I. TERM

1.01 This Agreement shall commence on the later of (a) the effective date of the Authorizing Ordinance or (b) the later of the signatures of the two Parties. The Term shall expire upon the earlier to occur of: (a) final payment by the City of all funding under this Agreement, or (b) termination of this Agreement as otherwise provided herein.

The Director of Transportation and Capital Improvements may administratively approve extension of agreement term up to an additional year if deemed necessary by City.

II. GENERAL RESPONSIBILITIES OF GRANTEE

2.01 Provided Grantee receives the funding described in Section V of this Agreement, and subject to the other terms and conditions of this Agreement, including, but not limited to, force majeure provisions, Grantee hereby accepts full responsibility for the performance of all services and activities to complete the Project by December 31, 2019, as described in this Agreement.

2.02 The current budget estimates of the Project are approximately \$271,641.00. Grantee shall provide all necessary funding for the Project beyond the City's commitment of \$283,012.79, plus \$5,572.82, which shall be retained by the City per Section 5.03, for a total of \$288,585.61. Grantee shall provide evidence to City that all Project funds have been secured prior to the receipt of any funding under this Agreement. In the event that the scope of the Project is adjusted downward, the City shall have the option of adjusting its commitment downward accordingly. City is not responsible for any costs over the estimated amount of the Project unless agreed to in writing in the form of an amendment to this Agreement.

2.03 Unless written notification by Grantee to the contrary is received and approved by City, Grantee's Executive Director shall be Grantee's designated representative responsible for the management of this Agreement and the point of contact for City on all matters herein.

2.04 The Director of Transportation and Capital Improvements (TCI) or designee shall be responsible for the administration of this Agreement on behalf of the City until the completion of the City funded portion of the Project.

2.05 Communications between City and Grantee shall be directed to the designated representatives of each as set forth in paragraphs numbered 2.03 and 2.04 hereinabove.

2.06 Grantee shall provide to City a narrative Scope for the Project, including a background, project summary and timeline, ("Scope") as Exhibit A.

2.07 Grantee shall provide to City its plans and specifications for the Project, including a construction schedule, ("Plans") and such Plans shall be subject to the review and approval of City (not to be unreasonably delayed, conditioned or withheld), acting in its capacity as grantor under this Agreement. After approval by City, the Plans shall be attached and incorporated into this Agreement as Exhibit B and Grantee shall not make any substantial and material changes to the Plans without the prior written approval of City, such approval not to be unreasonably delayed, conditioned or withheld. The approvals given in this Section do not relieve Grantee of the burden of obtaining all necessary governmental approvals, including those provided by City through its relevant

development departments and relevant boards and commissions and the State of Texas Commission on Environmental Quality (Article 9102). Nor does City's approval of the Plans release Grantee of the responsibility for the correction of Grantee's mistakes, errors or omissions contained in the Plans, including any mistakes, errors or omissions which may be the result of circumstances unforeseen at the time the Plans were developed or approved.

2.08 Grantee shall provide to City a Budget for the Project illustrating how City Bond Funds are to be utilized in accordance with this agreement, as well as illustrating all funding for the entire Project if applicable as Exhibit C.

2.09 City shall have authority to inspect during regular business hours the Project throughout the construction process, and upon at least twenty-four (24) hours prior written notice and no more often than one time every thirty (30) days to ensure compliance with the Scope and Plans and to request copies of construction inspections performed by Grantee and third parties. Grantee shall cause its design professional to provide periodic certifications of construction certifying that construction has been conducted in compliance with the Plans. Grantee shall submit said certification to the Director of TCI or designee at the completion of the Project construction. Grantee shall notify City and City shall have the right to attend all scheduled construction meetings. Grantee shall provide City with a copy of the Certificate of Occupancy upon completion of the Project.

III. COMPLIANCE WITH FEDERAL, STATE AND LOCAL LAWS

3.01 Grantee warrants and represents that it will comply with all Federal, State and Local laws and regulations and will use all commercially reasonable efforts to ensure said compliance by any and all contractors and subcontractors that may work on the Project.

3.02 To the extent applicable, Grantee agrees to abide by Chapter 2267 of the Texas Government Code.

3.03 Plans must conform to Americans with Disabilities Act requirements and must be approved by the Texas Department of Licensing and Regulation before construction may begin. Inspections and final approval shall be the responsibility of Grantee.

3.04 Prevailing Wage Rate and Labor Standards

A. The requirements of Chapter 2258 of the Texas Government Code, entitled "Prevailing Wage Rates," shall apply to this Agreement. Grantee agrees that its construction contractor will comply with City Ordinance No. 71312 and its successors such as Ordinance No. 2008-11-20-1045 and will require

subcontractors to comply with City Ordinance 71312 and its successors such as Ordinance No. 2008-11-20-1045 and shall not accept affidavits.

