## Contract Summary Sheet

Date: 6/04/2020  
Agenda Item: 20-3333

<b>Name/Title (Caption as shown on agenda):</b> Annual Contract for Installs, Removals, Repairs of Equipment for Fire and other City Vehicles 6100005362 CT	
<b>Brief Description of Item(s) and Use:</b> This change order will provide the Fire Department with an extension to the initial term of the contract through June 30, 2021.  This contract will provide the San Antonio Fire and Aviation Departments with a contractor to install, remove and repair electronic safety equipment and communications equipment for the Fire Department and other City vehicles. Fire and Aviation Departments utilize this contract to ensure safe and reliable operation of the 170 fire vehicles and heavy-duty apparatuses currently in service. Contractor will provide repair services and installation of lights, sirens, radios, and mobile data terminals.  The term for the original contract was for April 1, 2015 through June 30, 2018 with two additional one-year renewal options. Change Order 1 will extend the contract with Industrial Communications under the same terms and conditions for an additional year from July 1, 2020 through June 30, 2021.	
<b>Total \$:</b>	\$60,000.00 annually

<b>Previous Contractor(s):</b>	SAT Radio Communications, LTD, dba Industrial Communications, 1019 East Euclid Ave., San Antonio, TX 78212
<b>Comments:</b>	N/A
<b>Anticipated Future Requirements and Action:</b>	N/A

<b>Procurement Alternative:</b>	Should this contract not be approved, the installation and repair services for safety and electronic equipment would have to be secured on an as-needed basis. Lack of a contract could result in downtime delays associated with the installation, maintenance and repair of this equipment which could negatively impact the Fire and Aviation Department's ability to complete their mission. In addition, the City would not realize the cost savings normally associated with long term agreements.
<b>Using Department:</b>	Fire and Aviation
