What is Traffic?

**Traffic is the movement of vehicles
and pedestrians.**

WORLD DAY OF REMEMBRANCE

Drive safe. Bike safe. Walk safe.

2019 ANNUAL REPORT
PUBLISHED APRIL 15, 2020

SUCCESS IN OUTREACH

2019 was a significant year of outreach for Vision Zero San Antonio. The team attended over 30 outreach events reaching over 10,000 citizens. These events ranged from small scale discussions with elementary school classes and senior centers to city-wide events such as Seelovia and Safe Kids Day.

Walk to School Day at Stone Elementary

Bike to Work Day
energizer station at Municipal Plaza

Bike to Work Day

Safe Driving Fair at Mountain High School

VISION ZERO SAN ANTONIO

OUTREACH HIGHLIGHTS

In addition to the everyday outreach events attended by the team, Vision Zero San Antonio also engaged the public in a number of specific methods.

Vision Zero San Antonio reached out to and educated overbusinesses in relation to driver safety and fleet vehicles. The team educated drivers through presentations, meetings, and other printed media.

Through the summer of 2019, a Vision Zero San Antonio PSA was shown on 42 screens at 4 movie theatres, engaging with an estimated 255,465 movie goers.

In addition to standing school outreach, Vision Zero San Antonio and partner agencies also gave safety presentations to school children in grades K-12. The school presentation was revised this past year to further engage the students and further educate them on how to walk and bike to school safely.

VISION ZERO MURAL

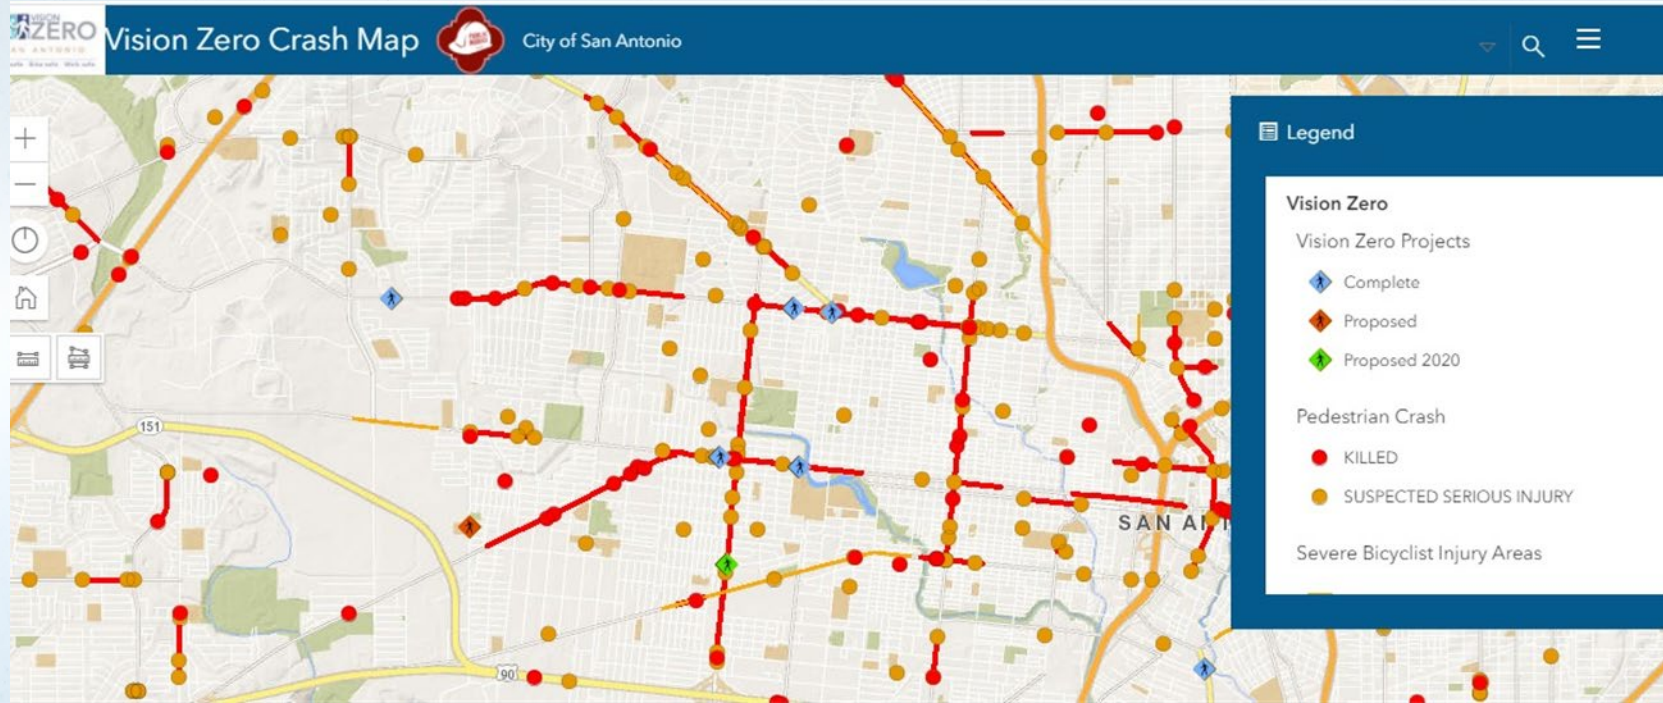

In honor of World Day of Remembrance, Vision Zero San Antonio partnered with San Anto Cultural Arts to create a mural at Fire Station #26 on Culebra Road. The mural was dedicated at a press conference attended by representatives of Transportation & Capital Improvements (TCI), San Antonio Fire Department, City Council, the arts community, crash survivors, and the nearby community. Located on a Severe Pedestrian Injury Area in the City, the mural incorporated input from the community to reflect daily travel in the area.
