Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	The Board of Adjustments is too important of a board to not have qualified members. Currently, I believe the board is in need of more qualified individuals. It is important because we owe it to our City staff and applicants, experienced and knowledgeable consideration for each case. Having worked at the City during the time our new UDC was written, having participated in this process and have had to work within the limits of it, I believe I am very qualified to serve on this board. I am willing to serve if it is the City Council and Mayor's wish.