B. In accordance with the provisions of Chapter 2258 and Ordinance No. 2008-11-20-1045, Grantee shall request advertisement of construction bids, and the City will provide Grantee with the appropriate wage determination which includes the general prevailing rate of per diem wages in this locality for each craft or type of workman needed to perform the construction work. The Grantee is required, and shall require its construction contractor and all subcontractors to comply with each updated schedule of the general prevailing rates in effect at the time the Grantee calls for bids for construction of a given phase. The Grantee is further required to cause the latest prevailing wage determination decision to be included in bids and contracts with the Grantee's general contractor and all subcontractors for construction of each Phase. Grantee is responsible for and shall collect and monitor weekly certified payrolls and perform site visits to ensure the prevailing wage is being paid to all workmen. City will audit certified payroll records as necessary in accordance with this Agreement.

C. Upon audit of the records and certified payrolls under this section, should the City or its auditors find any violations, the Grantee shall cause its Construction Contractor to forfeit as a penalty to the City \$60.00 for each laborer, workman, or mechanic employed, for each calendar day, or portion thereof, that such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by the Contractor or any subcontractor. The establishment of prevailing wage rates in accordance with Chapter 2258, Texas Government Code shall not be construed to relieve the Grantee from its obligation under any federal or state law regarding the wages to be paid to or hours worked by laborers, workmen or mechanics insofar as applicable to the work to be performed under this Agreement.

3.05 Environmental - Construction shall be in accordance with all Federal, State, and local environmental requirements including all City applicable construction and development regulations.

3.06 Small Business Economic Development Advocacy Program - Grantee shall comply with all Small/Minority and Woman Owned Business Terms and Conditions as attached hereto as **Exhibit D**.

3.07 Compliance with Bond Covenants – The City's commitment hereunder is funded with City Bonds, which are obligations the interest on which is excluded from the gross income calculations of the holders thereof for the purpose of determining income tax liability under applicable federal law. Maintaining the eligibility of the City Bonds for this tax treatment requires the City's compliance with applicable federal tax law and regulations, which includes agreements regarding the use of City Bonds' proceeds and the use and operation of facilities financed with those proceeds. As the expenditure of the City Bonds' proceeds once delivered to the Grantee, and the use and operation of the completed Project, is under the control of the Grantee, Grantee agrees that it shall not use,

or permit the use of, proceeds of the City Bonds, or earnings thereon, or any other amounts or any property, the acquisition, construction, or improvement of which is to be financed directly or indirectly with proceeds of the City Bonds or earnings thereon, in a manner which, if used or permitted to be used, respectively, would cause the interest on City Bonds to be includable in the gross income of the bond owners for federal income tax purposes. City represents to Grantee that the Project as set forth herein does not, to its knowledge, violate this Section 3.07. In addition, purposes which are not permissible include, but are not limited to religious activities, restaurants, cafes, and retail stores.

3.08 No Boycotting of Israel. Texas Government Code §2270.002 provides that a governmental entity may not enter into a contract with a company for goods or services, unless the contract contains a written verification from the company that it:

- (1) does not boycott Israel; and
- (2) will not boycott Israel during the term of the contract.

"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

"Company" means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations that exists to make a profit.

By signing this Agreement with the City of San Antonio, Grantee hereby verifies that it does not boycott Israel, and will not boycott Israel during the term of the contract. City's hereby relies on Grantee's verification. If found to be false, City may terminate the contract for material breach.

3.09 TEXAS GOVERNMENT CODE § 2252.152:

Contracts with companies engaged in business with Iran, Sudan, or foreign terrorist organization prohibited.

Texas Government Code §2252.152 provides that a governmental entity may not enter into a governmental contract with a company that is identified on a list prepared and maintained under Texas Government Code §2270.0201 or §2252.153 "Listed Companies". Consultant/Contractor hereby certifies that it is not identified on such a list and that it will notify City should it be placed on such a list while under contract with City. City hereby relies on Consultant's/Contractor's certification. If found to be false, or if

Consultant/Contractor is identified on such list during the course of its contract with City, City may terminate this Agreement for material breach.

IV. OWNERSHIP, USE OPERATIONS

4.01 Grantee hereby acknowledges that it will construct the Project in a manner consistent with use by the general public. Grantee hereby agrees that the operating hours of the facility will facilitate frequent use by the general public and that the scheduling of use, rules and regulations, and other operational practices will not unreasonably limit access by the general public to use and enjoy the Project improvements. Further, Grantee shall not employ, nor allow others to employ, discriminatory practices in the use of the Project improvements. Grantee hereby agrees that the programs and use described herein will continue for the Term of this Agreement.

