SCANNED

PETITION FOR THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT TO BE NAMED
THE TRES LAURELS SPECIAL IMPROVEMENT DISTRICT

STATE OF TEXAS §
 §
COUNTY OF BEXAR §

TO: THE HONORABLE COMMISSIONERS COURT OF BEXAR COUNTY, TEXAS

The undersigned petitioners ("Petitioners"), acting pursuant to the provisions of Chapter 382 of the Texas Local Government Code, as amended (the "Code"), submit this petition ("Petition") to the Commissioners Court of Bexar County, Texas, to request the creation of a public improvement district, within the extraterritorial jurisdiction ("ETJ") of the City of San Antonio ("City"), Bexar County, Texas ("County"). Specifically, the Petitioners request that the County create a public improvement district and include the property described in **Exhibit "A"** and **Exhibit "B"** attached hereto ("Subject Property") within such public improvement district. In support of this Petition, the Petitioners present the following:

Section 1. Petitioners. In compliance with the requirements of the Code, and as determined by the current tax roll of the Bexar County Appraisal District, the Petitioners, collectively, constitute: the owners representing more than 50% of the appraised value of taxable real property proposed to be included within the public improvement district proposed in this Petition.

Attached to this Petition is a sworn statement of the Petitioners, affirming the Petitioners are the holders of fee simple title to more than fifty-percent (50%) of the appraised value of taxable real property proposed to be included within the District (as defined below) and are the owners representing more than fifty-percent (50%) of all record owners of property within the proposed District or own, collectively, taxable real property that constitutes more than fifty-percent (50%) of the area of all taxable real property within the proposed District. The Petitioners request for, and consents to, the creation of the District, as set forth in this Petition. The sworn statements of the Petitioners are attached hereto as **Exhibit "C"** and incorporated herein for all purposes.

Section 2. Name. A public improvement district is being requested, which shall be named the "Tres Laurels Special Improvement District" (referred to herein as the "District").

Section 3. Boundaries. The proposed boundaries of the District shall include the Subject Property, which is more particularly described in **Exhibit "A"** and **Exhibit "B"** attached hereto and incorporated herein for all purposes. The total acreage of the District is approximately 311.235 acres total. None of the land to be included in the District is within the corporate boundaries of any municipality and all of the land proposed to be included in the District is in the extraterritorial jurisdiction of the City and in the County.

Section 4. General Nature of the Proposed Public Improvements. The Petitioners request that the County create a public improvement district and authorize it to engage in economic development projects and grant to the District the powers requested in this Petition. The District proposes to enter into development agreements as are deemed advisable to promote state and local economic development and to stimulate residential and commercial activity in the District. The general nature of the work proposed to be done may include, but is not limited to, onsite roads (including, but not limited to a collector road) and associated utility improvements (water, sewer, and drainage), offside roads, extending Montgomery Road, offsite sewer extension (and if needed, offsite roads, water, and drainage), onsite public improvements for residential lots (sewer, water, streets, and drainage), the improvement and construction of water, sanitary

sewer, drainage, dry utilities (gas and electric), detention ponds, storm sewer, impact fees for capacity, road, landscaping in public rights of way, or sidewalks, right of way acquisition costs, easement acquisition costs, appraisal costs, geotechnical engineering costs, environmental inspection/testing/ and remediation costs, well plugging costs, demolition costs, water and sewer impact fees, floodplain reclamation costs, tree mitigation costs, park/entry/amenity improvement costs, including any cost or expense of purchasing, constructing maintaining, acquiring, owning, operating, repairing, leasing, improving, extending, or paying for inside (i.e. onsite) and outside (i.e. offsite) the district boundaries; flood plain and wetlands regulation and endangered species permits, stormwater permits, including mitigation; and all works, improvements, facilities, plants, equipment, appliances, interest in property, and contract rights needed thereof, and administrative facilities needed in connection therewith, related surveying, engineering, and legal fees, costs and expenses, and all rights of way and other interests in land necessary or convenient in connection therewith, as well as reasonable contingencies, associated with the costs of public improvements. Further, the public improvements financed by the District may include any public improvements in compliance with Chapter 382 and in accordance with the governing laws.

Section 5. Estimated Cost of the Proposed Construction of the Public Improvements. The total estimated capital cost is approximately \$54,104,600. Such costs can be partially offset with the imposition of taxes and the issuance of bonds by the District, as further described herein.

Section 6. Nature of the District & Authority. The District is expressly requested pursuant to Chapter 382 of the Code. The District shall be created for the purposes of a district created and organized under Section 52, Article III, and Section 59, Article XVI of the Texas Constitution, Chapters 380, 381, 382, and 383 of the Code, and for the purposes of creating a program for economic development as provided in Section 52, Article III of the Texas Constitution, and for any other lawful purpose authorized by the governing laws.

The Petitioners specifically request:

- (1) that the County authorize the District to exercise the powers granted under Chapter 382 of the Code;
- (2) that the County delegate to the District all powers that the County is granted pursuant to Chapter 382; and
- (3) that the County authorize the District to engage in economic development projects, as the District may enter into development agreements which are deemed advisable to promote state and local economic development and to stimulate business and commercial activity in the District.

