III. BACKGROUND

A. City Action.

Resolution of Intent No. 99-22-23, passed and approved by the City Council of the City on May 27, 1999, expressed the City’s intent to create a tax increment reinvestment zone in accordance with Chapter 311, Texas Tax Code, to support revitalization activities for the TIRZ, and the development of the Project. On August 19, 1999, the City Council of the City passed and approved Ordinance No. 90312, which created the TIRZ.

B. Project Location.

The Project is located in the southern section of the City of San Antonio, approximately 1.5 miles south of Loop 410 South on U.S. Highway 281 South adjacent to Mitchell Lake, near Mission del Lago Golf Course. The Project is in the Southside Independent School District and encompasses approximately 812.132 acres.

C. Project Value.

The Year End Assessed Value TIRZ as determined by the Bexar Appraisal District is one million, three hundred twenty-three thousand, four hundred ten dollars (\$1,323,410.00) and the projected Year End Assessed Value of all the taxable real property in the TIRZ in Tax Year 2027 is estimated to be four hundred thirty-two million, three hundred sixty-seven thousand, one hundred sixty-three dollars (\$432,367,163.00). The Project does not include the issuance of TIF bonds or certificates of obligation.

D. Project Debt.

The Project does not include the issuance of TIF bonds or certificates of obligation. However, as part of the Settlement and Release Agreement by and between the City and the initial developer, Mission Del Lago Ltd., the City funded certain street repairs to Unit 8 of the subdivision (the "Street Reconstruction Project") through the issuance of a tax note, which note shall be paid by TIRZ Tax Increment.

E. Developer Reimbursement.

To date, the Developer has been reimbursed a total of \$16,326,063.81 in approved Project costs, which resulted in the development of 866 single family homes; 240 apartment units in two complexes; 101 single family lots; one public park (including tennis courts and a playground); one SISD elementary school.

F. Project Phasing and Duration.

The approximate 812 acre tract is being developed primarily for single family residential use. The first 16 phases of residential development have been constructed. There are an additional 150 lots scheduled for development in 2019, 125 in 2020, and 125 in 2021. The remaining 1,108 lots are projected to be developed by 2032. The single family homes in the Mission Del Lago development sell between \$180,000 and \$240,000. The TIRZ is projected to terminate in fiscal year 2032, unless earlier termination occurs under this Agreement (the "term of the TIRZ").

G. Mutual Agreement.

The City and the School District agree to participate in the TIRZ, and to deposit their respective Tax Increment Payments to the Tax Increment Fund, in accordance with the terms, and in consideration of the agreements set forth herein. The School District hereby acknowledges receipt of notice of the initial creation of the TIRZ. The Parties hereto agree that, except as

provided herein, no tax-supported public debt instrument will be issued by a Participating Taxing Entity, or the Board to finance any costs or improvements on the Project.

IV. RIGHTS AND OBLIGATIONS OF THE SCHOOL DISTRICT

A. Tax Increment Participation by the School District

The School District initially agreed to participate in the TIRZ by contributing one hundred percent (100%) of the ad valorem Tax Increment produced in the TIRZ attributable to the School District to the Tax Increment Fund during the initial term of this Agreement, through Tax Year 2016. The School District was reimbursed thirty-five percent (35%) of such Tax Increment for construction of Educational Facilities. Subject to the limitations set out in this Agreement, from the period from the 2017 Tax Year to the 2031 Tax Year, the School District agrees to participate in the TIRZ by contributing the net sixty-five percent (65%) of the ad valorem tax increment to the Tax Increment Fund, the total School District Tax Increment payments to the TIRZ fund over the term of the TIRZ shall not exceed the original CAP of seventy-four million, eighteen thousand, one hundred and sixty-five dollars (\$74,018,165).

