

# City of San Antonio

## Legislation Details (With Text)

**File #:** 18-6299

**Type:** Staff Briefing - Without Ordinance

**In control:** Southern Edwards Plateau Habitat Conservation Plan Coordinating Committee

**On agenda:** 11/13/2018

**Title:** Discussion and possible action on an SEP-HCP application for the SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRVs 2-3 project (SEP 18-007), generally located in San Antonio City Council Districts 1 and 9, in the vicinity of West Avenue and W. Bitters Road, as well as along the Jones Maltsberger corridor from just north of Northern Boulevard southward to just south of Sunset Avenue, in northern Bexar County.

**DEPARTMENT:** Development Services

**SUBJECT:** SEP-HCP Application 18-007 -SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3

**LOCATION:** This project is located within central and northern San Antonio; within the city limits. The SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3 project comprises several properties in the vicinity of West Avenue and W. Bitters Road, as well as along the Jones Maltsberger corridor from just north of Northern Boulevard southward to just south of Sunset Avenue in San Antonio, Bexar County, Texas.

**BACKGROUND INFORMATION:**

Council District: 1 and 9

Owner: San Antonio Water System

Consultant: SWCA

Acreage: 15.1455 acres

The project includes construction of improvements at several locations. The Bitters Pump Station will receive a new water storage tank, new 30 million gallon per day pump station, new yard piping and control valves, all to occur on SAWS owned property. The Maltsberger Pump Station will receive a full electrical and water storage tank rehabilitation along with new yard piping and control valve, all to occur on SAWS owned property as well. Two new pressure reducing valves (PRVs) will be constructed on yet to be obtained utility easements. Additionally, a new water distribution pipeline, Segment 5-3, is to be constructed. Much of the pipeline will be installed by trenching within previously developed and/or paved areas. The total project area is 15.1455 acres.

The Applicant has requested to participate in the SEP-HCP to mitigate impacts to the SEP-HCP Covered Species from construction activities. The draft mitigation determination detailing the project is attached and a summary of the mitigation needs is included below.

No acres of golden-cheeked warbler (GCW) habitat occur within the project area or within 300 feet of the proposed project route. The SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3 will require a total of 0 GCW conservation credits (direct impacts at 2 credits:1 acre mitigation ratio = 0 conservation credits and indirect impacts at 0.5 credits:1 acre mitigation ration = 0 conservation credits).

The SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3 does not have any black-capped vireo (BCV) habitat and will not require any BCV conservation credits.

The SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3 Project is located over Karst Zone 3 and Karst Zone 5 and totals 15.1455 acres (7.6 acres within Karst Zone 3 and the remaining acreage within Karst Zone 5). The project is not located within any Critical Habitat Units nor is it within 750-ft of any occupied features.

Participation in the SEP-HCP for this application will require the following:

- Karst Zone 3 participation fee of \$7,600.00
- Plan Administration Fee of \$760.00

**RECOMMENDATION:**

Staff recommends approval of application SEP-18-007 SAWS CWIP-Bitters, Maltsberger, Pipeline Segment 5-3 and PRV's 2-3 project and issuance of the mitigation determination to the Applicant.
