PUBLIC HEARING

- 2. Second Public Hearings on the City's 2019 Ad Valorem Tax Rate for the FY 2020 Proposed Budget. [Erik Walsh, City Manager; Justina Tate, Director, Management & Budget]

Mrs. Villagómez provided highlights of the Proposed FY 2020 Budget and City Property Tax Rate. She noted the proposed City Budget for FY 2020 was \$2.9 billion Operating and \$715 million Capital Budget. She described the community priorities and City Council priorities of Strong Families and Children, Police, Affordable Housing, Streets and Sidewalks, and Property Tax Relief. She stated that the proposed budget did not include a City Property Tax increase and noted the Property Tax Rate for FY 2019 was 55.287 cents per \$100 in value and remains the same for FY 2020. Mrs. Villagómez explained that the majority of property taxes were dedicated to Public School Districts. She added that 30% of property taxes went to Bexar County, Community Colleges, San Antonio River Authority, and other Tax Entities. She stated that the Property Tax Relief includes the City's Homestead Exemption recently approved by City Council in June 2019 and includes the Senior and Disabled Exemption and the frozen City Tax Payments that combined was close to \$61 million annually.

Mayor Nirenberg called upon the individuals registered to speak:

Dominic De La Cruz representative of AFSCME and Teaching Assistant at Pre-K noted that the 3% across the board pay raise for Step Employees sounded amazing however; the increase was merely a replacement of the scheduled step-increase and not in addition to a cost of living increase. He stated that the freeze of the step-program was unprecedented and was a move against workers.

Victoria Garcia representing AFSCME and employed with the Department of Arts and Culture for 15 years spoke on behalf of City employees she felt were left out of the process. She noted that hourly employees received 3% across the board increase October 2019 however; salaried employees were treated differently and had to compete for a possible raise in January 2020 through Performance Pay which was unacceptable to her. She noted that Performance Pay was a competitive process and inadequate substitute for a Cost of Living increase which was not included in the proposed budget.

Jennifer Ramirez stated that she was a GIS Analysis for COSA. She asked the Council to consider a 3% Cost of Living Increase for all employees and not to eliminate the January 2020 step increase that was proposed to be eliminated.

Sarah Mehmedali representative with the American Heart Association spoke in support of the Proposed Budget which includes funding for sidewalks, bike lanes, and pedestrian safety. She explained that safe healthy communities included walking and biking projects which make the neighborhood livable.

Antonio Diaz spoke in opposition of raising taxes and noted that public utility costs were increasing. He explained that he did not agree with tax abatements given to developers and said affordable housing was not really affordable.

Mayor Nirenberg exited the meeting; Mayor Pro-Tem Gonzales presided over the meeting.

Diana Uriegas spoke in opposition of the Proposed Budget and raising taxes. She stated that cars speed down Roosevelt Drive even though the speed limit was 35 mph. She noted that signs were needed to slow down traffic.

John Bachman spoke in opposition of the Proposed Budget. He stated that animals needed to be a priority. He mentioned that Animal Care Services proposed a new position called an Illustrator which did not make sense to him. He stressed that Animal Care Services needed additional staff and funding to help spay and neuter animals.

Mayor Pro-Tem Gonzales declared the Public Hearing closed and announced that the City Council will vote on the City of San Antonio Property Tax Rate for Tax Year 2019 at its meeting on Thursday, September 12, 2019.