B. Tax Increment Payment

1. The School District's obligation to contribute its Tax Increment Payment to the Tax Increment Fund, as provided in Section IV.A.1. of this Agreement, shall accrue as the School District collects its Tax Increment. The Parties hereto agree that all real property taxes collected each year by the School District that are attributable to real property in the TIRZ, shall first constitute taxes on the Tax Increment Base and after the total amount of taxes on the Tax Increment Base have been collected, shall then, except as may be excepted herein, constitute the Tax Increment. The School District agrees to deposit its Tax Increment Payments to the Tax Increment Fund on or before April 15 and September 15 (or the first business day thereafter) of each year. The amount of each Tax Increment Payment shall be based on the Tax Increments that were received by the School District, and not previously deposited, during the semi-annual periods preceding each deposit date (For example, the first deposit on April 15, 2007 was for Tax Increments received, and not previously deposited, through January 31, 2007. The next deposit on September 15, 2007 was for Tax Increments received, and not previously deposited, through June 30, 2007.) The Parties agree that the School District's obligation to deposit Tax Increment Payments after September 30, 2032 shall only be for taxes collected and received after such date that are attributable to the time period during which the School District agreed to participate. Under no circumstances shall the School District be required to participate in the TIRZ after September 30, 2032.
2. One month prior to a payment required under Section IV B. 1. of this Agreement, the City shall provide to the School District an updated fact sheet that includes detail as to what portion of the Project has been completed to date, a schedule of what portion of the Project is to be completed in the following year and a current roster of the Board members, including the term of each board member, the entity that appointed the board member and the date for the annual meeting. The update shall also include a summary of

requests for reimbursements that have been submitted to the City by the Developer, and a report showing Board or City approved expenses. Also prior to the School Districts payment, the City shall provide a statement of TIF Fund activity, including a tally of requests for reimbursement, City and Board approved payments, payments not approved by the City and the Board, outstanding balance due to the Developer, or if the maximum contribution has been reached, the pro rata balance due to each participating entity.

3. Pursuant to the Act, in the event there is a conflict between the Parties in regards to the amount of the Tax Increment owed by the School District, the Parties agree that the School District will make a reasonable determination as to the amount of any Tax Increment owed by the School District under this Agreement and the School District will be responsible for reasonably determining which tax collections will be apportioned for purposes of determining the School District's Tax Increment. The annual Total Year End Assessed Value of all real property taxable by the School District located in the. TIRZ shall be determined through an independent third party verification obtained from the Bexar County Appraisal District. The Bexar County Tax Office will verify taxes levied and collected in regards to the property contained with the TIRZ. Any delinquent deposit of a Tax Increment Payment under this Agreement by the School District shall be administered as provided in Section 311.013(c) of the Texas Tax Code (or its successor provision). The Parties expressly agree that the School District shall not owe any penalty or interest on Tax Increments that have been levied, but not received.
4. The School District's Tax Increment Participation and obligation to participate in the TIRZ shall be restricted to its Tax Increment collected on the Captured Taxable Value in the TIRZ. The School District shall not be obligated to pay its School District Tax Increment Participation from other School District taxes or revenues or until the School District Tax Increment Participation in the TIRZ is actually collected. The obligation to pay the School District Tax Increment Participation shall accrue as taxes representing the School District tax increment are collected on behalf of the School District and payment shall be due on the first day of each calendar quarter. The School District shall not be obligated to pay its School District Tax Increment Participation in the event that the City discontinues its contribution to the Tax Increment Fund during the Agreement Term described in Section VI of this Agreement unless the discontinuance is in compliance with and authorized by a written amendment to this Agreement.
5. The City and the Board agree to comply with the Project Plan and the Development Agreement. The City and the Board agree to provide prior written notice to all Participating Taxing Entities of a proposed material change (by which is meant any change that would constitute a seven percent (7%) increase or decrease in either the Project Cost or the scope and scale of the Project) to the Project Plan or the Development Agreement. The City shall have the right to amend and modify the Project Plan and the Development Agreement without providing prior written notice to the Participating Taxing Entities so long as such amendment or modification does not constitute a material change. The Participating Taxing Entities shall have a period of thirty (30) business days from the date of receipt of such notice of a material change to provide comment(s) and objection(s) to the proposed change. The absence of written objections or comments by

