SUBJECT: Consideration of Completed High Profile Solicitation

DATE: June 16, 2020

The following high profile project has completed the solicitation process. This item is presented to the Audit and Accountability Committee for review prior to the full City Council for consideration.

On-Call Professional Services for Traffic Engineering (Public Works) - Department issued a Request for Qualifications for On-Call Traffic Engineering Consulting Services for firms to provide on-call or as needed professional traffic engineering consulting services. Due to the high volume of requests for traffic-related studies, investigations, as well as the limited in-house resources in this area, these agreements will continue to allow the City to utilize the services of consultants immediately at the City’s discretion. The professional services provided under these agreements may include, but are not limited to, transportation systems planning, roadway design, traffic engineering studies, traffic operations design, and bicycle and pedestrian facilities.

Due diligence conducted for the respondents to the above solicitation included a search of federal and state department lists, prohibited political contributions, conflicts of interest, delinquent City/County taxes, outstanding payments to the City, payment of state franchise fees as well as a search of the internet for pertinent business information. No material findings were noted that would prevent the City from awarding to the

selected vendors.

Staff recommends committee approval to proceed with scheduling this item for full City Council consideration.
