San Antonio, TX 78227

Dear Mr. Ellis:

RE: Designee for the Conservation Advisory Board

The protection of the Edwards Aquifer is important, as it is one of our most vital natural resources. The San Antonio Water System (SAWS) recognizes the efforts of the Conservation Advisory Board (CAB), which is tasked with making recommendations to the San Antonio City Council on the Proposition One Land Acquisition Program.

This letter serves to designate Scott R. Halty, Director, Resource Protection and Compliance, as SAWS' representative to serve on CAB. I believe Scott has demonstrated his dedication to the land stewardship and that his knowledge of the geology of the Edwards Aquifer System will prove to be beneficial in your review and evaluation activities.

Sincerely,