the Participating Taxing Entity to the City will constitute approval of the proposed material change by the Participating Taxing Entity. If a Participating Taxing Entity provides written notice to the City that it objects to the proposed material change to the Project Plan or the Development Agreement, and the objection, as set out in the notice, is not resolved within forty-five (45) business days from the date of such notice and the City approves such material change, then the Participating Taxing Entity providing the objection may thereafter discontinue its Tax Increment Payments and terminate its participation in the TIRZ.

6. If any Party to this Agreement materially breaches this Agreement, then a Participating Taxing Entity may provide written notice to the City and the Board (with a copy to any other Participating Taxing Entity still contributing Tax Increment Payments) stating its intent to terminate its participation in the TIRZ and detailing its objection(s) or concern(s). If the objection and/or concerns as set out in the notice is not resolved within ninety (90) business days from the date of such notice, then the Participating Taxing Entity providing the notice may discontinue its Tax Increment Payments and terminate its participation in the TIRZ. Pursuant to Section IV. B. 4 in the event a Participating Tax Entity discontinues its Tax Increment Payment and terminates its participation in the TIRZ under this provision, then the School District will have no further obligation to contribute its Tax Increment Payment to the Tax Increment Fund.

Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, the School District shall not have any obligation or responsibility for any costs or expenses associated with the development of the TIRZ or the implementation of the Project Plan, including, without limitation, any obligation to pay or repay any debt issued by another Participating Taxing Entity, the TIRZ, or Board relating to the TIRZ or any costs associated with the operation of the TIRZ, the Project, or any other projects relating thereto.

C. Changes in Applicable Laws

Notwithstanding any other provision of this Agreement, in the event and to the extent that Texas law applicable to the School District or tax increment reinvestment TIRZs is changed subsequent to the effective date of this Agreement, or there is an interpretation, ruling, order, decree, or court decision interpreting existing or subsequently enacted law applicable to the School District or tax increment reinvestment TIRZs, whether administratively by the Texas Education Agency, the Comptroller of Public Accounts of the State of Texas, the Attorney General of the State of Texas, or by a court of competent jurisdiction, or for any other reason, with the result that the participation of the School District in the TIRZ decreases the aggregate amount of the state and local funds available to or received in any school year by the School District during the term of this Agreement that would otherwise be available to or received by the School District in such school year if the School District was not participating in the TIRZ during that year, as determined by the School District subject to the review by the City as to the accuracy of the calculations, the School District's Tax Increment Participation shall, at the option of the School District, be reduced in an amount equal to the amount of the decrease in the aggregate state and/or local funding available to or received in that school year by the School District during the term of this Agreement as a result of the School District's participation in the TIRZ. The School

District shall provide the City sufficient information for the City to review the accuracy of the calculation of loss. Such a reduction in the participation level of the School District will not create any further obligation on the part of the other participating taxing entities.

For any School District fiscal year that the School District intends to decrease its participation in the TIRZ pursuant to this Article, the School District will give written notice to the City and TIRZ Board of any interpretation, ruling order, decree or court decision which will decrease the aggregate amount of state and local funds available to the School District no later than two (2) months after the School District has actual knowledge of such event and will provide the School District's calculation of the decrease no later than ten (10) months following the end of the fiscal year in which the event occurs. The City shall have two (2) months to review the School District's calculations. If the School District submits the calculation after the payment of its tax increment for the applicable year, the deductions shall be made from the School District's future payments of the School District Tax Increment Participation.

