Given the opportunity to influence a significant change in San Antonio, what youth-related issue would you address?	Youth recreation and health initiatives
What approach would you take? Who would you work with? Why this particular issue?	In order to execute any plans related to enhancing youth recreation, I would coordinate among various city departments such as those that deal with recreational facilities and parks, transportation, and education. City government is positioned with a unique capacity to provide recreational opportunities that can be enjoyed by entire communities and can help bring them together. Encouraging access and usage of municipal, state, school district, and county recreational facilities can significantly help to improve mental health among youth, especially teens, which has proven to be a subject of national importance in recent years.
