SUMMARY:

BACKGROUND INFORMATION:

Task Order Contracts are utilized for small construction projects to allow for the timely execution of work. They are advertised with an estimated quantity of work and unit prices are established by the bidding contractor for the duration of the contract. Bid item quantities may vary from the estimated bid amount, as long as the

contract does not exceed the awarded amount. The City makes no minimum guarantee pertaining to the volume of work.

This Task Order contract will be utilized to construct, repair and maintain storm water related projects throughout the City.

Procurement of Services

This contract was advertised for construction bids in June 2019 in the San Antonio Hart Beat, on the City's website, on the Texas Electronic State Business Daily, on TVSA, through the electronic bidding site CIVCAST and through the TCI Small Business Economic Development Advocacy (SBEDA) Office. Bids for this project were opened on July 9, 2019 and three bidders responded. Of these, Pronto Sandblasting & Coating & Oil-Field Services Co., Inc. submitted the lowest responsive bid.

This contract will be awarded in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract in an effort to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 18% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 1% African American Business Enterprise (AABE) Subcontracting Goal. Pronto Sandblasting & Coating & Oil-Field Services Co., Inc. has committed to these goals set by the Small Business Economic Development Advocacy (SBEDA) Program.

This task order construction contract was developed utilizing the low bid process; therefore, a Discretionary Contracts Disclosure Form is not required.