4.02 Grantee shall be responsible for the operation and maintenance of the Project facility and all associated costs will be the responsibility of Grantee.

SCOPE

Within the downtown San Antonio area, it is common for buildings to have basement areas that protrude under the adjacent sidewalk, into the City Right-of-Way; therefore, the sidewalks adjacent to these buildings function as the ceiling above the building's basement. There are multiple locations where these existing sidewalks contain glass block panels imbedded within the sidewalk. The original intent of the glass block panel was to allow natural light through the sidewalk into the building's basement. These glass block panels are flush with the sidewalk surface and are typically in a state of disrepair due to a number of reasons including age, water infiltration, commercial loading, and lack of maintenance. This disrepair needs to be remedied should the glass block panels give way under loading, potentially resulting in injury to pedestrians.

The scope of the "Downtown Glass Block Sidewalk Project" is to survey and identify existing locations that contain glass block panels within the sidewalk structure. Once identified, the panels are to be inspected in order to determine the general condition. If the panels are in good condition or are actively being maintained by the building owner, then no action is needed. If the panels are identified as needing maintenance or replacement, the City will take action to perform the necessary work, in cooperation with the property owner.

As a result of the survey, twelve locations were identified. Of the twelve locations, two were in acceptable condition and did not require action; three were reconstructed by the City to eliminate the glass panels; four are in design; two will be reconstructed by other pending City or State projects; and the final location is the subject of this advanced funding agreement.

The sidewalks adjacent to the Calcasieu Building, located at 214 Broadway and owned by Alamo Area Mutual Housing Association, Inc. dba Alamo Community Group (ACG), contain glass block panels. Upon investigation of the sidewalk structure over the basement, critical structural repairs were identified within the concrete sidewalk slabs and support structure, in addition to the original scope of glass block panel replacement. These concrete structural repairs are not localized, with respect to the glass block panel sections, but rather extend the entire sidewalk structure over the basement.

It was determined by City staff and the City's consulting structural engineer, Alpha Engineering, that this additional concrete repair to the sidewalk and supporting structure is necessary. ACG notified the City that they were planning renovations to the building interior. This work included temporary repairs to the adjacent sidewalks. Through continued communication, both the City and ACG agreed that a long term resolution to the sidewalk condition is appropriate to eliminate future maintenance or further deterioration, based upon the noted disrepair throughout the concrete structure.

ACG's structural engineer has performed the preliminary design resolution. ACG also has a contractor scheduled to perform the proposed work. The City will fund the construction portion of the sidewalk repairs, since the required work is exceptional in scope.

The work that the City will help fund includes construction of a permanent concrete reinforced wall from the basement floor to the bottom of the existing sidewalk slab, which functions as the basement ceiling. This wall will isolate the area directly under the sidewalk from the remaining portion of the basement. Within the limits directly under the sidewalk, select fill will be installed between the existing basement wall and the proposed concrete reinforced wall. New sidewalk will be placed on grade over the select fill. Through this reconstruction the new sidewalks will essentially be converted to conventional sidewalks on grade.

SBEDA ORDINANCE COMPLIANCE PROVISIONS AND COMMITMENT FORM

A. Contract Requirements and Commitment

Grantee understands and agrees the following provisions shall be requirements of this Funding Agreement and Grantee, in acknowledging these requirements, commits to comply with these provisions.

Waiver Request - Grantee may request, for good cause, a full or partial Waiver of **specified subcontracting goal(s)** by submitting the *Respondent/ Vendor Subcontracting Waiver Request* form (available at <http://www.sanantonio.gov/SBO/Forms.aspx>). Grantee's Waiver request fully must document Consultant, Sub-Consultant, Contractor, Subcontractor and/or Supplier unavailability despite Grantee's good faith efforts to comply with the goal. Such documentation shall include all good faith efforts made by Grantee including, but not limited to, which Consultants, Sub-Consultants, Contractors, Subcontractors and/or Suppliers were contacted (with phone numbers, e-mail addresses and mailing addresses, as applicable) and the method of contact.

B. SBEDA Program

City has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on City's Economic Development (hereafter referred to as "EDD") website page and also is available in hard copy form upon request to City. The SBEDA Ordinance Compliance Provisions contained in this Exhibit D are governed by the terms of said Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by City, pursuant to said Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual in effect as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this Exhibit D shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

C. Definitions

Affirmative Procurement Initiatives (hereafter referred to as "API") – refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise (hereafter referred to as "S/M/WBE") Program tools and Solicitation Incentives that are used to encourage greater prime contract and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III, D. of Attachment A to the SBEDA Ordinance).

