**ISSUE:**

**Comprehensive Plan**

**Comprehensive Plan Component:** North Sector Plan

**Plan Adoption Date:** August 5, 2010

**Update History:** None

**Plan Goals:**

HOU-1.2: Encourage compatible growth patterns and transitions of higher density residential along principal arterials and transit corridors that fit in with the existing residential character of the North Sector.

ED-2.1: Promote development activity inside Loop 1604 that is adjacent and proximate to existing medical and research employers in the western portion of North Sector for expansion as per the Sector Land Use Plan.

LU-1.3: Promote a variety of housing types, including apartments, lofts, condominiums, townhouses and single family attached and detached housing between Loop 1604 and Loop 410.

**Comprehensive Land Use Categories**

**Land Use Category:** “Mixed Use Center”

**Description of Land Use Category:** Mixed Use Centers serve Suburban, General Urban, and Rural Tiers outside of the Urban Core Tier. Although mixed use developments are encouraged, Community Commercial and Office uses are also appropriate. The higher intensity of the residential and commercial uses should be located on, or at the intersection of, arterials and collectors. Streets should accommodate high volumes of commercial traffic for cars while accommodating safe and inviting access for pedestrians and bicycles within and around the center. High capacity transit should be encouraged.

**Permitted Zoning Districts:** MF-40, MF-50, O-1, O-1.5, O-2, C-1, C-2, C-2P, UD, FBZD, TOD, MXD,

MPCD

**Land Use Category:** “General Urban Tier”

**Description of Land Use Category:** Community commercial uses in the General Urban Tier, which serve medium and high density residential uses, should be located at the intersections of arterials and/or collectors. Serving both a local and wider community, these commercial areas should be accessible by walking from nearby residents, biking within the vicinity, and cars from a broader range. Parking for both cars and bikes should be located as to not interfere with pedestrian circulation.

**Permitted Zoning Districts:** R-4, R-3, RM-6, RM-5, RM-4, MF-18, MF-25, MF-33, O-1.5, C-1, C-2, C-2P, UD

**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff recommends Approval.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Army Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

The applicant is requesting the Plan Amendment in conjunction with a rezoning request to “MF-18” Limited Density Multi-Family District in order to construct detached single-family dwellings. The proposed development would be located off of Babcock Road and would provide approximately 134 single-family homes in the Medical Center Regional Center. The subject property is currently vacant but is platted to consist of individual parcels. The proposed use is consistent with Housing Goal 1.2 to encourage compatible growth patterns and transitions of higher density residential along principal arterials and transit corridors.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