At any time the School District may make a demand for reimbursement of funds previously deposited by the School District in the Tax Increment Fund when it determines that, by virtue of its previous payments into the Fund, the School District received a reduction in the combined revenues from both local and state sources that the School District would have received had the School District not participated in this Agreement. Any demand for reimbursement shall be accompanied by written explanation showing the calculations underlying the claim for reimbursement and a reference to any rule, statute, or administrative interpretation, which explains the calculations. In the event that the City receives a claim for reimbursement, the City or TIRZ Board shall, within thirty (30) calendar days, return the funds claimed for refund to the School District, provided said funds are available. If the City or TIRZ Board wishes to contest the claim for reimbursement, it shall, within thirty (30) calendar days of receipt of a request send a written objection to the reimbursement request and shall immediately segregate and maintain the contested amounts, provided said funds are available, in an interest bearing reserve account pending the resolution of the dispute.

D. Management of the TIRZ

1. The City is the only Participating Taxing Entity with any responsibility for managing or administering the Project. The Participating Taxing Entities, during the term of this Agreement, may inspect the Project site and review Project plans and drawings at times and intervals that will not interfere with ongoing operations.
2. The Board shall be composed of nine (9) members, as provided under Section 311.009(b) of the Act. The School District shall have the unequivocal right to appoint to, and maintain one member on, the Board. Failure of the School District to appoint a person to the Board shall not be deemed a waiver of the School District's right to make an appointment by a later date.

E. Expansion of the TIRZ

The obligation of the School District to participate in the TIRZ is limited to the description of the TIRZ contained in the Project Plan and Finance Plan. The School District's participation shall not extend to the Tax Increment on any additional property added to the TIRZ by the City unless the School District approves in writing such participation.

V. RIGHTS AND OBLIGATIONS OF CITY AND BOARD

A. Tax Increment Participation by CITY

Subject to the terms of this Agreement, the City agreed to participate in the TIRZ by contributing to the Tax Increment Fund one hundred percent (100%) of its Tax Increment each year during the initial term of this Agreement, beginning with the 1999 Tax Year and running through the 2026 Tax Year. Beginning in the 2027 Tax Year, the City agrees to participate in the TIRZ by contributing to the Tax Increment Fund seventy-five percent (75%) of its Tax Increment each year through the 2031 Tax Year. The City's contributions to the Tax Increment Fund shall end when City has contributed the maximum total contribution provided for herein or on the TIRZ termination date of September 30, 2032, whichever occurs first. Notwithstanding anything herein to the contrary, the total City Tax Increment Payments over the term of the TIRZ shall not exceed twenty-one million, two hundred twelve thousand, and eight hundred thirteen dollars (\$21,212,813.00).

B. Tax Increment Payment

1. The City's obligation to contribute its Tax Increment Payment to the Tax Increment Fund as provided above in Section V of this Agreement shall accrue as the City collects its Tax Increment. The City agrees to deposit its Tax Increment Payment to the Tax Increment Fund on or before April 15 and September 15 (or the first business day thereafter) of each year. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received by City, and not previously deposited, prior to the first day of the month preceding each deposit date. (For example, the first deposit on April 15, 2007 was for the Tax Increments received, and not previously deposited, through January 31, 2007. The next deposit on September 15, 2007 was for Tax Increments received, and not previously deposited, through June 31, 2007) Any delinquent deposit of a Tax Increment Payment by the City under this Agreement shall be administered as provided in Section 311.013(c) of the Act (or its successor provision).
2. The School District and the Board expressly agree that the City shall not owe any penalty or interest on Tax Increments that have been levied, but not received by the City. In addition, the City shall not be obligated to contribute its Tax Increment Payment from any non-Tax Increment revenue sources. Furthermore, the City shall not be obligated to contribute its Tax Increment Payment to the Tax Increment Fund in the event a Participating Taxing Entity, other than the City, discontinues its contribution to the Tax Increment Fund (except as permitted under this Agreement) during the term of this

Agreement, unless the discontinuance is in compliance with and authorized by a written amendment to this Agreement.

3. The Parties agree that payment for the performance of governmental functions or services under this Agreement shall only be made from current revenues available to the paying Party. In other words, a Party is not obligated to perform said services or functions if said Party lacks current revenues to pay for said services or functions.

