Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	San Antonio needs multi-faceted civic leaders who bring new ideas to the table and represent San Antonians. My family has deep roots in the city, with over five generations of contributions to civic life. I would be very honored to have the opportunity to continue the tradition of public service by contributing as a member of the SAWS Board of Trustees. As a technologist, entrepreneur, and cyber engineer, I have the skills to manage fiscal, personnel, and technical challenges. As a former city councilwoman, a parent, a caretaker for my elderly parents, a homeowner, and a long-time resident San Antonio, I have the perspective to represent the southeast quadrant of the city as a Board of Trustees member. I want to serve my neighbors, friends, and community members with whom I've established many warm and lasting relationships. My years of experience as a cybersecurity professional provides me with insight into many of the infrastructure and information challenges of large organizations. I have hands-on experience with privacy and security issues and a deep understanding of how to

	maintain the integrity of confidential data. As a critical service provider for the region, SAWS must manage to the highest resiliency standards. I have led teams supporting mission-critical information systems for the Department of Defense and Intelligence Community, where I built resilient systems and managed the project's regulatory complexity and fiscal limits.
