**Comprehensive Plan**

**Comprehensive Plan Component:** Kelly/South San PUEBLO Community Plan

**Plan Adoption Date:** February 2007

**Update History:** February 18, 2010

**Plan Goals:** Land Use Changes: Transitioned Industrial uses to Business Park in order to consolidate large scale business park uses and limit the incompatibility of future uses.

**Comprehensive Land Use Categories**

**Land Use Category:** "Neighborhood Commercial"

**Description of Land Use Category:** This category provides for smaller intensity commercial uses such as small scale retail or offices, professional services, convenience retail, and shop front retail that serves a market equivalent to a neighborhood.

Neighborhood commercial uses should be located at intersection of collector streets and higher order streets within walking distance of neighborhood residential areas, or along arterials where an existing commercial area is already established.

Examples of neighborhood commercial uses include flower shops, small restaurants, lawyer's offices, coffee shops, hairstylist or barbers shops, book stores, copy service, dry cleaning, or convenience stores without gasoline.

Reuse containers should be found behind the principal structure, and should be screened from adjacent residential uses. Appropriate buffering such as a buffer yard and/or landscaping should form a screen between this category and residential uses. Whenever possible, parking should be located in the back of the structure, monument signage is encouraged, and lighting should be directed onto the site, away from adjoining properties.

**Permitted Zoning Districts:** NC C-1 O-1

**Land Use Category:** “Business/Office Park”

**Description of Land Use Category:** This category includes medium to large sized buildings in a low rise format that house professional, administrative, light manufacturing and warehousing functions for private corporations. Development in this category should take the form of a cohesive, campus like environment where buildings are interspersed with open space areas and pedestrian walkways. Uses in this category should be separated from residential areas with landscaping buffers and should feature monument signage and lighting that is oriented away from adjacent sites.

**Permitted Zoning Districts:** O-1.5, O-2, C-3, BP, L

**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff recommends Approval.

The applicant is requesting a Plan Amendment in order to construct an automotive and truck repair shop. The request is for "Business/Office Park" land use designation which permits the requested zoning "L" Light Industrial District. The request is consistent with the land use designation across Frio City Road to the south. The Kelly/South San PUEBLO Community Plan summarizes key land use concepts and changes that the community wishes to follow. The Plan addresses business park changes and aims to transition industrial uses to "Business Park" in order to consolidate large-scale business park uses and limit the incompatibility of future uses. The proposed use is consistent with the established development and would allow a downzoning to "I-1" Light Industrial District.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Kelly/South San PUEBLO Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
