He noted that Presiding Judge Obledo made adjustments to the Municipal Court schedule and Juvenile Court mediations and aligned jury trials with actions at the Bexar County Courthouse.

City Manager Walsh stated that all city-hosted events and city-related business travel had been cancelled and that he authorized department directors to utilize remote work policies for employees who had the ability to do so; or had child care issues due to the closure of schools and daycare centers. He noted that all employees returning from international travel had been directed to self-quarantine for 14 days and those which could not work remotely were placed on paid administrative leave. City Manager Walsh stated that he would direct departments to make similar adjustments based on domestic travel for employees if returning from a hot spot. He reported that employees had been redeployed to other departments according to need and that he was meeting with key staff members twice daily to determine challenges and areas for improvement.

Colleen Bridger reviewed a map of states reporting cases of COVID-19 to the Centers for Disease Control (CDC) and noted that the data was delayed by two days. She stated that the data for Bexar County was updated last night and reported that there were 25 positive tests for COVID-19 of which eight were travel related; four were from close contact; and 13 were under investigation. She noted that community spread was defined as the spread of an illness for which the source of infection was unknown and that no community spread cases had been reported. She noted that the highest percentage of cases were observed from individuals between the ages of 40-49 with 58% male and 42% female.

She provided examples of some of the ways that the community could help and noted that the information was also available on the City's website.

Deputy City Manager Maria Villagómez stated that City Departments had implemented COVID-19 emergency response protocols since February 6, 2020 with the City spending and committing \$1.6 million. She reported that the City had spent \$675,000 and committed \$925,000 since March 13, 2020 with a majority of the expenses funding personnel, the San Antonio Fire Department (SAFD), Metro Health, medical staff contracts, and supplies. Ms. Villagómez noted that the City would seek reimbursement from the Federal Government for these expenses. She added that the City was notified of a \$1 million grant from the Department of State Health Services (DHS) which would be utilized to reimburse Metro Health for expenses incurred.

Ms. Villagómez stated that measures taken to slow the spread of COVID-19 had created a global economic disruption which made it difficult to estimate the impact to the City. She noted that

measures implemented would further create a slowdown in the economy and could potentially result in a global recession. Ms. Villagómez reported that the San Antonio International Airport received approximately 10 million passengers per year, or approximately 30,000 per day, and that the number of passengers had decreased by 69%. Ms. Villagómez highlighted the Parking Fund and reported a decrease in Downtown parking. She noted that the City anticipated a 50% reduction in parking occupancy by the end of the week. She stated that total parking revenues collected for the year totaled \$11.3 million with \$9.2 million coming from Downtown parking garages, lots, and meters

City Attorney Andy Segovia stated that the main objective of the 4th Emergency Order issued by the Mayor was to limit the spread of COVID-19 and included measures that would protect the ability of public and private healthcare providers to handle the influx of patients as well as safeguard public health and safety. He noted that the World Health Organization (WHO) declared COVID-19 as a pandemic which resulted in the Mayor implementing safeguards that who mitigate its spread through the community. Mr. Segovia noted that violations of the Ordinance or the Emergency Order were Class C Misdemeanors and were punishable by a fine up to \$2,000.

He noted that staff was sharing ideas with the Cities of Austin and Dallas and determining how to take advantage of Federal Legislation. Mr. Walsh replied that the extension of 30 days was recommended by staff but could be revised by the City Council.
