ITEMS FOR INDIVIDUAL CONSIDERATION

15. Results of the FY 2020 External Financial Audit and Presentation of Related Reports [Ben Gorzell, Chief Financial Officer; Troy Elliott, Deputy Chief Financial Officer]

Deputy Chief Financial Officer Troy Elliott stated that the independent external audit was performed in partnership with independent auditor BKD, LLC (BKD). He noted that the external audit was required under the City Charter and provided a true and fair view of the City's financial position. Mr. Elliott stated that the external audit covered the following communications:

- Comprehensive Annual Financial Report
- Financial Report on Federal and State Grants and Other Reports
- Financial and Compliance Report on Passenger Facility Charge Program
- Report on Internal Controls (Management Letter), when applicable

Mr. Elliott reviewed the history of previous external audits which resulted in high number of findings between 2006 and 2012. He noted that the City had received fewer or no findings since refining and adopting internal policies. He added that the City has had no findings since 2018 and he thanked staff for their efforts and hard work on departmental policy and procedural improvements.

Angela Dunlap with BKD reviewed the scope of the internal audit. She stated that BKD had completed the audit deliverables to include:

- City of San Antonio Comprehensive Annual Financial Report
- Single Audit Uniform Guidance
- Single Audit under State of Texas Uniform Grant Management Standards
- Passenger Facility Charge Report
- Texas Commission on Environmental Quality Agreed Upon Procedures Report

Ms. Dunlap reported that the result of the audit as follows:

- Unmodified "clean" opinion to be issued

- No unresolved audit issues
- Open and effective communication with City management

Ms. Dunlap stated that there were three Federal Programs. Highway Planning and Construction Cluster, HOME Investment Partnership Program and the Coronavirus Aid, Relief and Economic Securities Act Program, tested that had findings. However, those findings were below the reporting threshold criteria. She reported that no major issues were identified, and any minor clarifications were immediately addressed.

Ms. Dunlap stated that no audit issues were identified for State Programs under single audit testing to include the Local Park Grant Program, Child Care Services, Highway Planning and Construction Programs, Hurricane Laura, and STD Prevention Programs. She also noted that all pending items from 2019 had been addressed and corrected.

Ms. Dunlap reported that the external audit resulted in no findings for the Federal, State and PFC programs and that an unmodified opinion on compliance would be issued for all categories. She added that the audit identified no issues related to accounting policies and practices and required

communications. She noted minor discrepancies related to GASB statement reporting but that management was addressing.

Citizen Member Pricilla Soto asked if the Comprehensive Annual Financial Report or any other part of the audit reports would be made available to the Audit Committee. Mr. Elliott stated that the report was available electronically (<https://www.sanantonio.gov/Finance/bfi/annual-report>) and could provide paper copy if needed.

Councilmember Sandoval moved to approve Item 15. Councilmember Sandoval seconded the motion. The motion carried unanimously.

- Highly complex or technical in nature, or contract terms and conditions that are non-standard or complex

Mr. Elliott provided an update on contract statuses and whether they were at pre-solicitation, post-solicitation or completed/awarded. He added that staff identified 21 additional high-profile items for the next six-month period of FY 2021. He noted that three were recommended to be forwarded to the B Session, 18 to be forwarded to this Committee, 11 to be placed on the consent agenda, and 7 to be briefed individually.

He stated that the scope timeframe focused on was for FY 2018 and FY 2019.