C. Financing of Project Costs

Each Participating Taxing Entity shall participate in the payment of Project Costs only to the extent described herein. The City and the Board shall be entitled to enter into any other agreements to pay Project Costs and other reasonable expenses from the Tax Increments paid into the Tax Increment Fund by the City without the consent of any other Participating Taxing Entity, but will provide notice of such agreement(s) (and upon written request, will provide copies of such agreement(s) and all applicable exhibits) to each Participating Taxing Entity. However, except as provided herein, neither Board nor the City shall ever use any Tax Increment Payments contributed by a Participating Taxing Entity, other than that contributed by the City to make payments on bonds, interests of obligations, or other similar debt interests without the prior written authorization by and consent of the Participating Taxing Entity.

D. Disbursement of Funds in the Tax Increment Fund

1. Each Participating Taxing Entity agrees that the City shall administer the Tax Increment Fund on behalf of the Board, pursuant to Ordinance No. 94468, passed and approved by the City Council on August 30, 2001. No funds shall be disbursed from the Tax Increment Fund without the prior written approval of the Board and the City.
2. the School District recognizes that the Participating Taxing Entities and Board may, to the extent funds are available in the Tax Increment Fund and to the extent allowed by law, use such funds to reimburse each Participating Taxing Entity for its startup Administrative Costs, if a Participating Taxing Entity provides an invoice for its Administrative Costs with its request to the Board for reimbursement. If it is determined during the term of this Agreement that reimbursement of Administrative Costs is not allowed under law, the Parties agree that the Board shall set the amount each Participating Taxing Entity may withhold as Administrative Costs from their respective Tax Increment Payment based on the best evidence available to the Board to make such projections, including but not limited to invoices reflecting Administrative Costs incurred by the Participating Taxing Entity. The Parties agree and understand that under no circumstances shall Administrative Costs, in the aggregate, exceed the amount set out and described in Section 2.1 of this Agreement.
3. The School District further recognizes that, in addition to Project Costs and any other allowable costs, the City and the Board have represented that they may use funds in the Tax Increment Fund to pay expenditures in the following order or priority of payment: (i) to reimburse eligible startup Administrative Costs incurred by each Participating Taxing

Entity, (ii) to reimburse the City for its financial and legal advisor fees until the full amount has been paid in full; (iii) to pay all other ongoing Administrative Costs to the City for administering the Tax Increment Fund and/or the TIRZ, including coordinating all meetings of the Board; and (iv) to reimburse the Developer for public improvements, including financing costs, as provided in the Development Agreement and in the Project Plan to the extent that funds in the Tax Increment Fund are available for this purpose. The foregoing notwithstanding, no funds will be paid from the Tax Increment Fund to a Participating Taxing Entity for its financial or legal services in any dispute arising under this Agreement with another Participating Taxing Entity or Participating Taxing Entities.

E. Financing of Project Costs

The City and the School District shall participate in the payment of Project Costs only to the extent described above. The City and the TIRZ Board shall be entitled to enter into any other agreements to pay Project Costs, principal and interest on bonds, and other obligations from the tax increments paid into the Tax Increment Fund by the City without the consent of the School District.

F. Financing and Construction of Educational Facilities

A portion of the School District Tax Increment Participation equal to thirty-five percent (35%) of the amount of tax collected by the School District each year during the initial term of this Agreement (through the 2016 Tax Year) was reserved by levying a tax at a rate of up to \$1.58 per \$100 valuation on the Captured Taxable Value, and interest earned thereon, and applied toward the payment of Educational Facilities Project Costs are held in a reserve fund for such purpose. To the extent the School District retains any such funds for Educational Facilities Project Costs as of the date of this Agreement; those funds are hereby released to be used for any educational purpose permissible under state law.

G. Additional Tax under Chapter 23, Texas Tax Code

The parties agree that any additional tax provided for in Chapter 23, Texas Tax Code, and its successor statutes, which becomes due during the term of the TIRZ, shall not be a part of the School District's Tax Increment Participation and shall be retained by the School District.

