Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is not located within any of the adopted Neighborhood or Sector Plan. The requested “C-2” base zoning district is consistent with the surrounding commercial development pattern fronting a major thoroughfare.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The existing “R-5” base zoning district is not appropriate for the subject property fronting a major thoroughfare.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property measures 1.032 acres in size, which is sufficient to accommodate the development and required parking.

7. Other Factors:

None.