Centralized Vendor Registration System (hereafter referred to as “CVR”) – refers to a mandatory electronic system wherein City requires all prospective Consultants, Sub-Consultants, Contractors and Subcontractors ready, willing and able to sell goods or services to City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices and for receiving payments from City. The CVR-assigned identifiers also are used by City’s Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE (as defined herein) firms by Industry or commodity codes and for establishing annual aspirational Goals and contract-by-contract Subcontracting Goals.

Certification or “Certified” – refers to the process by which City’s Small Business Office (hereafter referred to as “SBO”) staff determines a firm to be a bona-fide small, minority-, women-owned or emerging small business enterprise. Emerging Small Business Enterprises (hereafter referred to as “ESBEs”) automatically are eligible for Certification as SBEs. Any firm may apply for multiple Certifications covering each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, City accepts any firm that is certified by local government entities and/or other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Commercially Useful Function – means a S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm also must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it actually is performing, the S/M/WBE credit claimed for its performance of the work and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation when, in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by Grantee to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by City as fraudulent, if Grantee attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, Grantee shall not be given credit for the participation of its S/M/WBE Consultant(s), Sub-Consultant(s), Contractor(s), Subcontractor(s),

Suppliers or joint venture partner towards attainment of S/M/WBE utilization goals, and Grantee and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Good Faith Efforts – means the documentation of Grantee’s intent to comply with S/M/WBE Program Goals and procedures including, but are not limited to, the following:

(1) documentation reflecting Grantee’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or

(2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City of San Antonio website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes, to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Consultant’s posting of a bond covering the work of SBE or M/WBE Consultant(s), Sub-Consultant(s), Contractor(s), Subcontractor(s) and/or Suppliers; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by Grantee and the solicitation; and documentation of consultations with trade associations and Consultant(s), Sub-Consultant(s), Contractor(s), Subcontractor(s) and/or Suppliers representing the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Consultant(s), Sub-Consultant(s), Contractor(s), Subcontractor(s) and/or Suppliers). Grantee acknowledges that the CITY will not execute a contract or issue a Notice to Proceed for this project until the Grantee and each of its Subcontractors for this project have registered and/or maintained active status in the CITY's Centralized Vendor Registration System, and Grantee has represented to CITY which primary commodity codes each registered Subcontractor will be performing under for this contract.

E. SBEDA Program Compliance – Affirmative Procurement Initiatives

City has applied the following contract-specific Affirmative Procurement Initiatives to this Agreement. Grantee hereby acknowledges and agrees the selected API requirement also shall be extended to any change order or subsequent contract modification and, absent SBO's granting of a waiver, that its full compliance with the following API terms and conditions are material to its satisfactory performance under this Agreement:

M/WBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 2. (d), this contract is being awarded pursuant to the M/WBE Subcontracting Program.

CONTRACTOR agrees to subcontract at least *twenty-eight percent (28%)* of the contract value to certified M/WBE firms headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA);

Segmented M/WBE Goal. In accordance with SBEDA Ordinance Section III. D. 2. (e), this contract is being awarded pursuant to Segmented M/WBE Goals. CONTRACTOR agrees to subcontract at least *one percent (1%)* of the contract value to a certified African American Business Enterprise (AABE) firm headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). This one percent (1%) subcontracting goal will also count toward the aforementioned twenty-eight percent (28%) M/WBE subcontracting goal.

The Subcontractor / Supplier Utilization Plan that Grantee submitted to CITY for this contract (or, as appropriate, that it agrees to submit during the price proposal negotiation phase of this contract), and that contains the names of the certified SBE, M/WBE and AABE Subcontractors to be used by Grantee on this contract, the respective percentages of the total prime contract dollar value to be awarded and performed by each SBE, M/WBE and AABE Subcontractor, and documentation including a description of each SBE, M/WBE and AABE Subcontractor's scope of work and confirmation of each SBE, M/WBE and AABE Subcontractor's commitment to perform such scope of work for an agreed upon dollar amount is hereby attached and incorporated by reference into the material terms of this Agreement. In the absence of a waiver granted by the SBO, the failure of Grantee to attain this subcontracting goal for SBE, M/WBE and AABE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with the CITY, and may result in debarment from performing future CITY contracts, withholding of payment for retainage equal to the dollar amount of the underutilization below the agreed upon SBE, M/WBE and AABE subcontracting goal, and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law.