H. School District Administrative Costs

The parties agree that School District Administrative Costs shall be paid by the City or the TIRZ Board to the School District from the Tax Increment Fund. In addition to the capital costs, other costs to be paid from TIRZ revenues include the City's financial and legal advisor, City Administrator fees, the School District's financial and legal advisor and other participating taxing entities administrative costs. Revenues derived from the TIRZ will be used to pay costs in the following order of priority of payment: (i) first, to the payment of eligible costs incurred by the participating taxing entities participating in the TIRZ; (ii) second, to the City's financial and legal advisor and the School District's financial and legal advisor until the total amount due has

been paid; (iii) third, administrative fees pertaining to the City or its administrator; and (iv) to the developer, on an annual basis to the extent such revenues are available for such payments.

I. Conveyance of Land

The City and the TIRZ Board agree, as a precondition to any obligation of the School District hereunder, that two (2) separate tracts of land of up to twenty-five (25) contiguous acres each within the TIRZ shall be given as gifts from the owners of property within the TIRZ to the School District for construction of Educational Facilities. The size of each tract shall be determined by the following formula: (1) if a tract is to be used for an elementary school, the tract shall be ten (10) acres plus one (1) acre for each one hundred (100) students planned to attend the school; (2) if a tract is to be used for a middle school, the tract shall be fifteen acres plus one (1) acre for each one hundred students planned to attend the school; (3) but no tract shall exceed twenty-five (25) acres and the total gift of the two tracts shall not exceed fifty (50) acres. The School District shall be responsible for determining the number of students planned to attend each school. The School District may develop and construct each school in phases, with the initial construction to serve a lesser number of students than the School District ultimately plans to attend the school. In such event, the size of each tract shall be determined by the ultimate number of students the School District plans to serve on that tract. The first tract shall be platted within 180 days of the approval of the Plan. The first tract has been conveyed to the School District for a Julian C. Gallardo Elementary School, located at 1300 Del Lago Parkway. The second tract shall be platted upon a determination by the Board of Trustees of the School District that a second school is necessary. The second tract shall be at a location mutually agreeable to the TIRZ Board and the School District.

The tracts shall be suitable for the construction of public school facilities. The transfer of each of the two tracts of property shall occur within 90 days following the approval of a final design plan for the Educational Facility to be constructed on the subject tract by the Board of Trustees of the School District. The conveyance of the designated property to the School District shall be by special warranty deed without encumbrance or restriction. If construction of an educational facility is not begun within three (3) years of the conveyance of the tract to the School District, the School District shall convey the property back to the grantors or their successors.

VI. TERM AND TERMINATION

A. Agreement Term and Termination

This Agreement shall become effective as of the last date of execution by the Parties hereto, and shall remain in effect until September 30, 2032, unless earlier terminated as provided herein (the "Agreement Term"). Subject to the terms of this Agreement, the School District agrees to participate under this Agreement, beginning with the 1999 Tax Year and ending in accordance with the terms provided herein. The Parties agree and understand that the School District's Tax Increment Payments will not be made after September 30, 2032, as set out in Section IV.A.2. of this Agreement.

B. Early Termination

The City may terminate the TIRZ for any of the reasons listed in the Development Agreement. The termination of the Development Agreement also terminates this Interlocal Agreement. The City and the Board shall not be required to pay tax increment into the tax increment fund of the TIRZ if the conditions of Section 311.013(d) of the Act are met. Either party may terminate this Agreement for a material breach of contract.

C. Disposition of Tax Increments

Upon expiration or termination of the TIRZ, any money remaining in the Tax Increment Fund shall be paid to the Participating Taxing Entities on a pro rata basis in accordance with Section 311.014(d) of the Act.

