ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of "O-1" and "R-6". "R-6" districts provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character. The "O-1" district restricts uses primarily to offices and ancillary uses (for the purposes of this subsection, ancillary uses are those provided for the convenience of on-site tenants and which do not provide services or products to the general public) which do not have peak weeknight or weekend usage in order to provide a buffer between residential areas and more intensive uses. "O-1" districts provide for the establishment of low to mid-rise office buildings. Uses within an "O-1" district are limited to uses incidental to the needs of the occupants of the building and are not designed to serve a regional market area.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center or half a mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Huebner/Leon Creeks Community Plan and is currently designated as "Neighborhood Commercial" in the future land use component of the plan. The requested "MF-33" base zoning district is inconsistent with the future land use designation. The applicant is requesting a Plan Amendment from "Neighborhood Commercial" to "High Density Residential" to accommodate the proposed rezoning. Staff and Planning Commission recommend Approval of the Plan Amendment.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “O-1” Office District and “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Huebner/Leon Creeks Community Plan:

- Objective 1.1: Growth Management Promote new commercial and residential development that is respectful of the primarily residential character of the area.

6. Size of Tract:

The subject property is 6.07 acres, which could reasonably accommodate a multi-family development.

7. Other Factors:

At a density of 33 units per acre there is a potential for approximately 200 multi-family units.
