**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff and Planning Commission (7-0) recommend Approval.

The proposed land use amendment from “Country Tier” to “Specialized Center” is requested in order to rezone the property to “I-2 AHOD” General Industrial Airport Hazardous Overlay District and “I-2” General Industrial District. This is consistent with the Heritage South Sector Plan’s objective to support workforce development programs for targeted industries. The future land use classification for the property is “Country Tier”, which is compatible with the existing uses surrounding Mitchell Lake. The proposed Plan Amendment to “Specialized

Center” is a compatible land use designation due to its location near an arterial and railroad.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the Heritage South Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan.

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses.
- Significantly alter recreational amenities such as open space, parks, and trails.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
