**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of "C-2". These districts permit general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. "C-2" districts accommodate commercial and retail uses that are more intensive in character than "NC" and "C-1" uses, and which generate a greater volume of vehicular traffic and/or truck traffic.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is within the Medical Center Regional Center and located within the Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (9-0) recommend Approval, with Conditions.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the North Sector Plan and is currently designated as "Mixed Use Center in the future land use component of the plan. The requested base zoning district of "C-2" is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The Conditional Use allows consideration of Live Entertainment with additional conditions if needed.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request is not within a neighborhood or community plan.

**6. Size of Tract:**

The subject property is 0.5779 acres, which could reasonably accommodate live entertainment uses.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

If approved the Zoning Commission recommends the following conditions:

- 1) Hours of operation from 5:00p.m. -2:00a.m. Thursday through Saturday and 5:00p.m. to 12:00a.m. Sunday through Wednesday.
- 2) No outdoor amplification.
