Property Details

Property History: The property is currently zoned “R-6” Residential Single-Family District. The subject property was annexed in September 6, 1945 (Ordinance # 2590). The property was zoned to “C” Zone under the 1938 Zoning District Ordinance. Upon the adoption of the 2001 Unified Development Code, the previous based zoning district converted to “MF-33” Multi-Family District. On August 14, 2003 the property was rezoned from “MF-33” Multi-Family District to “R-6” Residential Single-Family (Ordinance # 98010).

Topography: The property does not include any abnormal physical features such as slope but a small portion of the property is in the 100 year flood plain.

Adjacent Base Zoning and Land Uses

Direction: North, East

Current Base Zoning: R-6

Current Land Uses: Vacant lots, abandoned board-up homes, public school

Direction: West, South

Current Base Zoning: R-6

Current Land Uses: Public school, office building, vacant lots, abandoned board-up homes

Overlay and Special District Information: All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The “AHOD does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial, with an Alternate recommendation.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West / Southwest Sector and is designated as General Urban Tier. Although the requested “MF-18” base zoning district is consistent with the adopted land use designation, it is not the most compatible zoning district that can be utilized within this mostly “R-6” Single-Family Residential zoned area.

The applicant has requested “MF-18” in order to develop duplex properties without having to subdivide. Thus, in an effort to preserve the residential nature of this area, yet support development and housing reinvestment, Staff recommends “RM-6” Residential Mixed District, which will allow development of the proposed property yet maintain a limit on the allowable density. “RM-6” Mixed Residential District allows two (2) units per developable lot.

2. Adverse Impacts on Neighboring Lands:

Staff has found that there are potential adverse impacts on surrounding properties if the property is rezoned to “MF-18” Limited Density Multi-Family due to increased traffic and limited access to Flagle Street.

3. Suitability as Presently Zoned:

The existing “R-6” Single-Family Residential is consistent with the area. Although the proposed “MF-18” zoning district is consistent with the General Urban Tier land use designation, it is not necessarily compatible with the existing and surrounding land uses which is mostly single-family residential in character.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 3.5 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

None.
