**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the San Antonio International Airport Vicinity Land Use Plan, and is currently designated as Community Commercial in the future land use component of the plan. The requested "C-2" Commercial base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "C-3" base zoning is not appropriate for the subject property's location. The two properties to the west are zoned "C-2".

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with the land use goals and strategies of the San Antonio International Airport Vicinity Land Use Plan that encourages compatible commercial uses along corridors that serve the neighborhoods and more intense commercial uses at major intersection nodes.

**6. Size of Tract:**

The subject property totals 0.968 acres in size, which should reasonably accommodate the uses permitted in "C-

2” Commercial District.

**7. Other Factors:**

The applicant proposes development of a sixteen (16) bed assisted living facility on the subject property. The adjacent property owned to the west is zoned “C-2” Commercial District. The request to rezone the subject property will make the land uses more compatible with one another.
