# BACKGROUND

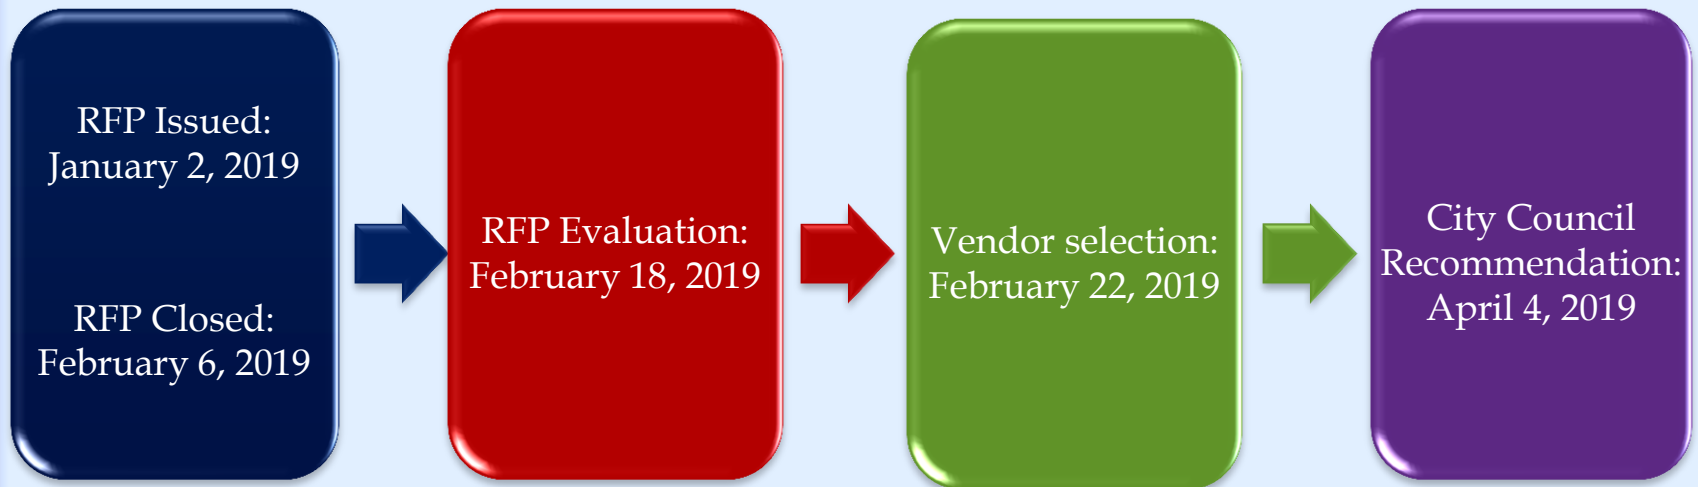

## *Occupational Health Safety Management System (OHSMS) ISO 45001:2018 Certification Auditing Services*

Services will consist of auditing management system elements to allow the City to follow a world-class excellence standard to:

- Ensure safety processes are standardized.
- Reduce frequency, severity and costs of work-related accidents and injuries.
- Improve safety culture among City employees and community.

Services will include issuing an internationally-recognized Certificate to each City department participating in the City-wide OHSMS program.

# BACKGROUND

# RECOMMENDATION
