive Bidder - a bidder who tenders a bid which meets all requirements of the invitation to bid and is a responsible bidder.

Sealed Bid - a bid submitted as a sealed document, whether hard copy or electronic, by a prescribed time to the location indicated in the IFB. The contents of the bid will not be made public prior to the bid opening.

Specifications - a description of what the City requires and what the bidder must offer; a description of the physical or functional characteristics of a product or material, or the nature of a service or construction item.

Subcontractor - a person, firm or entity providing goods or services to a vendor to be used in the performance of the Vendor's obligations under the contract with the City.

Supplier - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Vendor - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Waiver of Irregularity - noting, but disregarding an immaterial variance within a bid.

007 - SIGNATURE PAGE

By submitting a bid, whether electronically or by paper, Bidder represents that:

(s)he is authorized to bind Bidder to fully comply with the terms and conditions of City's Invitation for Bid for the prices stated therein;

(s)he has read the entire document, including the final version issued by City, and agreed to the terms therein;

Bidder is in good standing with the Texas State Comptroller's Office; and

to the best of his/her knowledge, all information is true and correct.

If submitting your bid by paper, complete the following and sign on the signature line below. Failure to sign and submit this Signature Page will result in rejection of your bid.

Bidder Information:

Please Print or Type:

Vendor ID No.: 74-2340992

Signature of Person Authorized to Sign Bid

## 009 - ATTACHMENTS

### Attachment A

#### PRICE SCHEDULE

##### Local Preference Program (LPP) Ordinance

The 82nd Texas Legislature adopted a revision to the law that allowed the City of San Antonio (City) to adopt a policy that would grant contracting preferences to local businesses for certain types of contracts. The City adopted such a policy, known as the Local Preference Program, described in the San Antonio City Code Chapter 2, Article XII, effective for solicitations issued after May 1, 2013.

This solicitation is subject to the Local Preference Program. For more information on the program, refer to the Local Preference Program Identification Form attached to this solicitation.

In order to receive consideration the Local Bidder must complete and return the attached Local Preference Identification Form.

### ADDENDUM I

**SUBJECT:** Formal Invitation For Bid (IFB) 6100010987 MEDIUM AND HEAVY DUTY TRUCKS scheduled to open Wednesday, January 9, 2019 date of issue December 12, 2018.

**DATE:** December 21, 2018

**THE ABOVE MENTIONED INVITATION FOR BID (IFB) IS HEREBY AMENDED AS FOLLOWS:**

- 1. THE BID OPENING REMAINS WEDNESDAY, JANUARY 9, 2019 2:00 P.M. CENTRAL TIME.**
- 2. IFB Document Section 004 – Specifications / Scope of Services:**

Some paragraph numbers listed in the bid document have changed to reflect the correct number.

<b>4.3</b>	<b>ITEM</b>	<b>QUANTITY</b>	<b>DESCRIPTION</b>
	<b>1</b>	<b>3</b>	<b>60K GVWR 5th Wheel Tractor Truck</b>

**Changed to read:**

- 4.3.3 TRANSMISSION/DRIVE** - Eaton Fuller Manual; or proven equal. Minimum 10 speed transmission that is capable of producing a minimum of 1750 ft. lb. of gross torque and should be at +/- 70% of engine ground RMP. Nominal torque rise minimum 25%, with viscous or electromagnetic fan clutch. Road speed electronically governed to 70 MPH + / - 2 MPH.

**Changed to read:**

- 4.3.4 FRAME** - Minimum 3,000,000 RBM. (No Change)

**Changed to read:**

- 4.3.5 FRONT AXLE** - Minimum 14,600 lbs. capacity with 14,600 lbs. spring with Stemco front wheel bearing oiler or proven equal for maintenance free axle.

**Changed to read:**

- 4.3.6 REAR AXLE** -Tandem axle configuration- 6x4 design. Single speed tandem drive, minimum 46,000 lbs. capacity. Gear ratio installed must be capable of 70 +/- 5 mph geared road speed at full engine governed RPM. Driver controlled differential locks on both rear axles.

Changed to read:

**4.3.7 SUSPENSION** - Equipped with manufacturer's heavy duty air-ride or spring suspension applicable to axle ratings and overall gross vehicle weight.

Changed to read:

**4.3.8 TIRES & WHEELS** - Wheels to be 10 hole hub piloted steel disk wheel, minimum 315/80R22.5, steel belted tubeless radials, minimum load range G tires, on/off highway tread design. Front wheels to be highway tread design. Rear dual wheel application shall be on-off, self-cleaning, florescent lug design. All wheels to be equipped with fluorescent loose lug indicators.

Changed to read:

**4.3.15 UNIT TO BE EQUIPPED WITH THE FOLLOWING:**

- 4.3.15.1 Minimum one (1) electrical and one (1) air horns.
- 4.3.15.2 Turn indicators, front and rear, stop and tail lights.
- 4.3.15.3 Tachometer
- 4.3.15.4 Water Temperature, Oil Pressure, and volt/amp gauges
- 4.3.15.5 Adjustable steering column
- 4.3.15.6 Power Port/ USB charging port
- 4.3.15.7 DOT reflectors flare kit
- 4.3.15.8 5 lb. Fire extinguisher mounted in cab not obstructing operator's field of vision or operation of vehicle.
- 4.3.15.9 Fixed interval wiper control with windshield washer
- 4.3.15.10 Minimum four (4) factory installed up-fitter switches.

