Councilmember Medina highlighted the fact that Maldonado Nursery & Landscape had started out as a Small Business and had grown into a prosperous and successful business. He asked of the three companies that bid on the project but did not qualify. Troy Elliott replied that they had utilized a Small Business Tool for this contract at the Subcontracting Level to include a 12% Minority and Women Business Enterprise (MWBE) Participation.

He noted that the other companies that bid did not meet the 12% Subcontracting Goal. Councilmember Medina asked what staff was doing to help Small Businesses reach their goals in the future. Mr. Elliott responded that the Economic Development Department (EDD) and Purchasing Division reaches out to Small Businesses and holds Pre-Submittal Conferences to walk them through the bid requirements. He added that EDD provided a great amount of outreach to Small Businesses.

Mayor Castro asked of the Right-of-Way Mowing Cycles. Arthur Reinhardt replied that through this new contract, they would increase mowing from nine cycles per year to 24 cycles per year. Mayor Castro spoke of the importance of ensuring a sufficient number of cycles and keeping the city looking good.
