Comprehensive Plan

Comprehensive Plan Component: West/Southwest Sector Plan

Plan Adoption Date: April 21, 2011

Plan Goals:

ED-3.1: Ensure the development of new business locations and employment centers are compatible with the West/Southwest Sector Land Use Plan.

LU-1.1: Limit encroachment of commercial uses into established low-density residential areas.

LU-1.3: Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby

LU-3.2: Consider the creation of corridor plans for all major corridors within the Sector, such as, but not limited to, Culebra, Potranco, Talley, Highway 90, and Highway 211.

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (5-1) recommend Denial, with Alternate Recommendation for “Suburban Tier.”

Sector Plan Criteria for review:

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

The amendment will adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses.
- Significantly alter recreational amenities such as open space, parks, and trails.

The proposed land use amendment from “Rural Estate Tier” to “Regional Center” is requested in order to rezone the property to “C-3” General Commercial District. The future land use for the property is “Rural Estate Tier”, which is not compatible with the new and emerging commercial uses along the Culebra corridor. The proposed Plan Amendment to “Regional Center” is too intense and is not compatible with the existing “R-6” base zoning uses to the rear of the property.

The “Regional Center” future land use classification is generally suitable for “Big Box” retailers and is located on large “Regional Center” corners as noted on the adjacent block to the west of the subject property. The proposed “Regional Center” is not suitable for this property which is located within or toward the middle of a block. Staff’s alternate recommendation for “Suburban Tier” is a more compatible land use for area and the abutting residential zoning.

ALTERNATIVES:

1. Recommend approval of the proposed amendment to the West/Southwest Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