Changed to read:

**4.3.20 WET KIT:** A truck mounted wet kit will be provided and installed to pull both a Warren WRDT-2424-2-SS dump trailer and a CTS HRD 32 end dump trailer; kit must also include in-cab controls to operate trailers. Prior to delivery of unit to the City, vendor will reach out to end user department and identify the necessary connections for the trailer being utilized. May require post-delivery coordination to finalize in-cab controls. A hot shift PTO mounted and a direct mount pump will be installed on the truck transmission which produces 50-90% of engine RPM. A metal hydraulic reservoir to be mounted behind cab and be a minimum of 70 gallon capacity. Hydraulic controls to be mounted inside truck cab readily accessible to the driver. All valves and fittings required to make wet kit and trailer completely operational to include one female quick coupler and one make quick coupler. Quick connect couplings to be located in a protected area near the front bumper. Couplings will not be mounted to the bumper. Equipped with glad-hands suitable truck. Female coupling ½" Milton M Type or approved equal to air tanks. Wet kit to be filled to capacity with SAE 10 Hydraulic oil.

4.4	ITEM	QUNATITY	DESCRIPTION
	2	4	52K GVW 12 Cubic Yard Dump Truck

Changed to read:

**4.4.3 TRANSMISSION/DRIVE** - Eaton Fuller Manual; or proven equal. Minimum 10 speed. Transmission must be capable of producing a minimum of 1650 ft.lb of gross torque. Normal torque rise shall be a minimum of 25% with viscous or electromagnetic fan clutch.

Changed to read:

**4.4.14 UNIT TO BE EQUIPPED WITH THE FOLLOWING:**

- 4.4.14.1 Minimum one (1) electrical and one (1) air horns.
- 4.4.14.2 Turn indicators, front and rear, stop and tail lights.
- 4.4.14.3 Tachometer
- 4.4.14.4 Water Temperature, Oil Pressure, and volt/amp gauges
- 4.4.14.5 Adjustable steering column
- 4.4.14.6 Power Port/ USB charging port
- 4.4.14.7 DOT reflectors flare kit
- 4.4.14.8 1b. Fire extinguisher mounted in cab not obstructing operator's field of vision or operation of vehicle.
- 4.4.14.9 Fixed interval wiper control with windshield washer
- 4.4.14.10 Minimum four (4) factory installed up-fitter switches.

4.5	ITEM	QUANTITY	DESCRIPTION
	3	1	Class 5, Single Cab, DRW, Extended Height Service Body

Changed to read:

- 4.5.11.4.5 Stainless rotary T-handle on all side doors with double spring over center door retainers on all vertical doors.

4.8	ITEM	QUANTITY	DESCRIPTION
	6	3	1 Ton Regular Cab DRW with Traffic Utility Storage

Changed to read:

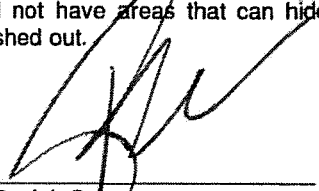

- 4.8.22 This bid item will be replacing (3) 2011 Ford F350 customized truck suited for traffic sign operations. The Transportation & Capital Improvement department is replacing #037011, #1448, and #1449. The current truck has less lighting than the specification listed here. Vehicle is available for inspection by appointment only. Appointments can be scheduled no later than January 7, 2019.

4.14	ITEM	QUANTITY	DESCRIPTION
	12	4	¾ Ton Live Animal Transport Truck

Changed to read:

- 4.14.12 **ANIMAL COMPARTMENTS-** Compartments will be utilized for live animal transport and should consist of 4 compartments on curbside and 4 compartments on street side. 1 street side and 1 curb side compartments shall measure as follows: Minimum 28"W x 37" H x 26" D with a rear accessible central storage separating them running down the center of the vehicle. 1 street side and 1 curb side compartments shall measure as follows: Minimum 28"W x 37" H x 38" D. 2 compartments shall extend the width of the unit with accessibility doors on both street side and curb side and measure as follows: Minimum 28"W x 37" H x 80" D with a centerline door that is capable of locking in the closed and open position. When the centerline door is locked in the "closed" position, it will create a street side and curb side compartment capable of animal transport and each measuring minimum 28"W x 37" H x 38" D. When centerline door is locked in "open" position, it will create a single

compartment that is accessible from street side or curbside that is capable of facilitating an animal trap measuring 48"L x 20"W x 26"H or a single large animal. External door shall be rear facing. Each compartment shall be internally flush against one another, with the exception of the street side and curb side compartments in the rear which will be separated by the storage compartment outlined below. To allow the removal of fluids, all floors should be on a 1/4" slope per foot towards the middle of the compartment to a minimum 1.5" ID drain. All dog compartments shall be designed in a square format as to allow washing with hose without spray-back. Drain holes are to be centered in each compartment and the pass through compartments shall each have 2 drains to facilitate being used with the centerline doors locked in the "closed" position to carry 2 animals. For safety of operators, all doors (excluding rear storage compartment) should have secondary interior safety doors made of stainless steel with catch-pole opening. The interior door must be secured with a chrome-plated or stainless steel rotary T-Handle latch which is easily operated while securing animals. All dog compartments shall not have areas that can hide or prevent pestilence carrying debris from being easily washed out.