VII. MISCELLANEOUS

A. Understanding

Any and all costs incurred by the Developer are not, and shall never become general obligations or debt of any Participating Taxing Entity. The eligible public improvement infrastructure costs incurred by Developer shall be payable solely from the Tax Increment Fund in the manner and priority provided in this Agreement and only to the extent that tax increment funds become available. The Parties agree and understand that under no circumstance shall the eligible costs exceed the maximum specified in the Project Plan. No Participating Taxing Entity shall be obligated above and beyond what is actually collected as tax increment funds. The City and the Board each represent that the Developer understands and agrees that the Project Plan does not forecast sufficient tax revenues in the Tax Increment Fund to reimburse the Developer for all its estimated contributions or costs.

B. Severability

1. In the event any term, covenant, or condition herein contained shall be held to be invalid by any court of competent jurisdiction, such invalidity shall not affect any other term, covenant, or condition herein contained, provided that such invalidity does not materially prejudice any Party hereto in its respective rights and obligations contained in the valid terms, covenants, or conditions hereof.
2. In the event any term, covenant, or condition shall be held invalid and said invalidity substantially impairs a material right of a Participating Taxing Entity or Board, then this Agreement shall be void as to that Participating Taxing Entity and that Participating Taxing Entity shall have no further obligation to contribute any future Tax Increment Payments to the Tax Increment Fund. In such a situation, the Parties hereto agree that the Tax Increment Fund shall not refund any prior Tax Increment Payments under this provision of this Agreement.

C. Entire Agreement

This Agreement merges the prior negotiations and understandings of the Parties hereto and embodies the entire agreement of the Parties. There are no other agreements, assurances, conditions, covenants (express or implied), or other terms with respect to the covenants, whether written or verbal, antecedent or contemporaneous, with the execution hereof.

D. Written Amendment

This Agreement may be changed or amended only by a written instrument duly executed on behalf of each Party. All Parties to this Agreement understand and recognize that only the City Council of the City and only the Board of Trustees of the School District have authority to approve a change or amendment to this Agreement on behalf of the City or the School District, respectively.

J. No Waiver of Immunity

No Party hereto waives or relinquishes any immunity or defense on behalf of itself, its trustees, officers, employees, and agents as a result of its execution of this Agreement and performance or non-performance of the covenants contained herein.

K. Access to Financial Information

The Board agrees to conduct or to cause to be conducted, at a minimum, an annual audit, a copy of which will be provided to the School District. Furthermore, each Party to this Agreement shall have reasonable access to financial information and audit reports regarding the operation of the TIRZ, contribution of Tax Increment Payments to the Tax Increment Fund, and expenditures from the Tax Increment Fund for Project Costs. In addition, the City agrees, during the term of this Agreement, to prepare and deliver an annual report to the School District in accordance with Section 311.016 of the Act.

L. Development Agreement

The City and the Board have entered into a written Development Agreement with the Developer related to the Project and the development of the TIRZ. The City hereby represents that it will enforce the provisions of this Agreement, as required, including, to the extent contained in the Development Agreement, the Developer's compliance (i) with all applicable building codes and ordinances, including but not limited to flood, subdivision, building, electrical, plumbing, fire, and life safety codes and ordinances, as amended; all applicable federal, state, and local laws, rules, regulations, statutes, ordinances, orders, and codes, as amended; and rules and codes that govern development over the Edwards Aquifer Recharge TIRZ (if applicable); (ii) the TIF Guidelines and Criteria in effect on the date the TIRZ was designated by City and the Construction Schedule (attached hereto as Exhibit "A" and as may be amended in accordance with the terms of the Development Agreement); and, (iii) with the same competitive bidding processes, payment of prevailing wages, non-discrimination and payment and performance bonding procedures. The City and the Board agree to promptly provide the School District with a copy of any notice of default that is delivered or sent to any party under the Development Agreement.

M. TIRZ Designation

The City represents that its designation of the TIRZ meets the criteria of Section 311.005(a) of the Act, and that said designation also complies with Texas Attorney General Opinion No. JC-0152 (December 8, 1999).
