**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval. Zoning Commission recommends Denial, due to lack of a motion.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Oakland Estates Neighborhood Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request as adjacent properties carry similar zoning.

**3. Suitability as Presently Zoned:**

The current "C-2" Commercial District is an appropriate base zoning for the property. The majority of the surrounding properties are zoned “C-2” and “C-3NA” and the subject property is along Huebner Road, a primary arterial road.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The requested zoning change is requested in order to construct a Carwash, which should not have an adverse impact on the public health, safety, or welfare of the citizens of San Antonio.

**5. Public Policy:**

The request to change the zoning “C-2 S” in order to build a Carwash is consistent with the Oakland Estates Neighborhood Plan. The subject property is located along Huebner Road which is a highly traversed primary arterial road. The Oakland Estates Neighborhood Plan specifies that Community Commercial uses should draw their customer base from the larger community and are developed as nodes on arterials at major intersections, or in established commercial areas along arterials. As outlined in the Oakland Estates Neighborhood Plan, the proposed development will not encroach on the nearby single-family residential character due to no direct ingress or egress to residential streets.

**6. Size of Tract:**

The subject property measures 1.54 acres which will reasonably accommodate a Carwash.

**7. Other Factors:**

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.

If City Council moves to approve the this request, the following Conditions are recommended:

- 1) A solid screen eight (8) foot fence to the rear of the property.
- 2) Downward lighting.
- 3) A monument sign no taller than 20 feet in height.
- 4) No outside amplification system.
- 5) A 30-foot Type D landscape buffer.
