**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is not located within a Sector or Community Plan. A finding of consistency is not required.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "R-6" base zoning districts are appropriate for the subject property's location. The requested zoning district of "MHP" is also appropriate for the subject property's location

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property totals 4.189 acres in size, which should reasonably accommodate the uses permitted in "MHP" Manufactured Housing Park District.

**7. Other Factors:**

The applicant proposes manufactured homes on the subject property. The subject's location on the corner of Woodlake Parkway and Gibbs Sprawl Road surrounded by an existing manufactured homes community and single-family housing make the requested zoning change appropriate. The request to rezone the subject property is a compatible land use for the area.