Section 7. Road Improvements. The Petitioners request that pursuant to Section 382.109 of the Code the County designate and approve the proposed onsite and offsite road improvements as a "Road Improvement Project" and designate and approve such Road Improvement Project as a targeted economic development project, which is of an economic benefit to the District, to the Subject Property within the District, and to the County.

Section 8. Advisory Board. As authorized by the Code, an advisory board may be established by the County to develop and recommend an improvement plan. However, an improvement plan is not necessary or applicable, as the Petitioners do not propose that the District be granted with the power to impose assessments.

Section 9. Management of the District & Board of Directors. The Petitioners specifically request that the County appoint a seven (7) member Board of Directors to govern the District and approve their respective terms in accordance with Section 382.051 of the Code, as the population of the District is less

than 1,000 persons. The Petitioners also request that the County delegate to the District's Board of Directors the County's powers and duties provided by Chapter 382 of the Code, in order for the Board of Directors to oversee, manage, and govern the District to the fullest extent authorized by the Code.

Section 10. Taxes and Bonds. The Petitioners request that County authorize the District to accomplish its purposes and the costs of services and improvements by imposing an ad valorem tax and a sales and use tax. The District shall also have the authority to issue bonds, negotiate promissory notes, and other District obligations, as further described herein.

The Petitioners specifically request:

- (1) that the District's proposed improvements be financed and paid for with taxes authorized by Chapter 382 of the Code instead of assessments;
- (2) that the County grant the District authority to impose an ad valorem tax and sales and use tax to accomplish the economic development purposes prescribed by Section 52a, Article III, of the Texas Constitution;
- (3) that the County grant the District authority, in accordance with Section 382.152 of the Code, to issue bonds, negotiable promissory notes and other District obligations, which may be secured by District revenue or any type of District taxes, or any combination of taxes and revenue pledged to the payment of bonds; and
- (4) that the County grant the District authority as provided in Sections 382.158 and 382.159 of the Code, regarding borrowing and repayment of costs, respectively.

In regard to the proposed tax rates, the Petitioners specifically request that the County authorize the District to:

- (1) impose an ad valorem tax not to exceed the City's tax rate; and
- (2) impose a sales and use tax with a rate not to exceed two-percent (2%);

Section 11. Method of Assessment. The Petitioners do not propose that the District be granted the power to impose assessments, and accordingly, the Petitioners are not required to present a Service Plan, an Assessment Plan (including a method of assessment), or to prepare an Assessment Roll. As stated above, the Petitioners request that the District's proposed improvement be financed and paid for with taxes authorized by Chapter 382 of the Code instead of assessments.

Section 12. Apportionment of Cost between County and the District. Approval and creation of the District will not obligate the County to provide any funds to finance the proposed public improvements. All costs of the District shall be paid by and apportioned to the District, and not to the County, as a whole.

Section 13. Advisability and Feasibility of the District & Best Interests of the County. The District and its proposed improvements and economic development projects appear feasible and are necessary and advisable for the economy of the District and the County. Additionally, the County may create a public improvement district if the County determines it is in the best interest of the County. The area comprising the District is not presently developed, and therefore, the proposed District is necessary to pay for or finance public improvements and economic development within the District. Furthermore, the District will serve the public purpose of promoting and encouraging new residential development in the District and the County, which will encourage employment and economic activity within the District and the County. As such, the County's creation of the District is in the best interest of the County, as the District and the proposed improvements confer a special benefit on the District, the Subject Property within the District, and the County.

Section 14. Filing with County Clerk. This Petition will be filed with the County Clerk in support of the creation of the District, as described herein.

Section 15. Prayer. This Petition requests that the County create the District, include the Subject Property therein, and grant to the District the powers requested in the Petition. The Petitioners pray that this Petition be heard and the Commissioners Court sets a hearing date, publishes notice of, conducts a hearing, makes certain findings, and enters an Order creating the District in a manner authorized under Chapter 382 of the Code and as described herein.

**SWORN AFFIDAVIT OF FEE SIMPLE OWNERS OF REAL PROPERTY REQUESTING
CREATION OF, AND CONSENTING TO INCLUSION IN, TRES LAURELS SPECIAL
IMPROVEMENT DISTRICT**

The entities referenced below, hereby affirm that they are the fee simple owners of real property located in Bexar County. By their signatures below they each verify, for purposes of Chapter 382 of the Texas Local Government Code, that they (Equitable Land Holdings LLC, Hooda Enterprises Inc., and SA Given to Fly LLC - collectively the "Property Owners") are the owners of the taxable real property described in Exhibits "A" and "B" below, representing more than 50% of the appraised value of taxable real property within the proposed District, and that the Property Owners, collectively constitute more than 50% of all record owners of property within the proposed District or that they own taxable real property that constitutes more than 50% of the area of all taxable real property within the proposed District. Property Owners collectively request the creation of the Tres Laurels Special Improvement District and consent to the inclusion of said real property within its boundaries. The description, by metes and bounds and by survey map, of the real property owned by the Property Owners, and which the Property Owners wish to include within the proposed District is attached as Exhibit "A" and Exhibit "B" to the Petition for creation of the Tres Laurels Special Improvement District.
