**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff recommends Approval.

The proposed land use amendment from “Specialized Center” and “Agribusiness/RIMSE Tier” to “General Urban Tier” and “Regional Center” is requested in order to rezone the property to “MF-33” Multi-Family District, “C-3” General Commercial District, and “R-4” Residential Single-Family District. This is consistent with the Heritage South Sector Plan’s goal to offer an array of housing choices throughout the area with an appropriate mix of densities and housing types. The proposed land uses also provides strategic commercial activities at the corner of Fischer Road and I-35, along with appropriate transitions of density from multi-family to single-family residential.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis.
- Significantly alter recreational amenities such as open space, parks, and trails.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
