

Review of EHS and EHS-CCP Program Monitoring

EARLY HEAD START

City of San Antonio Head Start Program

Monitoring Report – July 2021

The Early Head Start (EHS) Program has developed a comprehensive and thorough approach to monitoring for non-compliances and areas of concern. Once identified, a timeline is developed, training and technical assistance is given, and corrective action plans are implemented to correct systemic issues, so areas of weakness are not continued in the future. Follow-up monitoring events are conducted to ensure that the program has been successful in implementing corrections.

The following is a summary of findings for the **Early Head Start- Stafford Program** during the time indicated above:

Monitoring Projects:	July 2021
No site visits or monitoring projects were conducted in July 2021. EHS Monitor, reviewed finding responses and closed out Monitoring Projects using the ChildPlus data system for program year 2020-2021.
