Michael Taylor stated that Operation Face Lift was a federally funded Façade Improvement Program that provides grants up to \$20,000 to help business owners improve the appearance and function of their business. He noted that no matching funds were required and would be a benefit to businesses in the area. Councilmember Lopez asked if they had followed the process. Mr. Rod Sanchez replied that they had notified all property owners that have an address or touch the street and held a public hearing at the Planning Commission Meeting. He stated that they also held two public meetings in the community and followed the process prescribed in the Unified Development Code (UDC).
