

Review of Head Start Program Monitoring

City of San Antonio Head Start Program

Monitoring Report – February 2021

The City of San Antonio Head Start Program has developed a comprehensive and thorough approach to monitoring our programs for non-compliances and areas of concern. Once identified, a timeline is developed, training and technical assistance is given and corrective action plans are implemented to correct systemic issues so that these areas of weakness are not continued in the future. Follow-up monitoring events are conducted to ensure that the program has been successful in implementing corrections.

The following is a summary of findings during the time period indicated above:

Monitoring Projects Conducted:	
45-Day Education Screening Review #1 (EISD)	February 2021
