BACKGROUND INFORMATION:

The City of San Antonio utilizes annual contracts for procuring high volume repetitive purchases. ISSUE:

These contracts represent a portion of approximately 250 annual contracts that will be brought before City Council throughout the fiscal year. These products and services are used by city departments in their daily operations.

A. The Small Business Economic Development Advocacy (SBEDA) Ordinance requirements were waived due to the lack of small, minority, and/or women businesses available to provide these goods and services.

Items 1, 2 and 5 are awarded to the low responsive bidder which is a non-profit and not eligible for local preference.

In accordance with the Local Preference Program, no local preference was applied to Items 4 and 6 since the local bidder is not within 3% of the recommended lowest non-local bidder.

In accordance with the Local Preference Program, no local preference was applied to Items 3 and 7 since there were no bids submitted from local bidders.

The Veteran-Owned Small Business Preference Program does not apply to non-professional service contracts, so no preference was applied to this contract.

B. The Small Business Economic Development Advocacy (SBEDA) Ordinance requirements were waived due to the lack of small, minority, and/or women businesses available to provide these goods and services.

The recommended awards are to the lowest responsive bidders, who are also local businesses. Therefore, application of the Local Preference Program was not required.

The Veteran-Owned Small Business Preference Program does not apply to non-professional services contracts, so no preference was applied to this contract.

C. The Small Business Economic Development Advocacy (SBEDA) Ordinance requirements were waived due to the lack of small, minority, and/or women businesses available to provide these goods and services.

There were no bids submitted from local bidders for this contract; therefore Local Preference Program was not applied.

The Veteran-Owned Small Business Preference Program does not apply to goods/supplies contracts, so no preference was applied to this contract.

D. Amendment to Annual Contract for Print Management Solution for San Antonio Public Library -

This amendment is an exception to the SBEDA and Local Preference Programs.

The Veteran-Owned Small Business Preference Program does not apply to non-professional service contracts, so no preference was applied to this contract.

ALTERNATIVES:

A. Bottled Water Services - Should this contract not be approved, the Departments, Citywide will be required to process individual procurements to provide bottled drinking water services. Individual purchases will increase both the cost of product and administrative expenses to the City.

B. Official and Other Newspaper Advertising - Should this contract not be approved, various City departments would be required to procure advertisement services on an as needed basis wherein increased costs due to non-contract buying could be realized. As a result, this would delay publication of legal notices and items of general interest to the citizens of San Antonio.

C. Traffic Signal Steel Poles - Should this contract not be approved, the Public Works Department will be required to procure materials on an as needed basis. Due to the nature of this product, long delivery lead times are anticipated therefore non-contract buying could impact the timely completion of traffic signalization projects.

D. Amendment to Annual Contract for Print Management Solution for San Antonio Public Library - Should this amendment not be approved, the Library will have to consider an alternative method of providing public photocopying services. Any alternative method may result in a lapse of service for an unspecified time. Patrons would also not gain access to highly sought office services like scanning, faxing, and color copying/printing.

FISCAL IMPACT:

Funds are not encumbered by this ordinance. All expenditures will be in accordance with the Department's adopted budget approved by City Council. Purchases made by the Department are as needed and dependent upon available funds within their adopted budget.

RECOMMENDATION:

Staff recommends the acceptance of these contracts submitted through this ordinance to provide the City with specified services on an annual contract basis. These annual contracts are critical to the City's daily operations.

These contracts were procured on the basis of low bid and amendment, and Contract Disclosure Forms are not required.
