BACKGROUND INFORMATION:

On March 8, 2017 at the "B" Session presentation pertaining to the City's First Quarter financial report; Councilman Rey Saldaña requested alternatives to provide education and legal representation to San Antonio immigrant families.

At the May 10th “B” Session, the City Council was presented with the 2nd Quarter Financial Report and recommendations for the FY 2017 Mid-Year Budget Adjustment. Included in this presentation was the proposed allocation of \$150,000 from the general fund budget to provide legal services to low-income residents. These legal services will include education seminars, counseling and legal representation on a variety of issues including veteran issues, landlord-tenant, identification recovery for homeless, immigration, and simple wills. City Council was also briefed on the option of entering into a partnership with St. Mary’s University to provide these legal services or issue a request for proposal (RFP). Based on direction from the City Council, a request for proposal was released on May 26th and closed on June 30th to provide entities such as Catholic Charities, RAICES, American Gateway, St. Mary’s University, Texas Rio Grande Legal Aid, and others the opportunity to submit proposals to provide the legal services approved by City Council.

At the May 10th “B” Session, the City Council provided direction for the submission of a letter of interest to the Vera Institute of Justice for a one-time grant match opportunity to provide legal services to immigrants. Subsequently on June 15th, the City Council authorized the submission of a grant application to the Vera Institute of Justice and acceptance of the grant upon award. The City has been notified of a grant award of \$100,000.

Three entities responded to the City’s May 26 Request for Proposal for Legal Services and all responses were deemed eligible for review. The American Gateways/Texas Rio Grande Legal Aid, Inc., Refugee & Immigrant Center for Education & Legal Services (RAICES) and Catholic Charities submitted proposals. All three respondents are being recommended based on their responses and city’s evaluation of proposals.

The evaluation of each proposal response was based on a total of 100 points. Experience, background, and qualifications allotted for 40 points, the proposed plan allotted for 50 points, and the funding budget allotted for 10 points. Local Preference Program (LPP) and Veteran-Owned Small Business Preference Program (VOSBP) were not applicable for this solicitation.

The evaluation committee met on July 27, 2017 to evaluate the three proposals received. Individual technical scores were submitted and presented after committee review and discussion.
