Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Kelly/South San Pueblo Plan and is currently designated as neighborhood commercial in the future land use component of the plan. The requested "C-1" Commercial District is consistent with the adopted land use designation. The plan encourages small intense commercial developments along arterials thoroughfares and near major intersections.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. Precedent of small scale retail does exist along the west side of S. Zarzamora between Linden Avenue and Vickers Avenue.

3. Suitability as Presently Zoned:

The existing "MF-33" is appropriate for the subject property; however, the subject property size may present a challenge for a multi unit development and parking requirements.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property measures 0.0321 acres in size, depending on the gross square footage of the proposed structure, it could accommodate commercial development and required parking.

7. Other Factors:

None.
