

**FINANCE DEPARTMENT
Certificate of Exemption Form**

Date: 03/07/2019

Originating Department: AVI-Fac. Maint 2-522722

The City is authorized under limited conditions to make procurements outside of the competitive solicitation process. Chapter 252 of the Local Government Code provides guidance regarding sixteen general exemptions from the competitive solicitation. Please select one exemption.

- | | |
|--|--|
| <input type="radio"/> a procurement made because of a public calamity that requires funds to relieve the needs of the residents or to preserve city property | <input type="radio"/> paving, drainage, street widening and other public improvements or related matter where at least one-third of the costs are paid by special assessments |
| <input checked="" type="radio"/> a procurement to preserve or protect the public health or safety of the city's residents | <input type="radio"/> a public improvement project which has been authorized but for which there is deficiency of funds to complete in accordance with the plans as authorized |
| <input type="radio"/> a procurement necessary because of unforeseen damage to machinery, equipment or other property | <input type="radio"/> a payment under a contract by which a developer participates in the construction of a public improvement as provided by subchap. c, ch 212. |
| <input type="radio"/> a procurement for personal, professional or planning services | <input type="radio"/> personal property sold |
| <input type="radio"/> a procurement for work that is performed and paid for by the day as the work progresses | <input type="radio"/> services performed by blind or severely disabled persons |
| <input type="radio"/> a purchase of land or right-of-way | <input type="radio"/> goods purchased by a municipality for subsequent retail sale by the municipality |
| <input type="radio"/> a procurement of items available from only one source | <input type="radio"/> electricity |
| <input type="radio"/> a purchase of rare books, papers and other materials for a public library | <input type="radio"/> advertising, other than legal notices |

This Certificate of Exemption is executed and filed with the Finance Department as follows:

1. The undersigned is authorized to approve an exemption.
2. An exemption according to Section 252.022 of the Local Government Code exists. More specifically, the following event has occurred:

On February 9, 2019, the Aviation Department/Facilities Division was notified by Southwest employees of leaks coming from the ceiling in the Southwest gate area of Terminal A. Due to weather constraints and continuous rainfall a permanent fix could not be scheduled at that time. With more rain falling the week of February 11th additional leaks were discovered in the same area. To mitigate any health risks including slip, trip and fall hazards due to dripping rain water, Facilities scheduled a repair of the roof in order to protect the health and safety of all passengers, airline employees, and other patrons. Because the area affected is one of the busiest gate areas at the San Antonio International Airport, this fix was of the utmost urgency and importance. Contractor began work to repair the roof above Gate 14 on February 26, 2019 and completed the work on March 1, 2019. Damaged seams in the designated area will be sealed with a 3 course metacrylics gel and fabric system. A total of 5,281.50 square feet will be repaired.

3. Because the exemption stated above exists, the City of San Antonio intends to contract with Triple G Enterprise which will cost approximately \$ 61,987.70.
